PRESY. COLLEGE, CALCUTTA, *the 15th May 1905.*

BIHAR SCHOOL OF ENGINEERING.

Prospectus for Admission

THIS School is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Royal Highness the Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The School was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60, of whom only 15 can be other than Biharis by race (*viz.*, natives of the United Provinces, Central Provinces or Bengalis), but should the number of suitable applicants who are Biharis by race be insufficient to fill up the 45 vacancies, then the vacancies thus occurring can be given to those applicants who are natives of the United Provinces, Central Provinces, or Bengalis domiciled in Bihar or non-domiciled Bengalis.

As far as accommodation is available, students who have passed the final *B* class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference, again, being given to Biharis and domiciled Bengalis.

3. The School, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

(1) A sound study of Elementary Mathematics.
(2) Careful training in Survey work.
(3) Drawing, both Free-hand and Engineering.
(4) Elements of road-making and the construction of simple buildings.
(5) Workshop practice, with hand tools and with machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this School, who must be a Bihari by race.

4. The next session will commence on 3rd July 1905.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Shibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable for one year, are awarded each year on the results of the annual examinations, *eight* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the School, 75 per cent. of them are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

(1) The Entrance examination of an Indian University in English and Mathematics.
(2) Standard VII of the Code of European Schools.
(3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and Mathematics (of about the same standard as the Entrance examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 5th and 6th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

(*a*) Name, address, and occupation of father or guardian.
(*b*) Race and religion, and *evidence to show that he is either a Bihari or a native of the United Provinces or Central Provinces or a domiciled Bengali or a non-domiciled Bengali.*
(*c*) A certificate of good moral character
(*d*) An attested certificate of age (showing that he is under 20 years of age).
(*e*) A medical certificate showing him to be fit for employment in the public service
(*f*) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal

8 There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin student is taught Elementary Surveying with a corresponding amount of Mathematics and of Geometrical Drawing. He will not be admitted to the Workshop. A student in the first-year class of the Overseer Department who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of Elementary Surveying and the other subjects taught in the Amin class may, at his option, leave the School with an Amin certificate.

Candidates for Amin class who have not passed the Middle English or Middle Vernacular examination will be examined at the School on the 7th July; candidates failing at this examination will not be admitted.

9 Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 3rd July 1905, unless application for admission is made before 30th June 1905.

10. Every candidate for admission to the School must bring a certificate of good character from the Head of the institution from which he has come

11. All candidates for admission to the School should present themselves personally at the School on the 3rd July.

BANKIPORE, } H R. JAMES,

The 14th February 1905. } *Offg Principal, Patna College.*

NOTE.—There is a hostel in connection with the School which will be opened in July 1905.

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 3rd and 4th July 1905, at 10-30 A.M., both days :—

SUBJECTS.	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Dictation (spelling, punctuation, etc.)	100	50
Arithmetic (the whole)	240	160
Mensuration (a) the whole	60	30
Book-keeping (b) mercantile	100	50
Total	600	

Minimum required in all papers collectively, 400.

(a) Todhunter's Mensuration for Beginners.
(b) "Book keeping," by Ball and Hamilton
"Book keeping," by double and single entry, by W Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed ; but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it ; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned :—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior, under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's handwriting.

NOTE —A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examination body in reference to admission to the fourth grade of Accountants, Public Works Department.

9. Candidates for the fourth grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of Rs. 10.

SIBPUR,
The 5th May 1905.

A. MACDONELL,
Offg. Principal, Civil Engineering College.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, to the undermentioned estate, situate in the district of Hooghly, will be sold by public auction subject to the conditions specified below, at the Hooghly Collectorate on 5th June 1905, corresponding to 22nd Jaishtha 1312 B.S.

Conditions of Sale.

1st.—The estate is to be sold to the highest bidder above the upset price, viz., Rs. 49-2. The purchaser of this estate will be registered as the proprietor of the estate, and the entire proprietary right of Government will be transferred to him subject to the payment of a revenue fixed in perpetuity of Rs. 24-9, as per schedule given below.

2nd.—The sale is to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers are to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount is to be paid down at once.

4th.—If the amount of purchase-money exceeds Rs 100, one-fourth of the amount of bid is to be immediately deposited. If the balance be not paid by the noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by the noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate is to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad

NOTICES TO MARINERS.

THE following Notices are published for general information.

W. A. INGLIS,
Secretary, Marine Department.

CALCUTTA, *the 20th May 1905.*

KOREA, WEST COAST—PING YANG INLET.

Chogon dogu—Extension of shoal.

No. 162 (first publication).—The British Admiralty has given notice (No. 325 of 1905) that the Master of the S.S. *Tatsu Maru* reports that the 2-fathom shoal to the south-westward of Chogon dogu, above Chel tau anchorage, Ping yang inlet, and shown on the Chart at a distance of $1\frac{4}{10}$ miles N. 27° E. from Gai gan misaki, has extended in a S. 22° E. direction for about 4 cables, the depths over the extension being from $1\frac{1}{4}$ to 2 fathoms.

Approximate position on Chart 1656, lat. 38° 40′ N., long 125° 36′ E.

(Variation 4° Westerly in 1905.)

This Notice affects the following Admiralty Charts:—Approaches to Ping Yang inlet, No. 1257; Ping Yang inlet, No. 1656: Also, Sailing Directions for Korea, &c., 1904, page 43.

PACIFIC OCEAN—THE PHILIPPINE ISLANDS—LEITE, SAMAR LUZON.

Janabatas channel—Higunum island and Port Sisiran—Rocks reported.

No. 163 (first publication).—The British Admiralty has given notice (No: 327 of 1905) that the undermentioned rocks are reported to exist in the following positions in the vicinity of the Philippine islands:—

1. Leite island, north coast, Janabatas channel. A rock, with a depth of 6 feet over it, is reported in a position from which the eastern extremity of Navahay island bears S. 29° W., distant 5 cables, and the northern extremity of the same island S. 89 W.

   Approximate position, lat. 11° 26¼′ N., long. 124° 54¾′ E.

2. Samar island, east coast. A sand cay, with submerged reefs and heavy breakers, extending for a considerable distance from its north-west and south-east sides, is reported to be situated about 5 miles S. 65° E. from Higunum island.

   Approximate position, lat. 12° 21′ N., long. 125° 31′ E.

The coast in this locality is said to be inaccurately shown on the Charts.

3. Luzon, east coast. A rock, on which the sea breaks heavily, is reported in mid-channel between Laja island and Tinajuagan point at the entrance to port Sisiran.

Approximate position, lat. 14° 0′ N., long. 123° 41′ E.

(Variation Nil in 1905.)

This Notice affects the following Admiralty Charts:—The Philippine islands, No. 943; St. Bernardino and Mindoro straits, No. 2577; San Pedro bay to Libukan islands, No. 2987: Also, Eastern Archipelago, part I, 1902, pages 361, 385, 377.

NEW ZEALAND—South island, east coast.

Weld's anchorage—Beacons removed.

No. 164 (first publication).—The British Admiralty has given notice (No. 332 of 1905) that the two beacons leading to Weld's anchorage, and situated on the southern side of Flaxbourne river, have been removed and will not be re-erected; they have consequently been expunged from the Chart.

Approximate position, lat. 41° 50′ S., long. 174° 12′ E.

This Notice affects the following Admiralty Chart:—Plan of Flaxbourne on Chart No. 2178: Also, New Zealand Pilot, 1901, page 267.

Strait of Durian—Wreck in southern approach.

No. 165 (first publication).—The British Admiralty has given notice (No. 337 of 1905) of the existence of a wreck, with two masts above water, in the southern approach to the Strait of Durian, situated at a distance of 2$\frac{1}{10}$ miles S. 77° W. from the north point of South Brother island.

Approximate position, lat. 0° 32¾′ N., long. 103° 43½′ E.

(Variation 1° Easterly in 1905.)

This Notice affects the following Admiralty Chart:—Banka strait to Singapore, No. 2757; strait of Durian, No. 2402: Also, China Sea Directory, vol. I, 1896, page 556; and Supplement, 1899, page 41.

EASTERN ARCHIPELAGO.—Borneo, South coast.

Cape Selatan—Intended light.

No. 166 (first publication).—The British Admiralty has given notice (No. 340 of 1905) that it is intended to establish on cape Selatan, at an elevation of 107 feet above high water, a *white group flashing* light of the 5th order showing groups of two short flashes *every ten seconds*, and visible in clear weather from a distance of 16 miles from the bearing of S. 76° E., through east and north, to N. 88° W.; it will be shown from an iron framework support, 108 feet high, painted white. The dwelling will be white with a red roof.

Approximate position, lat. 4° 10½′ S., long. 114° 39′ E.

This light will probably be completed in November, but further notice will be given when it has been established.

(Variation 2° Easterly in 1905.)

This Notice affects the following Admiralty Chart:—Eastern archipelago, No. 941b: Also, List of Lights, part VI, 1905, page 95; and Eastern Archipelago, vol. II, 1904, page 266.

EASTERN ARCHIPELAGO—Celebes, Salagar Strait.

Pamatata light—Intended alteration in.

No. 167 (first publication).—The British Admiralty has given notice (No. 341 of 1905) that it is intended to alter Pamatata light from white fixed to *white group flashing* showing two short flashes *every ten seconds*.

Approximate position on Chart No. 941*b*, lat. 5° 43½′ S., long. 120° 29′ E.

Further notice will be given when this alteration has been made.

This Notice affects the following Admiralty Charts:—Eastern Archipelago, No. 941b: Also, List of Lights, part VI, 1905, No. 542; and Eastern Archipelago, part II, 1904 page 348.

CHINA SEA—SINGAPORE.

Fort Canning and Mount Faber—Instructions with regard to Time Balls.

No. 168 (*first publication*).—With reference to Notice to Mariners No. 152, dated 8th August 1896, issued by this Office, the Master Attendant, Straits Settlements, has given notice,* dated 28th April 1905, that the Time Balls on Fort Canning and Mount Faber are dropped daily at 1 P.M., mean-time of the 105th Meridian: being hoisted five minutes previously. The observatory at Mount Faber from which the Balls are dropped automatically by electricity is in latitude 1° 16′ 08″.33N. and longitude 103° 49′ 23″.86 E. When the Time Balls drop at 1 P.M., the corresponding Greenwich mean-time is 6 hours A.M. Should either of the Time Balls fail to drop correctly, through any cause, the ball in fault will be kept up about five minutes, and then lowered by hand; but it will be again hoisted about five minutes before 2 o'clock. When the Time Ball fails to act, or is under repair, the flag W will be hoisted.

An electric time-bell for the use of Shipping has been fitted in the Wharf Superintendent's Office, Tanjong Pagar. This time-signal is in connection with the Observatory Standard Clock and rings automatically at every hour of Greenwich mean-time. Chronometer comparisons may be obtained by applying at the said office.

**N.B.*—This Notice replaces Notice of 1st June 1896.

BAY OF BENGAL.

Caution—Passing a black flat-topped buoy.

No. 169 (*first publication*).—The Master of the S.S. *Surada* reports that when in latitude 10° 50′ N. and longitude 83° 32′ E. he [illegible] black flat-topped buoy with an eye-bolt or ring on the top. Mariners are hereby warned.

RED SEA.

Caution—Position of water-logged wreck of native dhow.

No. 170 (*first publication*).—The Master of the S.S. *Gaekwar* reports that on 29th April 1905, he passed water-logged wreck of a native dhow, about 80 feet long, 6 feet out of water aft, and 3 feet forward; right in track of vessels in Red Sea; lat. 27° 02′ N., long. 34° 25′ E., Shadwan light-house bearing N. 38° W. true, 32 miles distance.

Mariners are accordingly warned.

CEYLON, EAST COAST—TRINCOMALI HARBOUR.

Minden and Grommet Rocks—Buoys marking, at the entrance, withdrawn.

No. 154 (*second publication*).—The Bombay Government has given Notice (No 37 of 1905) that the two buoys marking Minden and Grommet Rocks at the entrance of Trincomali Harbour have been withdrawn and will not be replaced.

This Notice affects the following Admiralty Charts:—Trincomali Harbour, No. 816, Trincomali Harbour and Bays No. 815: Also, Bay of Bengal Pilot, 1901, page 113."

ARABIA, NORTH-EAST COAST—PERSIAN GULF.

Bushire—Regarding certain buoys and beacons in the inner anchorage.

No. 155 (*second publication*).—With reference to Notice to Mariners No 428, dated 16th December 1904, issued by this office, the Bombay Government has given further notice (No. 38 of 1905) that the black spar buoy therein mentioned from which single tree bore N. 64° 20′ E. and the red spar buoy from which single tree bore N. 73° E. have both disappeared.

All the remainder of the spar buoys except that from which the single tree bears N. 76° 28′ E. have lost their tops, and are now only plain spars very difficult to pick up.

The red iron pile beacon is leaning considerably to one-side, and is liable to be washed away, as also are all the spar buoys.

This Notice affects the following Admiralty Chart:—Abu Shahr or Bushire No. 27, and Sailing Directions, Persian Gulf Pilot, Fourth edition, 1898, page 270.

ARABIA, NORTH COAST—Persian Gulf.

Shatt-al-Arab—Alterations and corrections in the position of buoys at the entrance.

No. 156 (second publication).—In continuation of Notice to Mariners No. 124, dated 20th April 1905, the Bombay Government has given notice (No. 39 of 1905) that the three inner buoys at the entrance to the Shatt-al-Arab river have been moved from the positions in which they were found by R. I. M. S. 'Investigator' as follows:—

No. 1 Buoy	N. 65° E. 5¾	cables to Western edge of deep water channel.
No. 2 „	N. 71° E. 7¼	„ „ „ „ „ „ „ „
Bar Buoy	N. 85° E. 11¼	„ „ „ „ „ „ „ „

The positions of all the buoys shown on Admiralty Chart No. 1235 'Mouths of the Euphrates' were found to be incorrect, they now lie in the following positions and depths of water at low water spring tides:—

Outer buoy ...	in 16	feet bearing	S. 52° E.	dist. 15·2	miles from Fao Light.
R. W. V. S. buoy known locally as Lawrence buoy ...	in 11	„ „	S. 53° E.	11·5	„ „
No. 1 buoy ...	in 10	„ „	S. 60° E.	9·35	„ „ „
No. 2 „ ...	in 9		S. 65° E.	7·7	„ „
Bar „ ..	in 10		S. 68° E	6·3	„ „ „

There is a depth of 10 feet immediately outside No. 2 buoy. In addition to the above there are three small red spar buoys which mark the eastern side of the channel, but they are very difficult to pick up, they lie in the following positions:—

Outer spar buoy	A in 10	feet S. 81° E.	dist. 8	cables from new position of No. 2 buoy.	
Middle „	B in 11	„ N. 8° E.	„ 5	„ „	
Inner „	C in 11	„ N. 26° W.	7½	„ „	of Bar buoy.

Directions for entering the Shatt-al-Arab river.—Pass a convenient distance westward of the outer buoy and steer N. 60° W. until Lawrence buoy bears N.-N.-W. when shape course to pass close to the westward of it (remembering a depth of 7 feet exists 3 cables from the buoy), when abreast of Lawrence buoy steer to pass one cable eastward of No 1, No 2 and the Bar buoys, on reaching the latter shape course for Fao light, situated at the telegraph station easily recognized on account of the size of the buildings, which are the largest on the Turkish side of the river.

The above directions if followed will carry 9 feet least water up to the Lawrence buoy, after that is passed the general depth to the gut off No. 1 is 9 feet, but there are several small lumps of 7 feet, all of which it is impossible to avoid. Abreast of No. 1 the depth is from 17 to 18 feet in mid-channel, the water shoals very rapidly towards the spar buoys where the bottom is fairly hard, but gradually towards the iron buoys where the bottom is very soft. Between No. 2 and the bar buoy there is a small bar of 12 feet, after which good water will be carried up to the deep water off Fao.

All bearings are true.

Approximate position, lat. 29° 50′ N., long. 48° 30′ E.

This Notice affects the following Admiralty Chart:—Mouth of the Euphrates No. 1235; also Persian Gulf Pilot, fourth edition, 1898, page 286.".

CHINA SEA—Cochin China.

Outer light-vessel—Further temporary alteration in—.

No. 145 (third publication).—With reference to Notice to Mariners No. 49, dated 4th February 1905, issued by this office, the British Admiralty has given further notice (No. 274 of 1905) stating that the Outer temporary light-vessel, exhibiting a white revolving light every twenty seconds, elevated 36 feet above the sea, and visible in clear weather from a distance of 10 miles, in the approach to Bombay, will be withdrawn for repairs, and will be replaced at once by a pilot schooner.

A square red flag will be hoisted on board this schooner during the daytime to distinguish this vessel from the pilot vessel on the outer station, and at night a *white fixed* light, elevated 56 feet above the sea and visible in clear weather from a distance of 5 miles, will be exhibited between the masts. The anchor light will also be shown, and a blue light burnt every half hour.

It is anticipated that the temporary light-vessel will be again in position before the end of April.

Approximate position on Chart No. 2621, lat. 18° 49′ N., long. 72° 47′ E.

Further Notice will be given when the permanent light-vessel has returned to her station.

This Notice affects temporarily the following Admiralty Chart :—Bombay harbour No. 2621 : Also, List of Lights, part VI, 1905, No. 237 ; and West Coast of Hindustan Pilot, 1898, page 197.

RED SEA—PERIM ISLAND.

Balfe point light—Arc of obscuration.

No. 146 (third publication).—With reference to Notice to Mariners No. 15, dated the 9th January 1905, issued by this office, the British Admiralty has given further notice (No. 276 of 1905) that on and after 15th April the light (*white fixed*) on Balfe point, Perim island, will be so screened as to be visible only from the bearing of N. 15° W., through north and east, to S. 14° W., and obscured in other directions.

Approximate position, lat. 12° 39½′ N., long. 43° 23½′ E.

This re-establishes the arc of obscuration formerly screened at this light.

This Notice affects the following Admiralty Charts :—Red sea, No. 8e ; Straits Babel Mandeb, No. 3180 ; Perim island, No. 2592 · Also, List of Lights, part V, 1905, No. 1459, part VI, No. 143 ; and Red Sea and Gulf of Aden Pilot, 1900, page 233.

Jiddah—Rocks in approaches.

No. 147 (third publication).—With reference to Notice to Mariners No. 304, dated 18th September 1903, issued by this office, the British Admiralty has given further notice (No. 288 of 1905) of the existence of the undermentioned rocks in the approaches to Jiddah :—

a. A rock, with a depth of 2 fathoms over it, situated at a distance of $2\frac{1}{10}$ miles N. 63° W. from the centre of the northern extremity of Jiddah city wall. There are depths of from 6 to 8 fathoms around this shoal.

b. A coral head, with a depth of 2 fathoms over it, situated at a distance of $1\frac{4}{10}$ miles N. 64° W. from the centre of the northern extremity of Jiddah city wall.

There is another head, with a depth of 2 fathoms over it, situated at a distance of 75 yards North from the above.

These heads are surrounded by depths of from 3½ to 5 fathoms.

Approximate position of northern extremity of city wall, lat. 21° 29½′ N., long. 39° 12½′ E.

c. A rock, named Erg ar Suniya, with a depth of 3½ fathoms over it, situated at a distance of $2\frac{8}{10}$ miles N. 64° W. from the white stone beacon on Gaham. This rock is surrounded by depths of 8 to 9 fathoms.

d. A rock, named Al Fokani, with a depth of 2½ fathoms over it, situated at a distance of 3 miles N. 73° W. from the white beacon on Gaham. This rock, which is surrounded by depths of from 10 to 15 fathoms, is evidently the danger reported by Commander Cartwright, of H.M.S. *Cossack*, in Notice to Mariners No. 670 of 1903, this office No. 304, dated 18th September 1903.

e. A shoal, named Al Khruba Baharia, with a depth of 6 fathoms over it, situated at a distance of 3½ miles N. 80° W. from the white stone beacon on Gaham This shoal, which is erroneously named Al Fokani on the Charts, is surrounded by depths of 10 fathoms.

Approximate position, Gaham beacon, lat. 21° 27½′ N., long. 39° 8′ E.

Gesine Bronsbank—Non-existence of—.

No. 148 (third publication).—The British Admiralty has given notice (No. 290 of 1905) that the Commander of H.M.N. Surveying Vessel *Van Doorn* has made a close but unsuccessful search for the Gesine Bronsbank shoal.

This shoal was reported to have been seen by the German ship *Gesine Bronsbank* in 1879, but apparently no soundings were taken. Some years previously to this H.M. Surveying Vessel *Rifleman*, when engaged in the survey of these waters, passed close to, if not over, the reported position without observing any indication of shoal water, and since then the Master of the British ship *William Le Lacheur* reports having obtained a sounding of 25 fathoms, sand, in the reputed place of the shoal, but saw no signs of any danger; there was, however, an accumulation of sea-weed and fish spawn, which the Master of the *Gesine Bronsbank* probably mistook for a shoal. It is considered, therefore, that this shoal does not exist, and it has consequently been expunged from the Charts.

EASTERN ARCHIPELAGO—Sumatra, west coast.

Koninginne bay—Shoals in approach.

No. 150 (third publication).—The British Admiralty has given notice (No. 292 of 1905) of the existence of the undermentioned shoal, and particulars concerning others, in the approach to Koninginne bay, as follows:—

a. A bank, with a depth of 6½ fathoms over it, at low-water springs, exists in a position S. 42° W. 3¾ miles from Sungi Bramei light.

b. The shoal shown on the Chart, with a depth of 3 fathoms over it at a distance of 3¾ miles S. 76° W. from Sungi Bramei light, is situated at a distance of 3¼ miles S 70° W. from Sungi Bramei light, and has a depth of 2½ fathoms over it at low-water springs.

c. The least depth on Regentes shoal, situated S. 75° W. 4¼ miles from Sungi Bramei light, is 6 feet at low-water springs, and not 2¼ fathoms as shown on the Chart.

Dated Darjeeling, the 22nd May, 1905.

RESOLUTION.

I.—History of the case up to order for prosecution.

THE Lieutenant-Governor has had under his consideration the conduct of the officers concerned in the prosecution which ended in the acquittal of Mr. A. C. Rolt before the High Court on the 20th December, 1904. Mr. Rolt was the Manager under the Court of Wards of the Khagra Estate in the Kishanganj subdivision of the district of Purnea, to which Mr. J. H. Lea was posted as Magistrate and Collector in the month of April, 1903. About this time there were certain *patni taluks* to be sold for arrears of rent under the Bengal Patni Taluqs Regulation, 1819 (VIII of 1819); and on the 14th of May Mr. Lea received from Mr. Rolt a proposal that one of them, known as the Mahishakhore *patni*, which was to be put up to auction on the following day and which Mr. Rolt valued on the basis of 18 years' purchase at Rs. 17,000, should be bought by the parent Khagra Estate if it could be obtained for not more than Rs. 15,500. Mr. Lea, at once and without question or enquiry, accepted Mr. Rolt's valuation and sanctioned t[illegible] posal. The property was accordingly, on the 15th May, 1903, in the p[illegible] of Mr. Rolt himself, [illegible] and knocked down to the Estate for

Rs. 15,100, the only other bidders being two persons who were, as a matter of fact, servants of the defaulting *patnidar*, Parmeshwar Lal, that is to say, of a person debarred by section 9 of the Regulation from the right to bid at the auction. So far Mr. Lea was entirely unsuspicious and imagined no collusion; but, while Mr. Rolt was absent in England during the months of June to November, 1903, as well as after his return to India, Mr. Lea's suspicions were aroused by rumours, which were at first more or less vague, but subsequently took definite shape and were directed against this transaction in particular. In May, 1904, Mr. Rolt submitted another recommendation for the purchase in similar circumstances of the Surjapur *patni taluk* at an outside price of Rs. 12,000 or Rs 13,000, calculated as representing 12 or 13 years' purchase. In consequence, however, of what he had heard, Mr. Lea scrutinised the valuation himself and sanctioned bidding up to Rs. 10,000 only; and the circumstance that the property was eventually sold to the Estate for Rs. 100 short of the limit thus confidentially fixed, the only bidder-up being in this case also in the service of the defaulter, served, as Mr. Lea has himself said, to convince him of Mr. Rolt's malpractices.

Information against Mr. Rolt obtained from Mosadi Singh.

2. Meanwhile, one Mosadi Singh, who had just been suspended by Mr. Rolt from the treasurership of the Khagra Estate, had visited Purnea in order to appeal to the Collector against Mr. Rolt's order; and Mr. Lea, thinking that this person was likely to know of the existence of corruption, if there had been any, and that he would probably then be disposed to disclose anything within his cognizance against the Manager, took the opportunity of questioning him on the subject. The *ex*-treasurer, who, so far as Mr. Lea knew, had no idea that he was about to be questioned regarding the Mohishakhore transaction, at once vouchsafed detailed information regarding it, stating definitely that, to his knowledge, Mr Rolt had, by arrangement with the *patnidar*, received Rs. 5,000 for having purchased the *patni* at an extravagant figure; that the *patnidar* had, in order to pay Mr. Rolt at once (as Mr. Rolt was proceeding to England and the purchase-money was not available before the confirmation of the sale), borrowed funds from the firm of Kunjo Lal Kanhaya Lal; and that Mr. Rolt had received notes in exchange for the cash-bribe from a certain Muhammad Hussain and had remitted these to his bankers in Calcutta. Mosadi Singh appears to have asserted at the same time that the cause of his suspension by Mr. Rolt had been his refusal to agree to retain half the sum of Rs. 2,000 which stood to the credit of the heirs of a deceased tenant, Gopi Singh, in the accounts of the Estate, an assertion into the truth of which Mr. Lea, arguing that it was immaterial what was the real cause of the informer's obvious hostility towards Mr. Rolt, thought it useless to enquire. He considered it necessary, however, to investigate the specific allegations made by Mosadi Singh; and, recognising that information derived from such a source should be viewed with caution, he proceeded at once to test it by obtaining, through the Income-tax Deputy Collector, the books of Parmeshwar Lal, Kunjo Lal Kanhaya Lal, and Muhammad Hussain, and referring to the note-register kept by the Alliance Bank of Simla in Calcutta.

Corroboration of informer.

3. The result of the enquiries thus made by Mr. Lea was that he found evidence which, while it did not completely substantiate Mosadi Singh's statement, appeared to corroborate it in the main. He discovered an entry in the books of Parmeshwar Lal purporting to show that the *patnidar* had, on the 22nd May, 1903, taken from the firm of Kunjo Lal Kanhaya Lal a loan of Rs. 4,000, the interest on which was to be paid by the Manager of the Khagra Estate; and, although the entry was not in the same handwriting as most of the other entries in the book, this circumstance did not strike him as suspicious, since the whole book was not in one person's writing and there were other not dissimilar entries. He further ascertained that certain notes, which had been remitted by Mr. Rolt to the Alliance Bank of Simla in Calcutta on the 27th June, 1903, were entered in Muhammad Hussain's account-book, but that there was no entry as to these having been paid out to any one, although in all other cases, including cases of other notes given to Mr. Rolt, the names of the persons to whom not[illegible] been passed on, were mentioned. These seemed to him to be [illegible]

substantial pieces of evidence against Mr. Rolt such as to justify his suspension and a full enquiry into his conduct; and the fact that they did not complete the links in the chain and that the persons concerned (apart from Mosadi Singh) were, as far as he knew, not hostile to Mr. Rolt, but rather the reverse, tended to prevent his imagining that there was a preconcerted plot against the Manager.

Confidential report and recommendation to Commissioner for Mr. Rolt's suspension and regular departmental enquiry.

4. The further enquiry contemplated by Mr. Lea was a departmental one; and, that being so, he deliberately refrained from putting Mr. Rolt upon his guard by calling upon him for any explanation at that stage, and also decided to ignore more than one warning received from Mr. Rolt to the effect that the latter had discovered that there was a conspiracy on foot against him. On the 6th June, 1904, Mr. Rolt asked for an interview; but, as Mr. Lea was about to proceed to Bhagalpur to lay the whole case before Mr. D. J. Macpherson, the Commissioner, he postponed granting it till his return. On the 10th idem, Mr. Lea repaired to Bhagalpur; and next day he handed to the Commissioner a confidential report recommending that Mr. Rolt should be suspended with a view to the holding of a departmental enquiry, and that, until the Board of Revenue could depute a strong officer to the post, Maulvi Shamsuzzoha, a Deputy Magistrate at head-quarters, should be placed temporarily in charge of the Estate. On the 13th idem, after his return to Purnea, Mr. Lea had, by appointment, his deferred meeting with Mr. Rolt; and at it, according to a written account of the conversation which was forwarded to the Commissioner at the time, he admitted to Mr. Rolt that he was engaged in enquiries into rumours which had long been current against him, but declined to give him any further information, and assured him that, as soon as definite charges were framed, he would be allowed an opportunity for explanation.

Orders for Mr. Rolt's suspension issued by Board and submission of Mr. Rolt's resignation

5. Mr. Lea's report of the 11th June was on the 13th idem forwarded by Mr Macpherson to the Board with a letter stating that it was the result of "enquiries made confidentially so as not to arouse suspicion that action was being taken;" pointing out that there seemed to be "sufficient *primâ facie* evidence to establish the charge that Mr. Rolt had corruptly taken a sum of Rs. 5,000 in connection with the sale;" raising the question whether the case could be brought within the four corners of the Indian Penal Code; and recommending that the Board should, without waiting for an opinion on the legal point, order the immediate suspension of Mr. Rolt pending an enquiry (*i.e.*, a departmental enquiry) by the Collector into his conduct. The Board at once decided on suspension; and their orders directing this and the appointment of Maulvi Shamsuzzoha to relieve Mr. Rolt were received on the 15th June; and on the 16th idem they were communicated to Mr Rolt, who at once protested against the selection of the Maulvi as being a personal enemy. The latter had, some time before, decided a rioting case in such a way as to throw discredit upon Mr. Rolt's version of the facts, and Mr. Lea, on the proceedings coming before him judicially, had himself taken a different view; but Mr. Lea had never questioned the Deputy Magistrate's good faith, and, apart from this incident, he was unaware of anything to suggest that he was hostile to Mr. Rolt. He, therefore, insisted upon the orders of the Board being given effect to; and on the 17th June he proceeded to Kishanganj to hold what he still intended to be a departmental enquiry. On the 18th idem Mr. Rolt was informed of this; and he was at the same time supplied with a copy of the confidential report, and the statements annexed thereto, which had been submitted to the Commissioner. On the same day another interview took place. It is unfortunate that Mr. Lea did not make a note of what passed between him and Mr. Rolt on this occasion; but this much at least is clear, that Mr. Rolt, while protesting his innocence and asserting his ability to explain everything satisfactorily, definitely stated (1) that he had borrowed Rs. 2,500 in notes from one Harakh Chand on the security of [illegible] furlough pay, an allegation which he wished to have verified by a ref[illegible] to Harakh Chand's books, and (2) that he had borrowed Rs. 2,000 fro[illegible] [illegible]me source in cash at the end of April on the security of a diamond The [illegible]ome of what was evidently a painful meeting was that Mr. Rolt

tendered his resignation, and that Mr. Lea, who was himself doubtful of the success of a criminal prosecution, undertook to recommend its acceptance and to stay his hand till the receipt of further orders. The resignation was forwarded at once to the Commissioner with the recommendation that it should be accepted, that Mr. Rolt should be allowed to leave Kishanganj, and that the proposed enquiry should be dropped; but Mr. Lea did not in his letter to Mr. Macpherson state that he himself had promised to stay proceedings, although he intimated that he was doing so. On the 19th June Mr. Macpherson replied by telegram that he would forward the resignation, but could not support the recommendation as to its acceptance, and that the enquiry into the Mahishakhore transaction had better be proceeded with.

II.—Order for Mr. Rolt's prosecution issued by Board, and preliminary enquiry held by Mr. Lea.

6. In the interval the Board had consulted the Legal Remembrancer on the point of law raised in Mr. Macpherson's letter of the 13th June, namely, whether the facts indicated constituted an offence punishable under the Penal Code. The Legal Remembrancer replied that Mr. Rolt should be prosecuted under certain sections, which he specified; the Board accepted this advice: and the result was that Mr. Macpherson's first telegram of the 19th June to Mr. Lea was followed on the same date by another intimating that the Board had directed that Mr. Rolt should be prosecuted. For the prosecution of Mr. Rolt, therefore, the Board were responsible; and their order at once altered the whole position, inasmuch as it rendered a departmental enquiry impossible, and thus affected Mr. Lea's ability to carry out his promise that Mr. Rolt should have an opportunity of exculpating himself in the departmental stage of the case. But Mr. Lea apparently failed to recognise this; and, without informing Mr. Rolt that the instructions for his prosecution had arrived and that he had been directed to resume action, he proceeded on the 20th June to make an enquiry with a view to the preparation of a formal criminal complaint against Mr. Rolt, who had left Kishanganj after tendering his resignation. During this enquiry, at which Mr. Lea refused to allow a pleader to be present on behalf of Mr. Rolt, the statements of the persons examined were taken on oath

Rejection by Board of Mr. Rolt's resignation, and intimation to him of intended prosecution

7. On the 23rd June the Board, after receiving Mr. Rolt's resignation, intimated that it could not be accepted and that the prosecution must be proceeded with; and simultaneously, in answer to a telegram in which Mr. Rolt had represented to the Senior Member that there was a "gigantic plot against him" and that he could explain everything if only permitted to do so, Mr. Rolt appears to have been informed direct that the orders already passed must be adhered to. Mr. Rolt was then made to vacate the Manager's bungalow; Maulvi Shamsuzzoha was installed in a portion of it; and steps were taken by the latter to warn the clerks in the Estate-office not to hold any unauthorised communication with Mr. Rolt on pain of rendering themselves liable to prosecution for a breach of the Official Secrets Act. The evidence taken by Mr. Lea at the enquiry of the 20th June was submitted to the Commissioner on the 27th idem and forwarded to the Board on the 3rd July. On the 1st July Mr. Rolt wrote to Mr. Lea complaining that he was still in the dark as regards his case, once more asking that he might be heard in explanation, and expostulating against the hard treatment to which he considered he was being subjected. Again on the 4th July he sent Mr. Lea a letter in which he implored him to "see and admit his mistake," and observed: "You believed all that was told you; but is it now too late for me to try to prove to you that the representations made to you were false?" On the 6th July a further telegram from the Board, passed on the receipt of the evidence forwarded by the Commissioner on the 3rd idem, reiterated the former order as to Mr. Rolt's prosecution, and on the 10th idem, the day after the receipt of this communication, Mr. Lea for the first time informed Mr. Rolt that prosecution had been directed. The delay is certainly to be regretted; but it is palliated by the fact that Mr Lea, who was evidently still in [illegible] of abandoning the idea of a prosecution, had so far been labouring [illegible] the erroneous impression, stated in his letter of the 27th June to the Commissioner, that the previous sanction of [illegible] Government was required [illegible]d must

be ol before Mr. Rolt, being a Manager under the Court of Wards and in that capacity a public servant, could be prosecuted.

Institution of criminal case and commitment of Mr. Rolt for trial by High Court.

8. On the 11th July a formal complaint was sent to Mr. H. H. Heard, the Subdivisional Officer of Kishanganj. The charge being one of criminal breach of trust and the case consequently a warrant-case, a warrant was issued by Mr. Heard for Mr. Rolt's arrest; but it was endorsed for bail, although the offence was a non-bailable one. On the other hand, the process was issued notwithstanding the receipt of a telegram considerately sent by Mr. Lea with the express object of indicating that Mr. Rolt might be expected to appear of his own accord; and Mr. Rolt was in fact formally arrested, and released on his own recognizances by the Assistant Superintendent of Police. During the earlier stages, at least, of the proceedings prior to commitment—the facts as to the later stages are disputed—Mr. Rolt was required to occupy the dock. The commitment was to the Sessions Court of Purnea; but, on Mr. Rolt's application, the trial was transferred to the High Court. A transfer from Purnea Mr. Lea regarded as perfectly reasonable; but he opposed the proposed change of venue to Calcutta on the ground of inconvenience and delay, and a transfer to the district of Bhagalpur, the nearest district in which a European Jury could be empanelled, was suggested instead as unobjectionable.

III.—Trial before the High Court.

9. What occurred at the trial before the High Court may best be gathered from a Minute, dated the 26th December last, by means of which the Hon'ble Mr. Justice Henderson, the presiding Judge, brought to the notice of the Government of Bengal, and commented on, the conduct of several of the officers responsible for the prosecution or concerned in the proceedings leading up to it. The attention of the Lieutenant-Governor had been attracted to the case, as re--rted in the newspapers; and His Honour had asked the learned Judge to ...ar him with an authentic report of the evidence and of his observations ...eon. Mr. Justice Henderson had replied that he was preparing the Minute which has been referred to above and is now reproduced as Appendix A to this Resolution. It will be observed that the trial was stopped at the request of the Jury, before the conclusion of the evidence for the prosecution, but after ten witnesses, including Mr. Lea, had been examined. The learned Judge questioned the sufficiency of the grounds for the suspicious attitude assumed by Mr. Lea from the beginning; he appears to have doubted whether there was ever even a *primâ facie* case against Mr. Rolt; he described the whole charge as "a wicked concoction," which, apparently, ought to have been detected in the first instance; he attributed the futile prosecution to the action of Mr. Lea in persistently keeping Mr. Rolt in the dark and refusing to hear the explanations which, from time to time, the latter had expressed himself as ready and anxious to offer; he blamed Mr. Lea for having, at the interview of the 13th June, misled Mr. Rolt by giving him to understand that there were no accusations of any kind against him; and he condemned Mr. Lea's methods, particularly in connection with his having, with the approval of the Commissioner, recorded statements in the absence of Mr. Rolt, in having administered oaths to the deponents, in having made over the case against Mr. Rolt to an interested officer like Mr. Heard, and in having nominated an enemy such as Maulvi Shamsuzzoha to succeed in the management; he took exception to the unnecessarily harsh treatment to which Mr. Rolt had been subjected by Mr. Heard as the enquiring Magistrate, and to the bias shown by the latter throughout the proceedings; he found occasion to regard with suspicion the connection with the case of Maulvi Shamsuzzoha; and he concluded by expressing the opinion that, "if Mr. Lea had displayed a little more tact and been a little less prone to take for granted what was told him by the dismissed treasurer and other persons who were alleged, if not also admitted, to be hostile to Mr. Rolt, and if he had allowed Mr. Rolt to give an explanation or had himself made enquiries as to matters wh... Mr. Rolt had put before him, this unfortunate trial would never have tak... ...ce."

IV.—Appointment of Committee, and issue of orders for compensation of Mr. Rolt.

10. On receipt of the learned Judge's Minute the Lieutenant-Governor determined at once to call for explanations from the officers whose action had been adversely criticised. At the same time His Honour felt that he could not expect the Board of Revenue to re-employ Mr. Rolt in charge of estates under the Court of Wards, as recommended by the Jury, unless certain other charges pending against him were investigated and the Board were satisfied that he might be trusted. Mr. T. W. Richardson, a District and Sessions Judge, and Mr. J. G. Cumming, a Magistrate and Collector, were accordingly appointed a Committee to enquire and report to the Board on the administration of the Khagra Estate by Mr. Rolt with regard to those other charges; and they were instructed also to ascertain how far Mr. Rolt admitted the truth of particular statements of fact extracted from the explanations above alluded to. Their report under the former head showed that the other charges could not be established; and the Government thereupon accepted the recommendation of the Board that Mr. Rolt should be held eligible for further employment under the Court of Wards and compensated for the expenses incurred by him in defending himself before the High Court and in appearing before the Committee. As to the remaining part of the Committee's enquiry, the explanations above referred to, the extracts with which the Committee were desired to deal, the counter-statements made by Mr. Rolt before them, the rejoinders of Mr. Lea, Mr. Heard, and Maulvi Shamsuzzoha, and the Committee's conclusions, will be found in Appendix E. Various subsidiary statements and documents tendered by Mr. Rolt with the object of further traversing the explanations of the officers concerned generally and that of Mr. Lea in particular, raising fresh issues, putting forward other arguments in his favour, furnishing details as to his previous employment under the Court of Wards and the acknowledgements of his good services obtained by him from different officials, and predicating what his case before the High Court would have been had it been necessary for him to enter upon his defence, were received by the Committee and have been forwarded to the Government. These were not made in the presence of, or shown to, the officers impugned, and in some cases it was expressly requested by Mr. Rolt that the additional matter referred to should be treated as confidential. The Committee had, it is true, been authorised to record and forward any statements which Mr. Rolt might wish to offer on the whole case or on points other than those touched upon in the extracts; but the subsidiary statements so admitted, while relevant to the issue already disposed of as to the guilt or innocence of Mr. Rolt, are quite irrelevant to the question now under consideration, namely, the propriety or impropriety of the conduct of the officers concerned in respect of the circumstances as known to them before the prosecution and trial. They were, moreover, as has been indicated, made behind the backs of those officers, who have never had any opportunity of discussing them; and they have in consequence been excluded from the scope of this Resolution.

V.—Conduct of officers concerned.

11. The question which now remains for consideration is as to how far the Commissioner (Mr. Macpherson), the Collector (Mr. Lea) and the two Deputy Magistrates (Mr. Heard and Maulvi Shamsuzzoha) are to blame for the part taken by them in the proceedings ending in Mr. Rolt's trial and acquittal in the Mahishakhore case. In dealing with it, it will be convenient first of all to take up *seriatim* the specific points noticed by Mr. Justice Henderson and the comments made by him in so far as they relate to each officer, and to consider the explanation offered in each instance.

The Commissioner, Mr D J Macpherson.

12. As regards the Commissioner, the points upon which an explanation seemed to be necessary and was accordingly called for are—

(*a*) how far and why, notwithstanding Mr. Rolt's previous good record, he directed the Collector not to call upon Mr. Rolt for an explanation of his conduct or to give him any indication of the charges made again[illegible] and

(b) whether he ordered the preliminary enquiry conducted by the Collector, and advised him not to allow Mr. Rolt to be present at it.

The explanation submitted by Mr. Macpherson is to be found in paragraphs 4 to 10 of his letter No. 859W., dated the 9th January, 1905, a copy of which is annexed as Appendix B. Mr. Macpherson explains that he, like Mr. Lea, regarded the facts connected with the sale of the Mahishakhore *patni* with extreme suspicion, and that he felt convinced that all incriminating evidence in the Manager's office would be suppressed, if any information as to the discoveries so far made were communicated to Mr. Rolt while he remained in control. He admits that, in refusing to enlighten Mr. Rolt pending the receipt of orders for his suspension, Mr. Lea was acting under his instructions. Further, he states that he did instruct Mr. Lea to hold the enquiry alluded to; but that the enquiry which he contemplated was a purely preliminary one, to be held in anticipation of formal departmental proceedings, for the purpose merely of ascertaining whether the persons concerned in the Mahishakhore transaction, amongst others, almost all of whom were regarded as probable accomplices, would make any statements at all. Finally, he reports that he did not instruct Mr. Lea to record on oath any statements which might be tendered, and that he is under the impression that he did express the opinion that it would be better if Mr. Rolt were not present at that stage—a course which, he submits, was not, in the circumstances, irregular or unfair to Mr. Rolt. The Lieutenant-Governor considers these explanations to be entirely satisfactory.

The Collector, Mr. J. H. Lea.

13. In connection with the conduct of the Collector there are certain matters referred to in Mr. Justice Henderson's Minute which the Lieutenant-Governor deems it scarcely necessary to discuss in this Resolution, both because they are of comparatively minor importance and because His Honour has nothing to add to what Mr. Lea himself has said regarding them in the full explanation submitted with his letter No. 1, dated the 8th January, 1905, as reproduced in Appendix C below. It is proposed, therefore, to turn at once to the main points animadverted upon by the learned Judge.

(1) Mr. Lea, it is remarked in the Minute, had up to the 21st May, 1904, nothing to go upon but mere rumour or gossip started while Mr. Rolt was in England. On the evidence before the High Court, it would, apart from any other circumstances in the case and in view of the fact that the sanction to the purchase was accorded by Mr. Lea and approved by the Commissioner, who also eventually confirmed the sale, be extremely difficult to say that the report submitted by Mr. Rolt, when he asked for the sanction, showed any intentional overvaluation; and from the circumstances arising out of the presence as bidders of none but servants of the defaulting *patnidar* there was little, if anything, to excite suspicion. Moreover, the learned Judge goes on to observe, Mr. Lea knew that Mr Rolt was being charged with matters which meant absolute ruin to him; he knew that charges of a like nature had been preferred before unsuccessfully; he knew that Mr. Rolt had been highly spoken of by former officials; and yet he took the course of giving him no clue to the charges, and refused to hear the explanations which he offered. Considering that Mosadi was a servant dismissed by Mr. Rolt on charges involving serious dishonesty, and having regard to Mr. Lea's knowledge of the previous intrigues against Mr. Rolt and the opinions of previous Collectors, Commissioners, and Members of the Board as to his successful management in spite of all he had had to contend against, Mr. Justice Henderson would have expected him to send for Mr. Rolt and ask for an explanation. A sense of ordinary fairness would, it is said, seem to suggest that Mr. Rolt ought to have had an opportunity of explaining before his suspension, and certainly before his prosecution. At the same time the learned Judge admits that Mr. Lea's statement in re-examination—that his reason was that he feared that, if Mr. Rolt once knew what was being done, he would make it very difficult to obtain further information—might possibly account for his action.

In considering these—and, indeed, all the other strictures passed upon Mr. Lea's conduct, it ought, as it seems to the Lieutenant-Governor, to be borne in mind that they are based entirely upon answers for the most part given to questions put with admirable skill and with the perfectly legitimate object of raising an impression unfavourable to the prosecution and *pro tanto* favourable to the defence; whereas, as is obvious from Mr. Lea's explanations, some of the statements thus made by him were incomplete, while others were open to misconstruction, and he did himself less than justice in the witness-box. The gravamen of the charge against him—and he is the officer primarily and principally concerned—lies in the observations summarised above, and it may best be dealt with under the main heads indicated, namely:—

(*a*) the undue attention paid to mere rumour;

(*b*) the want of sufficient grounds for doubting Mr. Rolt's valuation of the *patni* and viewing with suspicion the circumstances connected with the auction sale;

(*c*) the reliance placed upon the information obtained from Mosadi Singh; and

(*d*) the withholding of information from Mr. Rolt, together with the refusal to give Mr. Rolt an opportunity of explaining before he was suspended, or, at least, before he was prosecuted.

As to (*a*), Mr. Lea appears to the Lieutenant Governor to have shown conclusively that, as stated by him in his evidence before the High Court, there were serious rumours against Mr. Rolt; and His Honour is of opinion that it was impossible for him to ignore their existence. In this connection it may also be remarked that there is nothing to indicate that Mr. Lea's treatment of Mr. Rolt was such as to encourage his enemies to rise up against him. On the contrary, it would seem that throughout Mr. Lea endeavoured to make, as far as possible, no change in his demeanour towards Mr. Rolt in public. The fact has, indeed, been made the subject of adverse comment; but it is indicative only of Mr. Lea's desire not to prejudice Mr. Rolt unnecessarily.

As to (*b*), it appears that the purchase of the *patni* tenure, which is scattered over a number of villages, some of them being near Khagra, was recommended by Mr. Rolt in a demi-official letter delivered to Mr. Lea on the day before the sale. Mr. Rolt's delay in making the recommendation was itself unfortunate. The fact that the mahal would probably be sold must, in accordance with the law, have been notified at least one month before; and as the purchase of such under-tenures by a parent estate is by no means a matter of routine and should be proposed only for special reasons, Mr. Rolt's recommendation and the grounds for it ought not to have been placed before the Collector at the last moment. The letter referred to contained the following statements:—

"The annual profit is known to me to be at least Rs. 1,000. Under Rule 123, heading 1 (*a*), page 55 of the Wards Manual, purchases of *patni* mahals are specially laid down by the rules. Under Circular No. 3 of 1902 it is ordered to inform the Collector demi-officially the price we should be prepared to bid up to. I have therefore submitted this report demi-officially. Taking the profit as Rs. 1,000, which, I am satisfied, is on the right side, and working out the purchase price in accordance with Table V, column 7 of Return XXXI, page 115 of the Wards Manual, the price which we could bid up to is Rs. 17,000 odd, but we should be able to purchase the mahal for about Rs. 15,000; unless Prithi Chand's people run up the bidding, when we could go up to Rs. 17,000."

The following figures appear to have been then given on the back of the first page of the letter in question:—

$(\frac{9}{10}$ of column 10—column 2$) \times 18.$

$(\frac{9}{10} \times 3{,}256—2{,}206) \times 18.$

$(\frac{9}{10} \times 1{,}050) \times 18.$

$9 \times 105 \times 18$ or $17{,}010.$

Mr. Lea, when eventually he made enquiries into the matter, came to the conclusion that the tenure was worth from Rs. 8,000 to Rs. 9,000. He ascertained that the rent-roll, as reported by the Assistant Settlement Officer, was Rs. 3,070, and, deducting from this 10 per cent. on account of the cost of collection, *i.e.*, Rs 307, and the rent payable to the superior landlord, *i.e.*, Rs. 2,205, he estimated the net demand to be Rs. 558. The ordinary selling price of *patnis* he found to be from 8 to 12 years' purchase; and, allowing in the case of this *patni* an extreme outside limit of 15 years' purchase, he calculated that the value ought not to have been computed at more than Rs. 8,370. Parmeshwari Lal, the *patnidar*, when examined by Mr. Lea in the first instance, stated that his net income was approximately Rs. 500 only; and to this he adhered before the Lower Court, where his evidence upon the point was as follows:—

"My cost of collection comes to upwards of Rs. 400 a year. My litigation expenses amounted to Rs. 200 to Rs. 250 a year. On the whole my average profits from the *patni* came to about Rs. 500. I allowed the *patni* to go to sale because of the much litigation in which I was being involved. It was not a profitable mahal to me."

Mr. Lea had, therefore, good grounds for thinking that Mr. Rolt had put an excessive value on the *patni*; and the possibility of this having been due to mere carelessness on the part of Mr. Rolt in deducting the 10 per cent. on account of the cost of collection from the net, instead of the gross, income, and in taking 18 years' purchase as the basis of calculation, was apparently not overlooked. But in applying for an establishment to manage this very property after his return from leave, Mr. Rolt had stated that the 10 per cent. charge for the cost of collection would amount to Rs. 300; and the Table V referred to by him is not a table setting forth the rates at which tenures are to be purchased, but is a table showing how all kinds of landed property, including zamindaris, may be valued for the purposes of a purely statistical return. Mr. Lea, in consequence, was inclined to look upon Mr. Rolt's valuation as having been not only high, but suspiciously so; and when he recalled the fact that it was followed immediately by the sale in the Collector's court, where Mr. Rolt was present and himself bid for the *taluk*, where the only bidders against the Estate were two servants of the *patnidar*, and where the price was run up to Rs. 15,100, Mr. Lea was, in the Lieutenant-Governor's opinion, justified in taking action as he did. The valuation was, beyond doubt, excessive; it cannot even now be explained without the admission that there were mistakes in the calculation; and the circumstances generally were (when brought to notice) regarded as suspicious by the Commissioner and the Board, the highest Revenue authorities, as well as by the Legal Remembrancer and the Standing Counsel, both of whom, on being referred to by the Hon'ble Mr. Hare just before the trial, expressed the opinion that they disclosed a strong *primâ facie* case, and that the prosecution should be proceeded with.

As to (*c*), Mr. Lea has again shown that he by no means failed to recognise that the statement made by Mosadi Singh should be received with the utmost caution, and that he, therefore, proceeded at once to test it in what seemed to be the best and only practical manner open to him.

As to (*d*), the position in which Mr. Lea found himself was one of extreme difficulty, and the explanation given by him and endorsed by the Commissioner—namely, that it was surmised that, if Mr. Rolt had been taken into confidence, there would have been no chance of discovering any evidence against him—is, as the learned Judge has himself in a way admitted, a reasonable one. Moreover, as has already been shown, what Mr. Lea—and also Mr. Macpherson—all along contemplated and, in fact, recommended, was a departmental enquiry, in the ordinary course of which Mr. Rolt would have been called upon to offer any explanation he had to give: and it was only through the accident or misunderstanding [illegible] ... r was taken out [illegible] ... express order of [illegible] ... Mr. Savage, the Member in charge at the time, has informed the Lieutenant-Governor, that the circumstances relating to the *patni* sale and the facts ascertained by Mr. Lea

were in themselves such as to make the case preeminently one for investigation in a Court of Justice and so to render it out of the question to call upon Mr. Rolt for any explanation. The Board seem from the papers to have unfortunately accepted the facts and circumstances set forth in the Commissioner's letter as having been *primâ facie* established by a departmental inquiry, whereas the Commissioner was only asking for such an inquiry. Then, when the Board referred to the Legal Remembrancer the question whether those facts and circumstances would constitute an offence, he not only answered in the affirmative, but also recommended prosecution. The order for prosecution accordingly followed; and it is evident that the Board, in issuing it, did not think of asking for an explanation, as that might have prejudiced the defence. It was thus owing to confusion that no explanation was ultimately called for; and, while it is to be regretted that Mr. Lea should not have pointed out that he had promised Mr. Rolt an opportunity of explaining, it was not unnatural for that officer to carry out the orders of the Board, merely recognising that his view of the case had not been taken by higher authority.

That Mr. Rolt was not given the opportunity for which he sought, the Lieutenant-Governor cannot but regard as unfortunate. The case against him, in so far as it depended upon the *patni* sale, could scarcely have been prejudiced thereby; and the circumstances connected with his remittance to the Alliance Bank of Simla might then have been cleared up in the manner which has only now become apparent. In other words, it appears that, had Mr. Lea given Mr. Rolt the opportunity for which the latter asked on the 18th June, the following explanation might have been forthcoming. The sum of Rs. 7,000 was admittedly paid by Mr. Rolt into the Bank on the 27th May 1903, *i.e.*, seven days after Parmeshwar Lal was said to have paid Mr. Rolt Rs. 5,000; and Mr. Rolt's remittance included the following notes:—

OA/3	66028	for Rs.	1,000.	LA/97	01404	for Rs.	100.
OA/3	77930	,, ,,	1,000.	LA/92	31417	,, ,,	100.
LA/98	26395	,, ,,	100.	LA/98	46368	,, ,,	100.
LA/98	36396	,, ,,	100.	LA/97	20983	,, ,,	100.
LA/98	71154	,, ,,	100.	LA/95	97106	,, ,,	100.
LA/91	40231	,, ,,	100	OA/3	39046	,, ,,	1,000
LA/98	26086	,, ,,	100.	OA/3	82613	,, ,,	1,000.

The first twelve of these represent Rs. 3,000, and it is said that Mr. Rolt obtained them from Muhammad Hussain in exchange for cash, consisting of Rs. 2,000 borrowed from Harakh Chand on the security of a diamond, and of Rs. 1,000 out of savings in his possession. The loan is, it appears, entered in Harakh Chand's Murshidabad account-books under date the 17th [illegible], 1960S., while Muhammad Hussain's note-register, which was not [illegible] before the committing Magistrate, supports the above statement. The diamond in question was produced by Harakh Chand before the Committee and identified by Mr. Maclaren of Messrs. Hamilton & Co. as one which had been set by the firm for Mr. Rolt in 1896, and the setting was produ[illegible] Mr. Rolt himself and similarly identified. The remaining two not[illegible] Rs. 1,000 each are said to have been obtained by Mr. Rolt from Har[illegible] Chand on the security of his pay, and their numbers are entered in the Babu's account-book as having been sent to Mr. Rolt on the 22nd May, together with two hundred-rupee currency notes and Rs. 3[illegible] in cash. Documentary evidence might, therefore, have been produced by Mr. Rolt at an early stage to rebut that upon which Mr. Lea was relying. But the Lieutenant-Governor mu[illegible] [illegible]sider the case as it presented itself to Mr. Lea at the time, a[illegible]t in the light of subsequent events; and, approaching it from this point of view, His Honour is bound to say that, in his opinion, Mr. Lea's conduct is not open to the censure

conveyed by the remarks recorded by the learned Judge. The circumstances, as they appeared to Mr. Lea, were suspicious; and the evidence against Mr. Rolt was to all appearance strong. An explanation might have allayed Mr. Lea's suspicions; and it should have been taken. But Mr. Lea is certainly not wholly to blame for having failed to take it.

(2) The learned Judge thinks that in putting Mr. Rolt off at the interview of the 13th June, Mr. Lea showed a want of tact, straightforwardness and candour which one would not expect from a gentleman in his position. It was open to him, as Mr. Justice Henderson observes, to refuse, if he thought fit, to give any information; but it is thought impossible to justify what are characterised as his evasion and the palpable inaccuracy of his reply to Mr. Rolt's enquiries.

These are grave remarks on the part of the learned Judge; and it is a great satisfaction to the Lieutenant-Governor to say—as he does without hesitation—that Mr. Lea's reply, coupled with the terms of the demi-official letter which he wrote to the Commissioner on the very day in question and which is reproduced in paragraph 4 of Mr. Macpherson's letter of the 9th January, 1905 (Appendix B), and the circumstances generally, seems to His Honour to be sufficient to show that they were, after all, not deserved. The conclusion arrived at by the Committee in this connection is that Mr. Rolt was in practical agreement with Mr. Lea as to the result of the interview; and, as pointed out in their report, it has been one of Mr. Rolt's grievances that, although Mr. Lea told him on this occasion that he would have an opportunity of explaining if anything required explanation, he was afterwards denied the opportunity before his suspension and prosecution. This assurance, on the face of it, implied at least that there was something which might eventually have to be explained, and the giving of it was clearly incompatible with a statement to the effect that there were no charges of any kind against Mr. Rolt. The latter, as an official of the Court of Wards, must have been well aware of the distinction between definite charges and indefinite accusations or suspicions; and the circumstances render it plain that he cannot but have understood that there were charges (in the widest sense of the expression) against him, and that Mr. Lea, in saying that there were none, intended to refer to regular charges and to intimate that such had not so far been formulated. And the circumstance that, as soon as Mr. Rolt was suspended, Mr. Lea, on the morning of the 18th June, sent him for perusal his report—a confidential one, be it noted—to the Commissioner, and that he, later on in the day, furnished him with a copy of the same for his own use and convenience, appears to be wholly inconsistent with a desire on Mr. Lea's part to treat Mr. Rolt unfairly by keeping him longer in the dark than was deemed absolutely necessary.

(3) The learned Judge draws marked attention to the circumstance that, although Mr. Rolt told Mr. Lea at the meeting of the 18th June that he had borrowed from Harakh Chand Rs. 2,500 on a *hundi* as an advance of pay, and also a further sum of Rs. 2,000 on the security of a diamond in May, just before he left for England, Mr. Lea made no enquiries into those matters.

Mr. Lea's explanation is that these assertions did not appear to him to be inconsistent with the charge that part of the large remittance made to the Alliance Bank was a loan of a smaller amount received from Parmeshwar Lal through Muhammad Hussain in the manner alleged, and, so far as appears, nothing was said by Mr. Rolt to connect Muhammad Hussain with Harakh Chand's transaction, while Muhammad Hussain's note register supplying the connecting link was not produced till the trial before the High Court. Although, therefore, it is now to be regretted that Mr. Lea did not enquire into Mr. Rolt's statement at the time, His Honour cannot blame him for having thought that Mr. Rolt's real object was not to explain, but to make Mr. Lea show his hand and to ascertain what was known against him.

(4) Exception is taken to Mr. Lea's having held the enquiry on the 20th June with closed doors, to his having administered oaths to the persons examined by him, and to his having refused to allow a pleader to be present in the absence of Mr. Rolt himself.

Mr. Lea, while admitting that he made a mistake in thinking that he was acting as a Revenue Court and consequently entitled to put the witnesses on oath, submits that Mr. Rolt was not prejudiced thereby, and that the witnesses were, if sworn, all the more likely both to tell the truth and to adhere to it. The Lieutenant-Governor is unable to accept this explanation, and considers that the course taken by Mr. Lea in this connection was objectionable, besides being unwarranted by law, and that it cannot be defended.

(5) By opposing the transfer to the High Court and proposing that, if there were a transfer, it should be to Bhagalpur, Mr. Lea, Mr. Justice Henderson remarks, "unfortunately laid himself open to the suggestion, probably unfounded, of being an unduly zealous prosecutor."

The imputation underlying such a suggestion could only be that, had the trial been held at the head-quarters of the Division of which Mr. Macpherson was the Commissioner, the Judge and Jury might have been subjected to official influence. Having regard to the circumstance that a Jury empanelled at Bhagalpur would have been composed mainly of non-official Europeans whose independence could not possibly have been assailed, the Lieutenant-Governor thinks it unnecessary to do more than emphasise the parenthetic statement of the learned Judge by saying distinctly that there could be no foundation for any such suggestion.

(6) The learned Judge thinks that it was inconsiderate on the part of Mr. Lea to ask Mr. Rolt to answer any departmental charges while the prosecution on the criminal charge was pending.

Mr. Lea points out that an altogether erroneous impression, and one unfavourable to himself, was caused by the fact that the statement made by him was elicited by certain questions put in cross-examination, and was not a statement of all that passed between Mr. Rolt and himself. What did happen is now clear; and it will suffice to say that the mistake made in the first instance was, within four days, corrected by Mr. Lea when he informed Mr. Rolt on the 17th September that he would defer taking any explanation from him till after the conclusion of the criminal case. In justice to Mr. Lea, also, it should be added that he informed the Commissioner, in a letter dated the 12th September, that he proposed to call upon Mr. Rolt for his reply, and that Mr. Macpherson, who was on tour at the time, overlooked the point.

(7) The learned Judge points out that Mr. Lea's action in taking up Mosadi Singh's appeal from his dismissal and reinstating him two days after he had given evidence against Mr. Rolt before the committing Magistrate, was likely to prejudice the latter in the district.

Mr. Lea's explanation is that he thought it better to take this course than to keep the question of dismissal hanging undecided over Mosadi Singh's head until the latter had given evidence at the trial. His Honour has no doubt but that Mr. Lea was influenced by this consideration alone, and that he acted for the best in this connection. The Lieutenant-Governor considers that the situation was a very difficult one. If Mr. Lea had deferred hearing the appeal, he might certainly have appeared to be holding out an inducement to Mosadi Singh to speak out; whereas he really lost his hold over Mosadi Singh by deciding his appeal. If, therefore, his action was mistaken at all, it was an excusable error of judgement.

(8) The learned Judge expresses surprise at Mr. Lea's having sent for Asaf Ali and Debi Singh to ascertain from them whether they could give any information against Mr. Rolt when he knew that they were bad characters and relatives of Mosadi Singh.

Mr. Lea, in relating the circumstances at length, explains that Asaf Ali, being a Muhammadan, was not related to the Hindu treasurer; that he was not aware till subsequently that Debi Singh was a distant relative; and that, as in the case of Mosadi Singh himself, even if their characters were unreliable, that did not, to his mind, preclude the possibility of their being able to give valuable information against Mr. Rolt. His Honour thinks that these explanations are satisfactory and sufficient.

(9) The learned Judge remarks upon the fact that, although Kunja Lal had stated before Mr. Lea that it was he who had lent the money to

Parmeshwar Lal, Mr. Lea was present in Mr. Heard's Court when Kanhaya Lal was examined and swore that he personally had given the money in the absence of his brother, Kunja Lal.

Mr. Lea's explanation upon this point, namely, that there was no real inconsistency, as the plural word ("*ham*") used by Kunja Lal would indicate the firm as well as the deponent himself, appears to the Lieutenant-Governor to be a complete reply to the suggestion that he remained culpably silent while an important change was being made in the case for the prosecution.

(10) The learned Judge observes that, whereas, when Mr. Rolt tendered his resignation on the 18th June, Mr. Lea promised to stay his hand until he received further orders from the Board, Mr. Lea, according to the statement recorded by him in the High Court, received no such instructions until a considerable time afterwards, but nevertheless proceeded with the enquiry on the 20th June on an order received by the Commissioner, who had not been informed of his undertaking.

Mr. Lea's explanation is that his memory was at fault when he was in the witness-box, and it appears that he received orders from the Board actually directing a prosecution on the very day after the submission of Mr. Rolt's resignation. But the Lieutenant-Governor considers that he was to blame for having omitted to acquaint Mr. Rolt at once with the change made in the aspect of affairs by the receipt of those orders.

(11) Exception is taken to the appointment by Mr. Lea of Mr. Heard as the officer to be entrusted with the case against Mr. Rolt, Mr. Heard having, to Mr. Lea's knowledge, applied for the Managership in succession to Mr. Rolt.

Mr. Lea has shown that Mr. Heard was the only Magistrate in the district besides himself competent to deal with the charge against Mr. Rolt, and that Mr. Heard had by that time ceased to be an applicant for the vacant post.

The committing Magistrate, Mr. H. H. Heard.

14. In respect of Mr. Heard, there appear to be three matters in regard to which his action has been specially animadverted upon by Mr. Justice Henderson. These are—(*a*) that he was a candidate for Mr. Rolt's appointment and visited the Manager's house in this connection; (*b*) that he showed bias by issuing a warrant for Mr. Rolt's arrest, although Mr. Lea had sent him a telegram indicating that no such coercive process would be required; and (*c*) that he needlessly insulted Mr. Rolt by making him occupy the dock. On all of these points Mr. Heard's explanations have been obtained, and they are here reproduced :—

"(*a*) Knowing that Mr. Rolt was already under suspension and that my immediate predecessor in the Subdivisional Officership, Maulvi Shamsuzzoha, was Acting Manager of Khagra, the idea occurred to me to apply for that Managership because—(1) I found the work at Kishanganj very crushing, having indeed had to submit an official representation that another first-class Magistrate was needed to cope with the crime; (2) the Manager's salary was Rs. 600, or Rs. 100 more than my own; (3) M Shamsuzzoha, who knew both the appointments, assured me that Khagra was much the easier I, therefore, wrote a *private* letter to the Hon'ble Mr. Savage, who replied at once on 22nd June 1904.* I answered it by pointing out that, under the rules, the Court of Wards' estate could bear the 'contribution' cost (which in my case would have been Rs. 120), in which event of course Khagra would really have had to pay Rs. 600 + Rs. 120 for my services. Mr. Savage's second reply is his letter of 26th June, 1904.† I saw at once that there was no likelihood of the point being conceded, so replied to him that as *my* paying the 'contribution' would make my net salary Rs. 480, or less than my pay as Subdivisional Officer, I would give up all thought of the place. I had even heard that the pay of Mr. Rolt's successor would be Rs. 500 only. I had also meantime communicated with my old friend, Mr. J. Monro, C.B., of Ranaghat, whose judgement I always greatly value; and he had counselled me that Khagra would be too much of a 'siding.' The result thus is that, before Mr. Rolt came to be on trial in my Court from 20th July, 1904, I had definitely abandoned all idea of the Khagra Managership.

* This letter runs thus :—
"I imagine you would have a good chance of getting Rolt's place if it will really suit you, but will it? Out of the Rs. 600 you [illegible] have to pay the contribution for leave and pension, and it looks as if this would swallow up the whole of the ex[illegible] [illegible]dred.
"Think it over [illegible] write again."

† "This letter runs as follows —
'I am doubtful whether Khagra can be fairly made to pay more than the Rs 600 for a Manager; but will consider the point when the Collector's recommendation comes up. I am starting for Calcutta on 2nd, and so will probably pass you in the night on your way up here. I can quite understand how heavy your subdivision must be!"

"Thinking it highly possible that I might eventually have to try Mr. Rolt, I carefully avoided going to his house and even refrained from returning his social call upon me (about which he personally complained to me one day in my office, but I pleaded stress of work in palliation). After his suspension and when he was no longer in Kishanganj, and when the Officiating Manager was in residence, I drove over one evening to see the Khagra plant-house, about which I had heard much, Mr. Rolt being a well-known and skilful gardener. I found it artistic indeed; and I suggested to Maulvi Shamsuzzoha, who was showing me round, that I should like to drive back and fetch my wife that she too might see it. He acceded at once; so I drove back and brought my wife in my dog-cart. After the Maulvi had shown us the plant-house and the grounds generally, he courteously enquired if we would like to see the residence-house too, remarking that there was fine furniture by Lazarus. We agreed, and he showed us such of the rooms as were open. I asked to see the drawing-room, the best furniture being there, but the room proved to be locked up, as also certain other rooms, and Mr. Rolt's '*chaprasi*' told us that the *saheb* had the keys with him in Calcutta. That ended the matter, and we came away. But the facts of this very simple little incident have been grievously distorted in a certain affidavit Mr. Rolt handed in to the Hon'ble High Court, wherein he charges me with having attempted, with my wife, to break into his house "with felonious intent,' during his absence. The thing was in broad daylight, many folk following us about the grounds and house as we went to and fro, some of Mr. Rolt's own servants having been among those following. The Hon'ble High Court did not call on me to answer the 'intended felony.

"(*b*) Writing from sheer memory of Mr. Lea's letter of last July, the Collector asked for prosecution of Mr. Rolt under sections 161, 162, 182, 408, 409 and 418, Indian Penal Code. For the last three sections warrants are ordinarily to issue in the first instance, non-bailable for sections 408 and 409 (*cf.* Schedule II, Criminal Procedure Code, 1898). The charge being in respect of at least Rs. 4,000, I required bail in double that sum. It will be seen that the graver sections were not those in which a summons would ordinarily issue.

"Remains the question as to why I issued a warrant in face of Mr. Lea's telegram of 11th July, 1904 to the effect that Mr Rolt was then at Purnea, and would himself come to me at Kishanganj next day. I write purely from memory, the record not being with me. But I think I am correct in saying that that telegram did not reach me till *after* the warrant against Mr. Rolt had already left my camp (a place called 'Iluabari,' 21 or 22 miles out from Kishanganj), and I believe it was even the *day after*. The record itself can confirm or refute this, as the telegram should be still filed with it.

"(*c*) I had no sort of desire to put an intentional insult or indignity upon Mr. Rolt; and, until I read in the newspaper accounts of the Collector's deposition in the Hon'ble High Court about Mr. Lea's disapproval, I had never even heard of it. In the Kishanganj Court the witness-box is to the Magistrate's left-hand side, and an exactly corresponding small dock is to his right (in my personal opinion too close to the trying officer). The idea in my own mind was that, while I would be bending over my writing, Mr. Rolt could from the small dock very well intimidate over my head, by signs and looks, the witness on the other side of me and opposite him. This fact, coupled with the further one that the larger dock was as a matter of fact but a yard or two from the pleaders' table as in my time, while the small dock would be seven or eight yards therefrom (the exact reverse was alleged in the Calcutta trial), made me insist on Mr. Rolt occupying the larger dock.

"It is to be remembered, I think, that the Crown witnesses could with difficulty be got to speak at all; and the reason, as represented to me, was that once before, when Mr J. H. Bernard was Collector of Purnea some years ago, a similar enquiry had been started against Mr. Rolt, with the result that he had got off and his accusers were eventually imprisoned. As a mere matter of fact, also, I frequently used that larger dock at Kishanganj for even single prisoners, because there are desperate characters there, and I did not rely much on the thoroughness of search of the various prisoners by the Court Police before bringing in the accused persons. In Mr. Rolt's instance my reasons were as given above."

Mr. Heard thus shows that he was not a candidate for Mr. Rolt's appointment, and he gives a completely satisfactory explanation of his own and his wife's visit to the house which Mr. Rolt had occupied. As regards the warrant, the Lieutenant-Governor finds that it was issued after the receipt of Mr. Lea's telegram; and it is now quite clear that this had better not have been done. As to the "dock incident," the special report upon the subject which was called for from the Committee, is annexed (Appendix H), and the Lieutenant-Governor concurs in the view there expressed that the pain of Mr. Rolt's situation was needlessly aggravated by his being placed in the far dock. On the whole, and although it is difficult to censure Mr. Heard for any one of the specific acts done by him, and still more difficult, as it seems to His Honour, to attempt to lay down any rule as to the payment of special considera-tion to persons, however respectable, who have the misfortune to be accused of grave offences, Sir Andrew Fraser considers that Mr. Heard's treatment of Rolt was unnecessarily harsh and inconsiderate, and that his conduct

indicated, as the learned Judge observes, that his feelings towards the accused were hardly of a judicial character.

The Officiating Manager, Maulvi Shamsuzzoha.

15. As to Maulvi Shamsuzzoha, the Minute enters into many details and affects his conduct throughout the proceedings. A full explanation has, therefore, been called for from this officer; and it is annexed as Appendix D. Apart from the reference to the Official Secrets Act, which was both inappropriate and indiscreet, the Lieutenant-Governor is unable to find that anything in his conduct calls for censure.

The Board of Revenue.

16. It has been shown that the Board of Revenue were responsible for the actual prosecution of Mr. Rolt. The circumstances connected with this matter have already been described in paragraph 6 of this Resolution, and the reason for the Board's premature action has been stated in paragraph 13 (1) (*d*). There is another point in connection with the proceedings of the Board on which the learned Judge animadverts, viz., the request made to the Manager of the Alliance Bank of Simla to stop Mr. Rolt from drawing on his account. It appears that the Board consulted the Legal Remembrancer, who advised them that Mr. Rolt's balance in the Bank could not be attached with legal effect without an order of Court passed in a pending suit, and that all that could be done was to request the Bank, in view of the charges pending against Mr. Rolt, not to pay him the money standing to his credit. Upon this suggestion the Board acted, and their object in doing so was to secure the Khagra estate against loss in the event of Mr. Rolt's being found guilty—not to prevent his obtaining funds wherewith to pay for his defence.

VI—Findings

17. Briefly, to sum up, the result of very careful consideration of the case is that the Lieutenant-Governor holds that the conduct of the Commissioner, Mr. Macpherson, is without reproach, and finds no ground for censuring Maulvi Shamsuzzoha except on a comparatively unimportant point. As regards Mr. Lea, His Honour is of opinion that his motives were throughout honourable, but that he erred in that—

(*a*) he ought at once to have informed Mr. Rolt of the receipt of the orders of the 19th June directing his prosecution;

(*b*) he ought to have pointed out to the Commissioner that the unexpected orders of the Board regarding prosecution prevented him from fulfilling his promise to Mr. Rolt that he would have an opportunity to explain the circumstances appearing against him;

(*c*) he ought not to have administered oaths to the persons examined by him in the course of the preliminary enquiry held at Kishanganj on the 20th June; and,

(*d*) even if every allowance be made for his obvious anxiety to refrain from interfering in judicial proceedings, he might well have intervened in the interests of Mr. Rolt and prevented the harsh treatment to which he was subjected during the magisterial enquiry prior to commitment.

Mr. Lea is an officer who has always borne a reputation for careful and patient work, and for a conscientious desire to do right. In this case he endeavoured to do his duty to the wards under his charge, although it was undoubtedly a painful and disagreeable one. It is, therefore, greatly to be regretted that he should have contributed in any degree to a result so deplorable as the subjection of Mr. Rolt to prosecution for an offence of which he was eventually found to be innocent.

There remains Mr. Heard, and regarding him the Lieutenant-Governor has nothing to add to the remarks already recorded in paragraph 14 above. He undoubtedly displayed a prejudiced and unjudicial mind in regard to Mr. Rolt. He is an officer who has done good service; and the Lieutenant-Governor regrets that he should have exposed himself to severe censure in this instance. His attitude, however, was not due to the unworthy motive attributed

to him by Mr. Rolt and accepted by the learned Judge under a misapprehension of the facts.

VII.—Further proceedings on behalf of Mr. Rolt.

18. In conclusion, the Lieutenant-Governor desires distinctly to emphasise the fact that in this Resolution he is not dealing with the conduct and character of Mr. Rolt. He adheres to his acceptance of the result of the trial before the High Court and of the inquiry of the Committee regarding the other charges, of the acquittal of Mr. Rolt, and of his declared fitness for further employment. Here, however, His Honour is dealing with the case as it stood before the trial in the High Court, with the action of the officers concerned in prosecuting Mr. Rolt, and with their conduct during the preliminary stages. In these circumstances he has endeavoured to ascertain the motives which they had for their conduct, the manner in which the case originally presented itself to them, the justification or excuse which they may then have had for the action they took, and the extent to which they are now deserving of censure. It remains only to say that His Honour will be prepared to consider any application made by Mr. Rolt for the prosecution of those whom he accuses of having conspired and given false evidence against him, and to give him such assistance in proceeding against them as, after consultation with the Advocate-General, may seem to be expedient.

ORDER.—Ordered that copies of this Resolution, with the Appendices thereto, be forwarded, for information, to the Government of India in the Home Department; to the Hon'ble Mr. Justice Henderson; to the Registrar, Original Side, High Court of Judicature at Fort William; and to the officers concerned.

Ordered, also, that a copy of this Resolution, with Appendix A only, be published in the *Calcutta Gazette*.

By order of the Lieutenant-Governor of Bengal,

H. W. C. CARNDUFF,

Offg. Secy. to the Govt. of Bengal.

APPENDIX A.

Minute on the trial of MR. A. C. ROLT.

I DESIRE to bring to the notice of the Government of Bengal certain matters in connection with the trial of A. C. Rolt in the High Court before me and a special jury.

Mr. Rolt, who was Manager of the Khagra Estate under the Court of Wards, was charged with taking a bribe of Rs. 4,000 (by one witness it was at one time stated to be Rs. 5,000) for the purpose of inducing the Collector, Mr. Lea, to sanction the purchase at a sale for arrears of rent of a patni mahal named Moheshkhare, held under the estate, at a price very largely exceeding its real value. The suggestion was that Mr. Lea, being new to the district and ignorant of the actual value of patnis in the district, Mr. Rolt took advantage of his ignorance, and obtained his sanction to bid on behalf of the estate up to Rs. 15,500, the actual value being about Rs. 8,000, his object being to benefit the patnidar who, it was said, a few days after the sale gave the alleged bribe in accordance with an arrangement which had been come to before between them.

The sale of the patni took place on the 15th May 1903, and the patni was knocked down to a bid of Rs. 15,100 made on behalf of the Khagra Estate.

In recommending the purchase Mr. Rolt submitted with his report a calculation which, it should be stated, was not made by himself, but apparently submitted by his office, purporting to be based on Table V, Court of Wards Manual, page 115, and he made it on the basis of 18 years' purchase in accordance with this table It is said, however, he was wrong not only in working upon this basis, but in over-estimating the gross rental and in his mode of calculating the amount of collection charges. It was not established that the gross collections were over-estimated, or, if so, to what extent, but there seems to be some ground for supposing that a mistake was made in arriving at the collection charges. Having regard to the fact that the calculation appears not to have been made by himself, it may be that this was the mistake of the person who made it, and not of Mr. Rolt, who for aught that appears may have passed it, just as Mr. Lea and the Commissioner did. Mr. Lea stated that he subsequently made general enquiries as to the ordinary value of patnis in the district, and he found that it depended very much upon the position of the patni. He ascertained that the value ranged between 8 and 12 years' purchase. He was unable to specify any particular mahal as having been sold or valued at any particular number of years' purchase.

There was some evidence that the patni in question was exceptionally well situated. In fixing the net income of the patni Mr. Lea stated that he took his figures from the settlement papers, which admittedly showed an income less than the actual income. Taking the evidence of value as it was placed before the Court, it would, apart from any other circumstances in the case, be extremely difficult on the evidence to say that the report submitted by Mr. Rolt when he asked for sanction to purchase the mahal showed any intentional over-valuation.

In this connection, however, there is another piece of evidence put forward to show that Mr. Rolt was not, and could not have been acting honestly in the matter of the sale. It is said the only other bidders were two persons known to him to be the servants of the patnidar, and that it was the duty of Mr. Rolt to have informed the Collector that their object was merely to run up the price without any intention of becoming the purchasers. It may be taken, I think, that they had no intention to become the purchasers, but the evidence is that they were instructed by their master to bid up to Rs. 4,000 or Rs 5,000 beyond what he had himself paid as *nazerana* when he acquired the patni. It may be reprehensible, but it is well known that in cases of this kind patnidars do employ persons to bid for them with a view to prevent a "knock out" sale. So far as appears from the report of Mr. Rolt and from what took place at the sale the value put upon the patni may, owing to the mistake mentioned, if not for the reasons alleged by the prosecution, have been somewhat high, and it may be that Mr. Rolt ought to have mentioned to the Collector that the two bidders were servants of the patnidars. From these circumstances alone there was little, if anything, to excite suspicion. It should be mentioned that the sanction was confirmed by the Commissioner, who also in due course confirmed the sale.

Mr. Rolt left for England in the beginning of June 1903. In July 1903 the Assistant Settlement Officer, Mr. Byrne, appears to have given some information to Mr Lea, but the latter made no report or record with reference to this information, but he said he asked Mr Byrne and certain other persons, amongst them Mr Downing and Maulvi Shamsul Zoha, to assist him in making enquiries and to try and get definite evidence, but he said these persons were unable to get any such evidence against Mr. Rolt It was not until November 1903 that he made any report in the matter, but between that time and June 1904, he made several reports, both written and verbal, presumably to the Commissioner. Mr. Rolt returned from England in November 1903.

In order to appreciate Mr. Rolt's position at this time with regard to the estate of which he was Manager, it is necessary to consider for one moment the evidence as to the intrigues and difficulties with which he had had to contend against previously. What his position was can be learned from Mr. Lea's own statements before me. That gentleman stated that in June 1904 he was aware that Mr. Rolt had many enemies connected with

the estate, and chiefly amongst them were the Begum, the mother of the minors, and Sujait Ali Khan. He had been told by Mr. Rolt that Asaf Ali Khan was his enemy. At first he was not prepared to say that Maulvi Shamsul Zoha was very hostile, but he went on to admit that he had tried a case in which he had used very strong language about Mr. Rolt's evidence, which evidence he had entirely discredited. That the matter having come before him (Mr. Lea) in revision he had himself found that the observations made by Shamsul Zoha were not warranted by the evidence, and he considered the evidence was true. He knew that in the estate intrigues had been going on for years fomented by Sujait Ali; that Sujait Ali, who had been the tutor of the minors and their joint guardian with their mother, had about 1899 married the mother; that the marriage had been brought to the notice of the Board of Revenue by Mr. Rolt, with the result that Sujait Ali was dismissed from his post as tutor and guardian, and that it was from that time all the intrigues against Mr. Rolt had commenced; that he was aware that Sujait Ali, who was living with the Begum in Calcutta, had sent an emissary (he was not aware that he had sent more) to Khagra to create trouble and to get up charges against Mr. Rolt; that it was common knowledge in the district that a man claiming to have contracted a previous marriage with the Begum had prosecuted Sujait Ali in Calcutta for bigamy, and that Mr. Rolt had gone down to Calcutta to give evidence for the prosecution, though he (Mr. Lea) was not aware whether he actually gave evidence. Mr. Lea further stated that Sujaït Ali, since his marriage, had persistently endeavoured to get Mr. Rolt out of the management, and that the Begum herself had associated herself with him in their endeavours.

In this connection it was proved that in 1901 the Begum presented a petition to the Board of Revenue making a large number of charges of very serious misconduct against Mr. Rolt, in addition to a charge of extravagance or living beyond his income, and asking for the removal of Mr. Rolt. These charges were apparently very carefully enquired into and considered [*vide* letter, dated 12th April 1901, from the Commissioner to the Board of Revenue (Exhibit No. 16), Resolution of the 3rd May 1901 (Exhibit No. 15)], and Mr. Rolt was honourably acquitted and nothing but praise said of him by the officials concerned, as will appear from a number of letters, reports and other documents (both admitted copies and originals) (*vide* Exhibits Nos. 14, 14*a*, 15, 16, 17, 17*a* to 18*a*, 6, 19, 20 and 22). In November 1903 the Begum presented another petition (Exhibit No. 13) to the Board of Revenue protesting against Mr. Rolt being allowed to return after his leave to Khagra. Mr. Lea also stated that he was aware from the records in his confidential box that certain officers considered that Mr. Rolt had worked very well; that charges of a character similar to those in the present case had been made against him before; that the estate had been worked for years against the machinations of a number of Mr. Rolt's enemies; that Mr. Rolt's enemies had been trying to get him out of the Estate; that they had made charges of every possible kind of infamy against him in connection with his management, and that the charges had been investigated, but, without seeing the reports, he was not prepared to say that the then Commissioner and Board of Revenue had found that one and all of these charges were absolutely false, but on being pressed he admitted that Mr. Rolt had been acquitted of the charges brought by the Commissioner and Board of Revenue.

Various letters and resolutions were put in showing that Mr. Rolt as manager was very highly thought of by his superior officers.

Mr. Lea was aware that in 1901, Mr. Rolt had been actually charged by Sujait Ali with having enticed away his wife, the Begum, but he was not aware that this charge had been enquired into and found to be false by the Commissioner.

From the evidence of Mr. Lea and from the documents which were put in it is clear that for a very considerable time before June 1903, when Mr. Rolt left for England, he had been working among enemies who had not scrupled to charge him with gross misconduct with a view to getting him dismissed, and of this Mr. Lea was well aware before he began taking active steps against Mr. Rolt.

Mr. Lea's suspicions were first aroused in July or August 1903, when he received information of some sort from Mr. Byrne; but although he asked various persons, including Mr. Downing, who was the manager in respect of another share in the same estate, to try and get definite evidence against him, he says they were unable to get any, which is a very significant fact, and it may be taken that until (as will hereafter appear) he got certain information from Masuddi Singh, the treasurer of the Khagra Estate, whom Mr. Rolt had dismissed, he had got no definite information of any kind upon which action could be taken. Mr. Rolt returned in November 1903 and Mr. Lea continued to be on friendly terms with him, but upon terms, as he explained, which were never completely friendly. He invited him to his camp at Purnea in January 1904. In that month, however, he said he refused to put up with him at Khagra, but on being further cross-examined he admitted that during his visit on that occasion he twice breakfasted with him and he may have also dined with him, and he was not prepared to swear that Mr. Rolt had not been invited to dine with him.

In April a question arose between Mr. Rolt and his treasurer, Masuddi Singh, relative to the loss of a 500-rupee note. Correspondence ensued between Mr. Lea and Mr. Rolt between the 1st and 6th May, Mr. Rolt charging the treasurer with grave dereliction of duty, and suggesting that he should be prosecuted (*vide* Exhibits Nos. 1, 2, 2*a*, 2*b*, 3, 4, 5, 6 and 8).

Masuddi Singh was, under orders from Mr. Lea, suspended on the 6th May, and finally dismissed on the 18th May for the reasons given in Mr. Rolt's letter of the 23rd May (Exhibit No. 10), in which was enclosed a petition (Exhibit No. 10*a*) of Masuddi, dated the 16th May, and his explanation (Exhibit No. 10*c*) endorsed as having been received on the 19th May, the day after the dismissal.

In the correspondence referred to Masuddi Singh was stated to have absented himself on false excuses, and under orders from Mr. Lea he was ordered to be bound down in two sureties to attend before Mr. Rolt.

Among other reasons for the dismissal of Masuddi given in the letter of the 23rd May was "it was clear that the late treasurer had embezzled the amounts" mentioned in the letter.

In his petition Masuddi made no charges against Mr. Rolt relative to the alleged bribe in connection with the sale of the patni. On the 19th May he filed an appeal to Mr. Lea against the order of dismissal. On the 20th May he was said to have been hanging about the Collector's Court. Mr. Lea therefore sent for him to go to his private house, as he wished, he said, to ask him if he could give him any information about the charges he had heard of against Mr. Rolt, that is from Mr. Byrne, Mr. Downing and others, which in fact were mere rumours. At that time Mr. Lea was aware that Masuddi Singh had been dismissed. On being asked if that was the first time Masuddi Singh had brought charges against Mr. Rolt, Mr. Lea stated that he did not bring any charges, but that he (Mr. Lea) had questioned him.

Mr. Lea admitted that up to this time no one had told him that Masuddi could give him information about the alleged bribery.

On being asked what the charges were which he had heard against Mr. Rolt, he said one was the present charge and the other was with reference to another patni sale which had taken place a few days previously, and on being further pressed he stated that no one had made a charge, but that Mr. Byrne had informed him about the transaction with Parmeshur Lal (*i e.*, the alleged bribery). A Mr. Tucker also in September or October 1903 had spoken to him on the subject; also Mr. Downing and Maulvi Shamsul Zoha and the former Sub-divisional Officer, Monmohun Lall, in January 1904. What he was told he said was told him as a matter of general rumour; the rumour being that Mr. Rolt had made Rs. 5,000 (not Rs. 4,000) out of the sale. The only person who gave him any particulars was Maulvi Shamsul Zoha, and that was some time in April 1904, just a short time before the interview with Masuddi Singh, and the only particulars were that the money has been borrowed from Kunjo Lall Kanhye Lall.

It is curious as showing how vague was the rumour of which he was told that until the 21st May Mr. Lea never made any enquiries as to the value of the patni. It never occurred to him, he said, during all that time that the patni had been sold at an excessive value.

Mr. Lea's account of the interview with Masuddi Singh is shortly as follows:—

So far as he remembered, the first thing he asked him was to state to him what was the real cause why he and Mr Rolt had fallen out. He was induced to put that question because he was under the impression that there was something at the bottom which had not come out, that is to say, he did not, he said, believe that Mr. Rolt in his report was speaking the truth. It was not exactly in any particular; but previously when he had gone to Kissenganj, the Estate Pleader, Abdul Rohim, had come to him and tendered his resignation, and said he had been badly used by Mr. Rolt; then a telegram came from Darjeeling to him in which he withdrew a previous letter which he had written to the Pleader and expressed himself satisfied with his work Asked what on earth that had to do with his not believing the story of Mr. Rolt against Masuddi, all Mr. Lea could say was that that incident caused him to distrust Mr Rolt—that incident along with others, one of which was connected with a visit of Mr. Rolt to Benares in January to meet some globe-trotting friends (what the Benares incident was was not elicited, but he said that he had got some information with regard to that visit from certain gentlemen whom he mentioned).

There was another matter he afterwards added—a criminal case between Mr. Rolt and certain tenants in January 1904—the case in which be believed Mr Rolt's evidence after Maulvi Shamsul Zoha had disbelieved him. He said he held upon the evidence that Mr. Rolt was to be believed, but he was suspicious that the real facts had not come out,

After stating that there was no reason for doubting Mr. Rolt he went on to say that he had heard from Mr. Downing that there was a dispute between Mr Rolt and his office over the proceeds of the Khagra *méla*, but he admitted that as to this Mr. Downing was merely reflecting bazar gossip.

In asking Masuddi the question what was the real cause of his having fallen out, Mr. Lea stated that he had in his mind that Mr. Rolt in dismissing Masuddi and proposing that he should be prosecuted was endeavouring to cover a dispute about the *méla*.

Masuddi's answer was that the real cause had reference to the disposal of the estate of a man named Gopi Singh who had recently died at Khagra. I may say in passing that although Mr. Rolt afterwards invited Mr. Lea to send for the heirs of Gopi Singh to see if there was any truth in the suggestion, he did not do so, but deputed Inspector Nasiboollah Khan to ascertain if they would say anything, and on receiving his report he took no further action. As it appears that Nasiboollah Khan was not on good terms with Mr. Rolt, this is significant.

To resume Mr. Lea's evidence as to the interview with Masuddi:—He then asked him if he could give any information about the Moheshkhare patni taluq. He did not record

the statement, as he was hurried because he feared that if Masuddi stayed any time Mr. Rolt might get to know of his having had Masuddi brought to his private house, and his suspicious might be aroused. The suspicious part of it, he said,' was that the visit was to his private house. He made notes in pencil, however, and subsequently copied them out in ink. The notes as recorded are Exhibit No. 12, which are as follows:—

"MOSADI SINGH, Treasurer of Manager's office, on suspension.

The reason why Mr. Rolt has turned me out is because I and two other servants of the estate held in our hands about Rs 2,000, the property of a deceased tenant, Gopi. Mr. Rolt told me to make over half to the heirs, and to keep half for him. I made over the whole amount to the heirs, and so he has turned against me. I can give evidence of Rs. 80,000 which Mr Rolt has taken out of the Estate.

Patni sale of Parmeshur Lal's patni.—Last year Mr. Rolt bought this patni for the estate for Rs. 15,000. It is worth Rs 8,000 or Rs. 9,000. It was arranged that Parmeshur was to give Rs. 5,000 to Mr. Rolt. Babu Lal and Genda Dal, two servants of the patnidars, bid the patni up to Rs. 15,000.

Parmeshur Lal borrowed Rs. 4,000 on a *hundi* from Kunjo Lal on the 19th or 20th May 1903, and paid over this and Rs. 1,000 of his own to Mr. Rolt. On that same date Mr. Rolt sent Rs 5,000 through Nijabut Hussain Sharistadar, and Ramsukul Jemadar to Mohamed Hossain, who exchanged the cash for five notes of Rs. 1,000 each.

Mohamed Hossain got these notes two or three days before from Golam Rasul of Calcutta.

These five notes Mr. Rolt sent down either to the Bank of Bengal or to the Alliance Bank of Simla.

The 21st May 1904. (Sd.) J. H. LEA."

It never occurred to him, he said, that the statement might be false or that it was strange that Masuddi should have known the occasion and date when Parmeshur had borrowed the money, but it did strike him that he was prepared to give him any information against Mr. Rolt that he could

Considering that Masuddi was a servant dismissed by Mr. Rolt on charges involving serious dishonesty, and having regard to Mr. Lea's knowledge of the previous intrigues against Mr. Rolt and the opinions of previous Collectors, Commissioners and Members of the Board as to his successful management in spite of all he had to contend against, one would have thought he would have sent for Mr Rolt and asked for an explanation. He did not however do so. He sent for Babu Nund Kissore Lal, Income-Tax Deputy Collector, and instructed him to make use of his position as Income-Tax Collector, and obtain possession of the books of Parmeshur Lal, Kunjo Lal Kanhye Lal, and Mohamed Hussain, pretending (that is the only appropriate expression) that the books were wanted for purposes connected with the assessment of their income-tax. The Deputy Collector, it need hardly be said, got possession of the books, and he made them over to Mr. Lea on the 24th or 25th of May. To my mind it was most reprehensible on the part of Mr. Lea to make use of the Income-Tax Deputy Collector as a detective, and I am astonished that the Deputy Collector should have lent himself to a proceeding so improper.

The Income-Tax Deputy Collector was also sent to Calcutta, not as an Income-Tax Collector, but as agent of the Collector, with a letter to the Manager of the Alliance Bank, where Mr. Rolt had an account, and he obtained information which tended to confirm Mr. Lea's suspicions against Mr. Rolt. Not content with having taken the statement of the dismissed treasurer, Mr. Lea, on the 3rd June 1904, took the statements of Asaf Ali Khan and Debi Singh, the name of the latter being suggested to him by the treasurer. Although he was aware, as he admits, that Asaf Ali was a notoriously bad character and a relative of the treasurer, he sent for him "for the purpose of ascertaining whether he could give me any information against Mr. Rolt" He was not then aware that Debi Singh was also a man of bad character. It did not however occur to him (as it would to any ordinary man) to send for Parmeshur Lal or Kunjo Lal to ask them as to the entries in their books. He was asked why he did not send for and examine these men, and his answer was that he "never thought that they would say anything on the subject."

In the meantime Mr Rolt was ignorant—he certainly had not been informed—that his dismissed treasurer had made a statement against him On the 6th June he wrote a letter (Exhibit No. 23) to Mr. Lea complaining that the treasurer had given out that he had been to Calcutta and seen Sujat Ali; and some men of Sujait Ali, he was informed, had been to Khagra, and that correspondence would show how on other occasions dismissed servants of the estate had gone to Sujait Ali, as they knew he (Sujait Ali) had very bad feelings towards them. On receiving that letter Mr. Lea made no enquiries whether Sujait Ali or his emissaries were about Kissenganj or with regard to any of the other matters stated in the letter.

On the 9th June Mr Rolt again wrote another letter (Exhibit No 25) to Mr. Lea. In that he informed Mr. Lea that the treasurer and party still continued to converse with bazar people, bankers and others of what they will do, and that Sujait Ali will help them. "I believe," he said, "from the way that the treasurer talks Sujait Ali has sent some men to

help him, as I hear a report that such a man came and stayed with Debi Singh and the treasurer, and that they all went to the house of one Parmeshur Lal, late patnidar of Moheshkhare, and certain tenants of this taluq were sent for and instructed not to pay rent and if possible to go and complain against the tahsildar to you."

These letters refer to matters which seem to show a course of conduct on the part of Masuddi Singh which might very reasonably have suggested the advisability of making enquiries as to what Sujait Ali or his people were doing.

On the 11th June Mr. Rolt sent a telegram (Exhibit No. 26) to Mr. Lea, stating: "Just heard of plot against me by Sujait Ali, Asaf Ali Khan, and treasurer. Coming immediately. Have confidence on me. Can disprove everything. Please retain all books made over by parties concerned in the plot."

On the 12th June, Mr. Rolt wrote asking for an interview with Mr. Lea, and an appointment was made for the following morning at 7-15.

At this time all the statements of Masuddi charging Mr. Rolt with having taken a bribe and all other information which had been collected by Mr. Lea from Messrs. Byrne, Downing, Shamsul Zoha, Nund Kissore and others had been reported (on the 11th June) by Mr. Lea to the Board of Revenue

As to the interview which took place on the 13th June, Mr. Lea's evidence is as follows:—Mr. Rolt asked if there were any charges against him. The tenor of his reply was that no charge had yet been framed He was not able to remember whether he used the word "framed," but he thought he used the word "made." He knew that Mr. Rolt wished to know what was against him, and he wished to know everything. Mr. Rolt stated that he would be prepared to give an explanation of any matter that might be charged against him. Mr. Lea replied that at present no charges had been made against him, but when charges were made his explanation would be called for, and he told him that it was unnecessary for him to offer any explanation then, as there were no charges against him Asked by Counsel whether he thought this was quite an accurate statement by him, he replied—Yes; charges in his mind meant formal framed charges. Asked whether he thought that Mr. Rolt was asking about such charges, he replied that he could not say, but he did not believe he did.

In this connection I feel constrained to remark that in thus putting Mr. Rolt off, Mr. Lea showed a want of that straightforwardness and candour which one would not expect from a gentleman in his position. It was open to him, if he thought fit, to refuse to give any information, but it is impossible to justify his evasion and the palpable inaccuracy of his reply to Mr. Rolt's inquiries.

In his evidence as to what further happened at the interview he said that, so far as he could recollect, Mr. Rolt told him that he had heard that the treasurer had been putting the tenants on the estate up to laying charges against himself of having tried to get bribes from them; that he had heard that certain tenants had been brought into Purnea to a pleader there, whom he named, to draw up the charges, and that the petitions containing these charges were to be presented to him (Mr. Lea); that he had also heard that the treasurer had gone to Purnea and taken away the petitions from the pleader, and Mr. Rolt asked him (Mr. Lea) to send for the pleader and enquire if these facts were true. Mr. Lea said that afterwards he did send for the pleader and he ascertained that the persons mentioned by Mr. Rolt had come to him, and he had drawn up petitions charging Mr. Rolt with having attempted to take bribe from them The petitions, however, were never presented, and Mr. Lea said he had never seen them nor made any further enquiry with regard to them.

Continuing his evidence as to the interview Mr Lea said he did not remember whether Mr. Rolt had given him information with regard to what he had heard the dismissed treasurer was doing and the persons he was having communications with, but he said Mr. Rolt did produce the (currency) note register of the Khagra office, which he said had been kept by Masuddi Singh, and he pointed out what he said were false entries by Masuddi Singh with regard to notes supposed to have been received and disbursed, which false entries he stated were in the handwriting of the treasurer himself He also brought certain other books from the Khagra office and a number of papers and documents, treasury challans, etc. He pointed out entries in the book in the handwriting of Masuddi which he said could be proved by those other documents to be false.

He showed him, he said, one isolated entry in the book, but he did not, so far as he could recollect, show him a continuous series of false entries in the handwriting of Masuddi in connection with currency notes received and disbursed. He showed him some half a dozen such entries spread over several years, as far as he could recollect In reply to the question by Counsel whether it was not a fact that Mr. Rolt had pointed out over 50 entries in the note-book and the other documents, he said that Mr. Rolt said he was prepared to show him over 50 entries. He showed him instances of entries in the note register showing a large number of notes as having been remitted from the office to the Begum, whereas he said the treasury challans and other documents in the office would show that a much smaller number had been sent to her. He told him that it was perfectly clear that Masuddi had been acting in the interest of Sujait Ali and the Begum in what he was doing, so as to be able to bring charges against the manager the moment the estate came into their hands, which it would about the beginning of 1906, and that there were papers in the office records which would prove that the entries in the note register were false.

"What did you think of that?" asked Counsel, and Mr. Lea's reply was that he certainly did not trust the treasurer at all at any time. He thought that in his report he had said that the evidence of the treasurer was open to suspicion, but he did not tell his official superior (the Commissioner) what Mr. Rolt had told him as to what he was prepared to prove; for his report had already gone up and he sent no other report.

He said further that Mr. Rolt told him that he had heard it had been given out by Masuddi in the bazar that books had been placed before him (Mr. Lea) and that his bank account had been inspected, and he asked in what connection all this had been done and that he (Mr Lea) declined to tell him. On one occasion—it may have been on that occasion—he told him that he had recently inherited money from his father and grandfather, that he had been speculating in jute shares in Calcutta with that money. It was clear, Mr. Lea said, that Mr. Rolt then thought that the point of examining his bank account was as to his means and monetary transactions, and he appeared to be endeavouring to explain how he had large sums in his bank account. He (Mr. Rolt) told him of specific sums which he had remitted comparatively recently. Mr. Lea was unable to say whether it was on that occasion that he said he had heard that Mr. Byrne had been saying things against him. On another subsequent occasion at Kissenganj, Mr. Rolt had told him that he had heard that Mr. Byrne had been making certain allegations against him, and he showed him some papers in connection with a case which had been before Mr Byrne in which that gentleman had evinced great ill-feeling towards him. Mr. Rolt further stated that Asaf Ali was in the plot, and he showed a record of Mr. Faulder, a previous Collector, regarding Asaf Ali. This record, Mr. Lea said, showed that Asaf Ali was a man of about the very worst character, and he (Mr. Lea) had known him to be a bad character before that.

Mr. Rolt, he said, left him on the 13th June with the assurance from him that there were no charges against him, and that when there were such he would be given an opportunity of making an explanation and that the reason for not then requiring an explanation was that there were no charges to explain. "I did not," he went on to say, "tell Mr. Rolt that I had two days before that sent a report against him" This report, he said, he wrote at Bhagalpur on the 11th June in the house of the Commissioner. The interview took place on the 13th June, and Mr. Rolt went back to Kissenganj. Between that date and the 16th, Mr. Lea said he made no enquiries of any sort. On the 16th a telegram (Exhibit No. 28) was sent suspending Mr Rolt and directing him to make over charge to Shamsul Zoha. Mr. Rolt at once wired back (Exhibit No. 29) protesting against Shamsul Zoha being appointed to take over charge. Mr. Lea replied that the orders of the Board were imperative and that he had himself recommended Shamsul Zoha. Mr. Rolt wired for one day's time to make over charge, but he was told to obey the Government order. Then followed certain letters, dated the 16th June, from Mr. Rolt to Mr. Lea (Exhibits Nos. 33, 34 and 35). In these Mr. Rolt vehemently protested against Shamsul Zoha being put in his place. The first letter ran as follows:—

"MY DEAR LEA,

"Just received telegram suspending me and ordering me to make over charge to Shamsul Zoha to-morrow Of all men in the world Shamsul Zoha is the last man I expected would be permitted under any circumstances to have anything to do with me. How he displayed his feelings towards me in the criminal case is on the record. How he has been interviewing treasurer is known to all. I am surprised and naturally heartbroken at the order of suspension without any opportunity being given me of explaining anything, which you assured me would be given when I personally came and informed you of what report was being spread by the treasurer. I offered then and there to explain anything that might appear to require explanation, but you said it was not necessary. The hands of all my enemies will be strengthened immensely by my suspension. Where am I to go? I cannot possibly leave the house at a moment's notice. I have been here now close on 11 years, and have accumulated round me many things. I presume that the authorities do not intend to turn me out of the house neck and crop till they have at any rate heard what I have to say in my defence. It is impossible for me to leave the house. I have to stay in Kissenganj, as I propose there will be some enquiry, and all papers, etc., are in the office, from which I presume I shall be allowed to call for papers, etc., in my defence. The whole plot is being worked and got up by those against me. What could I do more than on hearing of the plot come in to you, and offer to explain anything that you might consider required explanation? Instead of this I am suspended without being given an opportunity of explaining anything, putting me in a most difficult position, and at the mercy of the others, of whom Shamsul Zoha is one. I informed you how he was seen pouring over the books of Mahomed Hossein with Income-Tax Deputy Collector.

"Till I receive further orders to make over charge to Shamsul Zoha may I postpone making over charge?

The 16th June 1904. (Sd.) A. C. ROLT."

On the 17th Mr. Rolt made over charge. On the 18th Mr. Lea went to ____ and wrote to Mr. Rolt a letter (Exhibit No. 36) sending a copy of his report to the ____ of Revenue and of certain telegrams and making an appointment. On the same day he

saw Mr. Rolt, but beyond what was stated in his report to the best of his recollection, he said he gave him no information as to the books or anything else, except that he told him that the first person who had ever given any information against him was Mr. Byrne. Mr. Lea was asked if Mr. Rolt had not on that occasion actually shown him a *hundi* in favour of a well-known banker named Hurruck Chand on which he had borrowed a large sum of money. He replied that he did not quite remember, but that he did remember that Mr. Rolt had mentioned that he had borrowed Rs. 2,500 from Hurruck Chand on a *hundi* as an advance of pay in May, before he started for England. He did not see the *hundi*. Mr. Rolt did not tell him in what form he got the money. Mr. Lea made no enquiries from Hurruck Chand in connection with what Mr. Rolt told him. He was aware, he said, that Mr. Rolt had borrowed Rs. 2,500, but he was not aware that this was on the 22nd May 1903, or that Hurruck Chand had paid the money by two notes of Rs. 1,000 each and other money, or that the identical notes were deposited by Mr. Rolt in the Alliance Bank. He admitted that Mr. Rolt had further told him that he had borrowed a further sum of Rs. 2,000 from Hurruck Chand on the security of a diamond ring in May, just before he started for England Mr. Lea, however, made no enquiries of Hurruck Chand about this. He did not ask for production of his books or send the Income-Tax Collector to see the books So far as he recollected, Mr. Rolt told him that he had deposited the two sums of Rs. 2,500 and Rs 2,000 received from Hurruck Chand and certain other sums received by way of interest (or dividends) on shares with his bank in Calcutta.

On this occasion Mr. Lea said he thought he did not ask Mr. Rolt any question, but that Mr. Rolt himself said that every one of the charges in his report he could explain, and that he was perfectly prepared to give his explanation. He also said that after his suspension and after the way he had been treated it would be of course impossible for him to remain at Khagra under any circumstances. He had been suffering in health, the action of the Government having told upon him; that the place was alive with enemies of his, and it would be perfectly impossible, whatever explanation he gave, to work again after having been displaced in this way; and he asked him (Mr. Lea) as a friend whether under the circumstances he ought not to send in his resignation. As a friend he advised him to do so, and said he would strongly advise its being accepted; for he knew his position was an impossible one, whatever explanation might be given. At the same time Mr. Rolt said he would give all the explanations necessary and show that the charges were unfounded. "He then left you to consult his friends?" Counsel asked, and Mr. Lea replied: "He left me to go and consult Mr. Downing and Shamsul Zoha. No; I will not swear that he mentioned these names. I suggested those two names, although I am not prepared to swear to them, because my impression was that he mentioned these names." Later in the day Mr. Rolt came back, and in his (Mr. Lea's) presence wrote from a draft which he brought a letter tendering his resignation (Exhibit No. 37) and he (Mr. Lea) approved of it.

On the following day, the 19th June, Mr. Rolt left for Calcutta, but before he left and before his resignation was tendered Mr. Lea wrote him a letter on the 18th (Exhibit No. 38) in which he informed him he would not go on with the enquiries until he received fresh orders from the Board, and when he left he was, Mr. Lea said, under the impression that he (Mr. Lea) would not make any further enquiry until he received fresh orders on the letter of resignation. As a matter of fact he said he received no orders from the Board of Revenue until a considerable time afterwards—it might be a month afterwards—but on the 20th June he received orders from the Commissioner on the letter of resignation, but the Commissioner, he said, had not been informed that he (Mr. Lea) had told Mr. Rolt he would hold his hand.

On the 20th June (a Monday) Mr. Lea commenced to make further enquiries. On that day, when he was about to record the evidence of witnesses, Babu Rakhal Das, Mr Rolt's pleader (Mr. Rolt himself having gone to Calcutta), appeared before him and told him that Mr. Rolt was in Calcutta, but he (Mr. Lea) refused to allow him to appear, because he said—in answer to the question why?—it was a preliminary enquiry. He, however, went on to say that in this particular case the objection was that he (Mr. Lea) anticipated that the witnesses would be afraid to speak if Mr. Rolt or his pleader were present. The witnesses were witnesses, he said, whom he was prepared to put into a Criminal Court to prosecute Mr. Rolt, and he was going to hold the enquiry on oath

"Why should you anticipate this timidity on their part?" asked Counsel. Mr. Lea replied that it was owing to Mr. Rolt's influence in Kissenganj. He did not, however, anticipate any timidity on the part of Masuddi, though he did on the part of Parmeshur Lal, the patnidar, his son, Bunwari Lal, and his two servants (who had bid at the auction) and on the part of Kanhye Lal and Muhamed Hossein. "I thought it best," said Mr. Lea, "to keep Mr. Rolt away from hearing what they (the witnesses) would say. The first great thing was to have their evidence recorded on oath somehow. I knew they would ultimately have to face Mr. Rolt."

Asked "When did you think their timidity would ultimately be got over?" Mr. Lea replied: "When they had once given evidence before me it was not probable that they would at a subsequent hearing refuse to give evidence. There was perjury behind if they did. The question was to get them into the box. The thing was to get them to stick to that same story. Yes, the great point was to have something which they could not get out of without committing perjury, and the best way was not to have the gentleman against whom they were bringing the charges confronting them. Yes, I have had sufficient

experience of this country to know that there is a considerable advantage sometimes in having a witness who is going to make a statement against another confronted with that other. I have heard of natives of this country against whom charges have been brought asking to be confronted with their accusers. I know that many a man will state what is false behind a man's back when he will not dare to say it to his face."

On being asked how the presence of the pleader was to operate on the nerves of the witnesses, Mr. Lea said that Babu Rakhal Das was a very influential person in Kissenganj. What he (Mr. Lea) wanted to get out of them (the witnesses) was the truth, and he had still to get the truth out of them, that is, their statements. "Then," said Counsel, "you assumed their statements were the truth?" "I did not," Mr. Lea replied, "assume that the statements were true. I did not assume any such thing." In this matter Mr. Lea was, he said, acting under the orders of the Commissioner, but not orders in writing. The Commissioner had told him at Bhagalpur between the 9th and 11th June that until charges were framed, Mr. Rolt could not claim to be present, and that it would be better not to allow Mr. Rolt to be present.

Babu Rakhal Das asked him (Mr. Lea) to postpone the enquiry until Mr. Rolt came back.

Asked where was the hurry, having regard to the fact that he had told Mr. Rolt that he would make no enquiry until he got orders from the Board of Revenue, he said that the Commissioner had sent him a telegram, and there were two reasons for hurrying on. In the first place, he was under the impression that he had told Mr. Rolt that he would not continue his enquiries until he got orders *from the superior authorities* and not from the Board of Revenue (as stated in the letter of the 18th June). In the next place, Mr. Rolt had told him that he would be back at Kissenganj on the Monday, but as a matter of fact he did not get back, and he (Mr. Lea) was unable to say when he would get back.

On the 20th June, to the best of his recollection, he (Mr. Lea) received a telegram from Mr. Rolt saying he was coming back at once. Rakhal Das had applied for a postponement on the ground that Mr. Rolt had gone away under the impression that no enquiry would be held, but he (Mr. Lea) told him that even if Mr. Rolt himself had been present, he would not have allowed him to appear. The witnesses were examined one by one, the enquiry being held with closed doors.

I have purposely set out above a transcript of the evidence of Mr. Lea practically in full and just as it was recorded in regard to his interviews with Mr. Rolt on the 13th and 18th June respectively and to the circumstances under which and the object with which he came to hold the enquiry behind Mr. Rolt's back.

I now come to the enquiry itself.

The witnesses, Mr. Lea said, were to have been present on Friday, the 17th, but, in consequence of what had passed on the 18th between Mr. Lea and Mr. Rolt, they were sent away on the 18th, with what instructions he (Mr. Lea) did not recollect. It was either the Excise Deputy Collector or Shamsul Zoha who collected them on Monday, the 20th, but it was the former who brought Kunjo Lal. Masuddi, too, was busying himself in the matter. He was chief prosecutor. [I may here mention that Kunjo Lal was not examined before the committing Magistrate, but his brother, Kanhye Lal, was. Before Mr. Lea, Kunjo Lal stated that it was he who lent the money to the patnidar, Parmeshur Lal, which was said to have been borrowed in order to bribe Mr. Rolt, and that was the case then put forward by the other witnesses also. It is true that Kunjo Lal made a statement that his brother was present "then," but from the context the word "then" clearly refers to another time. This, however, Mr. Lea has explained, as will appear hereafter.] With regard to Kanhye Lal, Mr. Lea said he first heard of Kanhye Lal as a proposed witness on the 20th June, but he corrected himself at once, adding that he was not told of him as a proposed witness. Then he said he was told that on that day (the day of the bribe) Kanhye Lal had been present in the shop (of his firm), but that as Kanhye Lal was away at the date of the enquiry his partner would be a witness, but he did not remember if he asked Kanhye Lal as to that. He was aware, he said, that in the depositions he took down, the name of the person who was alleged to have made the advances was invariably stated to be Kunjo Lal, and that the story now was that it was Kanhye Lal. He was under the impression that *Kunjo Lal* in his statement said that his brother was present at the time. Referring to the last statement in the deposition, "my brother was present then," he admitted that "then" as it was written did not refer to the time of the payment (see, however, his later explanation). Now he said the story was that it was Kanhye Lal who was in charge of the firm and who alone had to do with the transaction. Parmeshur, he said, stated it was *Kunjo Lal* who lent him the money, and Kunjo Lal himself said, "I lent it." At the time of the enquiry the whole case was that it was *Kunjo Lal* who advanced the money. In the original note (Exhibit No. 12) of what Masuddi had stated to him on the 21st May, it appeared he had said Parmeshur Lal borrowed Rs. 4,000 on a *hundi* from *Kunjo Lal* on the 19th or 20th May. Bunwari Lal, the son of Parmeshur Lal (who was not examined by the committing Magistrate), and Genda Lal also stated in their depositions before him (Mr. Lea) that Parmeshur had borrowed Rs. 4,000 on a *hundi* from *Kunjo Lal*, and *Kunjo Lal* himself said it was he who lent the money. Subsequently Mr. Lea stated that he then remembered that it was on the information given to him by Nando Kissore Lal that Kanhye was not present at the time of the enquiry, that Kunjo Lal was asked the last question put to him, and in reply to that he had stated that his

brother was present "then" (meaning at the time of the payment, and this, it seems to me, is quite possible). Mr. Lea said he first knew that Kanhye Lal would be available as a witness the day before the trial (enquiry) before Mr. Heard, that is on the 19th July. He did not see him on the 19th, but he saw him on the 20th July between 7 and 9 A.M., when he was brought by Shamsul Zoha. He did not take his statement because he thought it advisable not to do so. Shamsul Zoha, however, told him what he would say, and that was the first time he ever heard what Kanhye Lal would be prepared to say. Mr Lea further said he was present when Kanhye Lal was examined before Mr. Heard, and he heard him say that for the last three years he had been in charge of the local firm, his brother *Kunjo Lal* having been ill and away at his house in Jaipore district, and that he had returned since last *Magh* (January 1904), but he was unable to say that this was to raise the suggestion that he (Kanhye Lal) alone was able to speak to the transaction of 1903. Anyhow he said the result was the *exit* of Kunjo Lal from the case and the entry of Kanhye Lal to speak to the transaction.

Mr. Lea further stated he was aware from the time he first examined Kunjo Lal that it was not *Kunjo Lal* who lent the money, some of the other witnesses having, he added, said it was the firm of Kunjo Lal who lent the money. He thought some of them did mention the firm, but he did not record it.

"I say," Mr. Lea went on, "the last sentence ('my brother was present then') shows that Kunjo Lal meant that his brother was present when the transaction took place (After a pause:) The last sentence as written in my record shows that after my examination was closed the witness was subsequently asked that question It was not to corroborate Kunjo Lal. I understood at the time when I examined Kunjo Lal he used the word '*hum*' ('I lent'). I understood him to mean that he had transacted the matter"

Kanhye Lal, Mr. Lea said, was never subpœnaed, nor was he directed to be in attendance until notice was sent to him (Mr. Lea) on the 19th July to come and see him. That notice was sent through Shamsul Zoha. Kunjo Lal was subpœnaed, but he did not think that it was a fact, as suggested by Counsel, that he was brought to Court in police custody; but as a matter of fact he said a protest was made to the Court that all the witnesses were being kept in police custody, including Kanhye Lal.

This completes the evidence of Mr. Lea as to the enquiry made by him

On the 11th July he referred the matter, he said, to Mr. Heard to take criminal proceedings, and he sent him the statements of the following witnesses—Masuddi, Purmeshur Lal, Bunwari Lal, Genda Lal, Kunjo Lal, Nund Kissore and Mohamed Hossain,—and he told him of the other witnesses who might be summoned if required, namely, Babu Lal and the manager of the Alliance Bank. The name of Kanhye Lal was not mentioned by him, as he only heard of him as a witness on the 19th July.

After the enquiry by Mr. Lea had been completed, as it was with closed doors, Mr. Rolt, who up to this time had no opportunity of making an explanation, sent various letters and telegrams to Mr. Lea.

On the 22nd June he wrote to Mr. Lea (Exhibit No. 40) complaining that contrary to arrangement the enquiry had been proceeded with, that witnesses had been examined and no one permitted to appear on his behalf; that Shamsul Zoha had taken up his quarters in part of his bungalow, and had posted a guard of three police at night. He stated that Asaf Ali Khan, Debi Singh and Masuddi were the prime movers against him, and he asked if it was right and proper that Shamsul Zoha should mix himself up with Asaf Ali and these men and openly receive them in the same bungalow. He begged Mr. Lea to see fair play, and he asked that he (Mr. Lea) would ask the *higher authorities* for permission to let him know who the witnesses were and the statement they had made against him, and to enquire whether or not they will allow him to be heard before passing orders against him.

On the 23rd June he wired to the Senior Member of the Board of Revenue at Darjeeling (Exhibit No 41) imploring Government to give him a hearing and not to decide against him hurriedly or *ex-parte*, and stating that there was a gigantic plot against him, and that if an impartial officer were deputed and he himself heard everything would come to light, and he asked if he might come to Darjeeling for one day only The reply (Exhibit No. 2) was "The Board decline to review order already passed" On the same day he wrote again (Exhibit No. 43) complaining that no enquiry had been made with regard to certain allegations made against him with regard to the heirs of one Gopi Modi, and he pointed out how he had been prejudiced. He stated that the heirs of Gopi Modi would now find themselves at the mercy of Debi Singh and his party and would be coerced with a view to compel them to support anything that they might wish to say against him (Mr. Rolt). Mr. Lea was unable to say that the suggestion that he had not answered either of these letters was not correct. On the 24th June, however, he wrote to Mr. Rolt that he must vacate the bungalow in a week, and on or about the same day he said Shamsul Zoha applied to the Secretary of the Board of Revenue for Mr. Rolt's post (Exhibit No 44) On the 28th June he wrote (Exhibit No. 46) complaining that Shamsul Zoha had during his absence insisted on opening the part of the house in which he had been permitted to remain in order to show it to Mr. and Mrs. Heard, and he wished to know what it meant. In his examination before me Mr. Lea explained that Mr. Heard had applied for Mr. Rolt's post and he had gone to show Mrs. Heard the manager's house.

On the 30th June Mr. Rolt wrote another letter (Exhibit No. 45) enclosing correspondence between him and Shamsul Zoha (Exhibits Nos. 45, 45*a*, 45*b*, 45*c*, 45*d*). The following is a copy of the letter of the 30th June:—

"KHAGRA,
The 30th June 1904.

"To J. H. LEA, ESQ, *Purnea.*

"DEAR MR. LEA,

"On the 24th I received your telegram informing me that Board of Revenue were unwilling to accept my resignation. I left for Calcutta. On the 28th I returned and received your letter dated 24th asking me to vacate the bungalow. This I have informed you I am arranging to do. The order is a very very hard one. I am under suspension, and no opportunity of any kind has up to date been given to me of explaining anything. I understood from you that I should be allowed to remain in part of the bungalow. I have a great deal of writing to do, copying out letters for a representation which I am preparing to submit to the authorities through you. Shamsul Zoha at first, after my pressing, allowed the Accountant, Debendro Nath Bose, and one Hindi-knowing clerk to assist me in copying out my papers. This day, however, an order has been issued that any one coming to see me will be criminally prosecuted or dismissed. They must not come to see me, and the Accountant, who was told that he might come and do my work out of office hours, has now been ordered not to come near me. I am, therefore, alone with no one to assist me in copying out my papers; and as my health has suffered too much lately, I find it impossible to complete the representation I had hoped to have placed before you on your next visit. How can I properly prepare my representation alone? No doubt the object of the orders issued by M. Shamsul Zoha is intended to lower me, as far as possible, in the eyes of the subordinates of the estate, as well as in the eyes of the public. I enclose you a letter I addressed to Shamsul Zoha and his reply. He is a Muhammadan, and the only explanation I can see for the great interest he has taken in supporting the treasurer, long before I was suspended, is that he is, in some way, connected with those who are most interested in getting me out of the management. The wording of his judgment against me in the criminal case satisfied me that he was biassed to a degree against me and had some ulterior motive in writing as he did. His attitude towards me since he took over charge, though he has tried his best to conceal the part he was taking against me, has clearly proved he is moving secretly heaven and earth to injure me. His orders and attitude may encourage people to give false evidence against me. Considering his delicate position, one would have thought that he would have held aloof from the intrigues against me which are no part of his present management, unless you have specially ordered him to hunt up evidence against me, *which I do not believe possible.* The order to leave the bungalow is no doubt given on his representation. The order prohibiting anyone coming near me on fear of criminal prosecution is another most unfair order, given with the set purpose of making my position, if possible, even more difficult than it is at present. People not connected with the office are now frightened to come near me. It is said they will be prosecuted under "Official Secrets Act"; and this is the order given by M. Shamsul Zoha: "The clerk and the muharrirs of the Khagra Estate are not to communicate any matter to Mr. Rolt; if they do so, they will render themselves liable to prosecution under the Official Secrets Act." People are ignorant and do not know what the new Act is. Even workmen are now frightened to work for me, as they say they dare not do so. This is my position at present in this out-of-the-way place, all alone as I am. M. Shamsul Zoha receiving Asaf Ali Khan in his bed, room and other orders issued by him are all clear indications that I was justified in begging you not to send M. Shamsul Zoha to relieve me. I need not comment on the letter of the officiating manager, Shamsul Zoha, which letter speaks for itself.

Yours truly,
(Sd.) A. C. ROLT.

"*P S*—I am unable to copy out this letter, and have therefore sent it to Accountant and asked him to copy it out. I have not seen him, as by doing so I would make him liable to criminal prosecution or dismissal.

(Sd) A. C ROLT.

On the 2nd July Mr. Lea replied (Exhibit No 49) as follows:-

"PURNEA,
The 2nd July 1904.

"MY DEAR ROLT,

"Your letter of 27th June 1904 and other letters. I send you in a separate cover a copy of Collector's No. 28, dated 23rd May 1895. As to the attitude of Mahomed Shamsul Zoha.

he has been directed by me to make enquiries on many matters, and it is of course the duty of both of us to find out all that we possibly can with regard to the charges against you in any way that we think proper. I am, however, writing to him to allow Debendro Babu or any other clerk you may want to help you to work for you and give you access to any papers you may require.

Yours sincerely,
(Sd.) J. H. LEA."

With regard to the statements contained in Mr. Rolt's letter of the 30th June Mr. Lea said he enquired and ascertained that they were true. He objected, he said, to what had been done. He considered it objectionable. The order (Exhibit No. 47) of Shamsul Zoha was as follows :—

"The clerks and the muharrirs of the Khagrâ estate office are hereby warned not to communicate any matter of the Khagra estate office to Mr. Rolt as long as he is out of office. If they do so, they will render themselves liable to prosecution under the Official Secrets Act or dismissal They must not interview Mr. Rolt without special permission of the Manager or the Collector.

"Show to all clerks and muharrirs and return to me.

(Sd.) M. SHAMSUL ZOHA."

On the 1st July Mr. Rolt again wrote to Mr. Lea (Exhibit No. 48) complaining that although he had been suspended, he was still, on the 1st July, quite in the dark as to how the case stood against him, and he asked if he was to be given an opportunity of being heard. He pointed out that the great delay that had taken place had strengthened the hands of his enemies and given an opportunity for the concocting of false evidence against him. How Shamsul Zoha had been acting would be clear when he (Mr. Lea) perused the correspondence that had taken place between them, copies of which he was sending. "I am being treated in a very hard way," he said, "and those working against me are encouraged seeing the way Shamsul Zoha treats those who are against me. I say no more, but can only appeal to you."

On the 4th July Mr. Rolt again wrote to Mr. Lea (Exhibit No. 50). His letter is as follows :—

"KISSENGANJ,
The 4th July 1904.

"MY DEAR MR. LEA,

"For some days I have been thinking of writing and asking you if it is too late for you to reconsider the whole position of affairs; undoubtedly my order for suspension was given on receipt of your report, which report has been made before you had an opportunity of hearing anything I had to say, and which report, I firmly believe, would never have been made, anyhow in the form it was made, had you before you the facts which I could have placed before you, and some of which I did not show you when it was too late. You believed all that was told you, but is it even now too late for me to try and prove to you that the representations made to you were false? I believe you would do me justice even at this stage of the case, if I could have an opportunity of placing before you my side of the case from the date when I first took over the management up to the present moment.

Because you made a report against me, this is no reason for your never changing your opinion. I believe you must have changed your opinion at least on many points. Of course I expect no reply to this. Everything rests with you.

Yours sincerely,
(Sd.) A. C. ROLT."

To that letter Mr. Lea said he did not reply, but on the 10th July he wired that a prosecution had been ordered, and on the 10th July he sent the papers to Mr. Heard.

On the 11th July Mr. Rolt came and saw him and surrendered and begged that there should be no warrant of arrest issued, as he considered it would be putting upon him an unnecessary indignity. "I told him," said Mr. Lea, "that the matter had been referred to the Subdivisional Officer of Kissenganj (Mr. Heard), but I did not mention that he was an applicant for his post. I told him that he need not fear arrest, as I considered there was no chance of his absconding." He went on to say that he would give him a letter to the Subdivisional Officer to prevent anything of that sort taking place, and he in fact gave such a letter. Mr. Rolt had told him that he had come to Purnea, as it would be easier to get sureties there. On the same day (the 11th July) he sent a wire addressed to Kissenganj (to Mr. Heard) stating that Mr. Rolt was in Purnea and would be with him the following day. Both he and Mr. Rolt were under the impression that Mr. Heard was in Kissenganj, and he knew that Mr. Rolt had come straight that day from Kissenganj. He was not aware

that on the 11th Mr. Heard left Kissenganj and went 40 miles out, but he subsequently ascertained that he was in camp when he received his report. As a matter of fact when the telegram reached, Mr. Heard was in camp. He issued a warrant for Mr. Rolt's arrest, but he (Mr. Lea) was not aware that he received the wire that Mr. Rolt would be with him the following day an hour before he issued the warrant for Mr. Rolt's arrest. He (Mr. Heard) required a recognizance for Rs. 8,000 and two sureties for Rs. 4,000 each. He knew that the Police Officer Mr. Hirst went to arrest him in his own bungalow, and that Mr. Rolt was unable to get two sureties there, and that on hearing of his (Mr. Lea's) letter Mr Hirst on his own responsibility accepted a recognizance of Rs. 16,000. He (Mr. Lea) strongly disapproved of Mr. Heard's action.

There is only one other matter to be mentioned to complete Mr. Lea's evidence as to the part he himself took in getting up the case against Mr. Rolt, namely, the reasons given by him for not allowing Mr. Rolt an opportunity of explaining, and I shall refer to that now.

He said that prior to Mr. Rolt's suspension he never gave him an opportunity of knowing what charges were made against him, though he had appealed to him to do so. He (Mr. Lea) never gave him the slightest clue to the charges that were being made against him. That line of conduct was partly of his own initiative and partly under orders of his superior officers, that is of the Commissioner only—Mr. Macpherson. At that time he knew that Mr. Rolt had served the Court of Wards for a considerable number of years, but he did not know that his service had been one of great credit to himself. He was aware, however, that certain officers considered that he had worked very well. That was from his confidential box and official records. He was aware of this when he adopted this line of conduct. Mr. Macpherson was also aware of that. "I did not," he said, "consider the question of fairness to Mr. Rolt. I simply wished to get at the bottom of what might be a great scandal. It was a great scandal."

Yes; he thought it was quite fair under the circumstances to adopt that course towards Mr. Rolt. He knew that he was being charged with matters which meant absolute ruin to him. He knew that charges of a like nature had been made against him before.

In acquitting and discharging Mr. Rolt after the verdict of the Jury I considered it my duty to make the observations which have been reported with substantial, though not verbal, accuracy in some of the newspapers.

Ordinarily it is no part of a Judge's duty to interfere with the methods adopted by executive officers in collecting evidence against persons suspected of crime or with the methods of conducting departmental enquiries as to the conduct of subordinate officers, unless it appears that the methods adopted are calculated to throw suspicion upon the evidence given in a subsequent trial which comes before the Court.

In the present case it appeared to me that the methods adopted not only in collecting evidence, but in conducting the enquiry before Mr. Lea could not but throw suspicion upon the evidence subsequently given at the trial of Mr. Rolt.

Up to the 21st May all that Mr. Lea had to go upon was mere rumour or gossip started during the absence of Mr. Rolt in England—rumour or gossip apparently so indefinite that it did not occur to Mr. Lea to make enquiries as to whether there was anything suspicious in connection with the sale itself. He had asked Mr. Byrne, Mr. Downing and Shamsul Zoha, whom he knew to entertain no kindly feelings to Mr. Rolt, if they could get any evidence against Mr. Rolt, and they had failed to ascertain anything definite. He knew that for years endeavours had been made to oust the Manager by alleging all sorts of dishonesty and misconduct against him, and that after a careful and searching enquiry Mr. Rolt had been completely and honourably acquitted and his character vindicated.

On the 18th May Mr. Rolt had dismissed his treasurer and recommended his being prosecuted on charges of a serious nature, and three days later, on the 21st May, Mr. Lea sent for this dismissed servant to his private house to see if he could get any information from him relative to the rumours he had heard from Mr. Byrne, Mr. Downing and Shamsul Zoha. If Mr. Rolt had in fact taken a bribe and if Masuddi was present at the time and had full knowledge of the whole transaction, it was hardly likely that Mr. Rolt would not only have dismissed him, but would have recommended his prosecution on a false charge; but this does not seem to have struck Mr. Lea. Having obtained the statement of the dismissed servant and having through the Income-Tax Deputy Collector got possession of certain books supposed to contain damning evidence against Mr. Rolt, Mr. Lea proceeded to make enquiries from Asaf Ali Khan and Debi Singh (a relative of Masuddi Singh), both men of notoriously bad character and both persons on bad terms with Mr. Rolt.

In possession of the information from those sources and of the apparently vague gossip communicated by Mr. Byrne, Mr. Downing and Shamsul Zoha, Mr. Lea sent off his report to the Board of Revenue on the 11th June, and Mr. Rolt, without having had any opportunity of making any explanation, was suspended on the 16th June. Why under the circumstances he was not allowed any such opportunity is best known to Mr. Lea. A sense of ordinary fairness would seem to suggest that he ought to have had that opportunity before his suspension and certainly before his prosecution.

It is only fair in this connection to say that in re-examination Mr. Lea stated that the reason why he did not give information to Mr. Rolt was that he considered that if Mr. Rolt once knew what was being done, he would make it very difficult to obtain any further information, and it is possible this may account for Mr. Rolt not having been asked to give any explanation at any time.

As to the witnesses whom Mr. Lea examined, he admitted that at no time did he trust Masuddi Singh, and he anticipated that the others would be afraid to speak against Mr. Rolt in his presence or in the presence of his pleader, and therefore he thought it best to keep Mr. Rolt out of Court, and that the great thing was to have their evidence recorded on oath. I do not think I am doing Mr. Lea an injustice when I say that at the enquiry his object according to his own evidence was to get them into the box and have them tied down upon oath to a story from which there was no going back without the risk of an immediate prosecution for perjury.

He doubtless, as he said, wanted to get at the truth, but his proceedings from his own account of them bear the appearance of a desire on his part to see that if a prosecution should subsequently be started, the witnesses would have to stick to a story which they would not have told if confronted with Mr. Rolt.

The fact that Mr. Lea should have considered it necessary to pin the witnesses to a story as he did to my mind at the very outset throws the gravest suspicions upon the whole evidence given at the trial. If it had been necessary for me to sum up the evidence to the Jury, I should have directed them that, having regard to the source of the information upon which the case was started, the refusal to allow Mr. Rolt an opportunity of explaining, the neglect of Mr. Lea to make any enquiries as to the matters which Mr. Rolt was putting forward in his letters and at the interviews which he had with him as showing that there was a plot going on against him; and, lastly, having regard to the way in which apparently unwilling witnesses were made to commit themselves to a story on oath behind Mr. Rolt's back, they were bound to regard the evidence with the greatest caution, and that unless they found it was in itself credible or corroborated by extrinsic circumstances it was open to them not to accept it. It was these matters which I had in my mind when, addressing Mr. Rolt, I spoke of the manner in which the case was started and the prosecution conducted in the earlier stage, and stated that in my opinion the methods adopted were sufficient to damn the whole evidence in the eyes of an impartial jury. I went on to say that, apart from the effect which these circumstances might have upon the case, when we come to consider the actual evidence as to the giving and receiving of the bribe in the case, we found that it had entirely broken down. This matter, however, I shall deal with later.

I now come to the next stage in the case, the enquiry before the committing Magistrate.

I have referred to the circumstances attending the admittedly unnecessary issue of the warrant for Mr. Rolt's arrest and to the fact that the committing Magistrate was himself a candidate for the post which Mr Rolt must necessarily have vacated if the prosecution should have succeeded.

When the enquiry before Mr. Heard commenced a very regrettable incident occurred. Mr. Lea's evidence as to this is as follows:—There were two docks in the Kissenganj Court—one the ordinary dock near the dais and to the pleaders' table, and the other right away at the far end of the Court in the corner, used as an overflow dock when there were more prisoners than the former dock could hold. When there was only one prisoner he would usually be put in the dock near the Magistrate's table. A prisoner would not ordinarily be put on the far-away dock, but it would depend on the discretion of the Magistrate. Mr. Rolt had often been in the old Court before. This was a new Court. When the case began he walked into the dock close by the table. Mr. Rolt was an Honorary Magistrate empowered to try cases sitting singly. His pleader first of all asked that he might be allowed to sit by him to assist him during the enquiry. He (the Magistrate) refused to allow that, and Mr. Rolt walked into the ordinary dock by the Magistrate's dais, and Mr. Heard ordered him to go to the dock at the far end of the room. He remembered, he said, the matter being represented to Mr. Heard that he should be allowed to stay in the ordinary dock near the Magistrate's table, because his being sent to the other was simply a grossly offensive insult to him, and Mr. Heard ordered him to go at once to the other dock. He (Mr. Lea) was sitting in Court at the time. As Magistrate he had no power to interfere, but as Collector he did interfere: He instructed the Government Pleader to move the Magistrate to allow Mr. Rolt to stand in the other dock. He did not do so then. The Government Pleader said that as the order had been already made he would wait till lunch time, and the question would then again be raised.

The point was raised again at lunch time by Mr. Rolt's pleader at his (Mr. Lea's) suggestion.

The Government Pleader did not say anything. He was preparing to get up when Mr. Heard cut him short and said that he had already passed his orders. Mr. Heard also told Mr. Rolt that he did not seem to understand the necessity to obey orders when they were passed. He (Mr. Lea) did not like this. He felt that it was a perfectly gratuitous insult. He was unable to say that it was quite clear that Mr. Heard's feelings were hardly of a judicial character.

In addressing Mr. Rolt I am reported to have said, and I believe I did say, that Mr. Heard had commenced his proceedings by putting upon Mr. Rolt an intentional insult and indignity. This was the opinion of Mr. Lea who was present. To my mind Mr. Heard's action in this connection was most reprehensible.

There is another matter to which I referred in addressing Mr. Rolt. I stated that from what had been brought to light in the course of the trial the transfer was fully justified. With regard to this Mr. Lea's evidence is as follows:—He knew that Mr. Rolt had applied

to have the case transferred from the Purnea district. Amongst the grounds he stated various matters as to which he (Mr. Lea) had been cross-examined. The ground on which he based his application was that he would not and could not have a fair hearing owing to the bias and prejudice created against him. The application to transfer the case to the High Court was opposed, but not the application for transfer if it should be the district of Bhagalpur. That was under instructions from him. He did not remember consulting the Commissioner, but it was under his general instructions. He (Mr. Lea) pressed for the hearing to be either at Bhagalpur or Dinajpur. The Commissioner resided at Bhagalpur. Dinajpur was in another division. So far as he recollected, the question was pressed for Bhagalpur. So far as he recollected, Dinajpur was not mentioned. He thought Mr. Macpherson came as Commissioner in January 1904.

In another part of his evidence Mr. Lea stated that he understood from Mr. Rolt's letter that he was complaining about the methods by which his position was being lowered in the estimation of all round him. His experience told him that such a state of things did assist the bringing of false evidence. If it was known, he said, that the authorities had turned their face against a man and treated him with contempt, it certainly fostered the production of false evidence against him. He did enquire in the matter of the alleged orders which Shamsul Zoha had given, prohibiting the clerks and others communicating with him, and he found that what had been stated by Mr. Rolt was true.

In my opinion Shamsul Zoha's orders and conduct towards Mr. Rolt, the unnecessary issue of the warrant, and especially the public affront put upon him by Mr. Heard, were all calculated to create prejudice and fears in the minds of the public against Mr. Rolt and to encourage unscrupulous people to come forward and give evidence against him. These circumstances I considered fully justified the transfer of the trial from Purnea and showed how necessary it had been, and in opposing the transfer to the High Court and pressing that if there was to be a transfer it should be to Bhagalpur, I think that Mr. Lea unfortunately laid himself open to the suggestion, probably unfounded, of being an unduly zealous prosecutor.

I expressed my astonishment that an attempt should have been made by the Board of Revenue to prevent Mr. Rolt drawing upon his own moneys in the Alliance Bank. Mr. Lea's evidence as to this is as follows:—

Asked if he knew that steps had been taken to stop Mr. Rolt drawing upon the Alliance Bank, he said he did not know till a few days ago—last week. He now knew that such steps had been taken. He knew that attempts had been made by the Secretary to the Board of Revenue, but he did not know when they were made. The Legal Remembrancer had recommended that the Board of Revenue should apply to stop Mr. Rolt drawing upon his account. In May the Member of the Board was Mr. Savage. He (Mr. Lea) had not seen the letter to the Bank. He did not suggest that course. In some communications to him it was suggested to attach all Mr. Rolt's funds in his Bank. He thought it was the Legal Remembrancer who suggested this. He was not told the reason, but he imagined that if it was found that he had been defalcating, his money would have been available to make a refund. He did take steps in the matter and consulted the Government Pleader, but he took no further steps beyond replying to his superior officer. The Secretary to the Board of Revenue did communicate with the Bank to stop the account, but he was not aware that pressure was brought to bear on the manager to prevent Mr. Rolt's using his funds.

I need hardly say that the Board of Revenue had no power without an order of the Court to prevent the Alliance Bank honouring Mr. Rolt's cheques or allowing him otherwise to deal with his own money, and I was surprised to learn from Mr. Lea's evidence that steps had been taken to stop Mr. Rolt drawing upon his account.

What was shown by the Bank to Babu Nund Kissore Lal when he was deputed to Calcutta did not appear in evidence; but according to Mr. Lea, that gentleman ascertained that notes for Rs. 1,000 each had been paid into the Bank by Mr. Rolt shortly before he (Mr. Rolt) left for England, and the numbers of some of those corresponded with the numbers of some of the notes into which it was said the Rs. 5,000 paid by way of bribe to Mr. Rolt had been changed, and which numbers appeared in the books procured by Babu Nund Kissore Lal at Kissenganj.

Had the entries in the Kissenganj books been genuine, this doubtless would have been a very strong corroboration of the story put forward originally by Masuddi Singh. Mr. Rolt, however, offered to explain, and in fact did explain, where he got the money which he deposited, but unfortunately Mr. Lea did not think it necessary to make any enquiry from Hurruck Chand to ascertain whether there was any truth in his explanation.

As a matter of fact the evidence before me as to the entries in the Kissenganj book was of such a nature as to leave no doubt that these entries were not genuine. I do not propose to discuss that evidence at length. It is sufficient to say that the witnesses to the alleged bribery, and especially Masuddi Singh, so hopelessly broke down that it was evident that the whole story was a wicked concoction, and that apparently is the view which the Jury took.

With regard to Masuddi Singh's dismissal it appears from his evidence that his appeal was taken up at Khagra in the Manager's cutcherry a day or two after he had given his evidence before Mr. Heard. He had a pleader, Babu Rakhal Das (already mentioned). Maulvi Shamsul Zoha had taken all his explanations, he said, five or six days before the hearing by Mr. Heard, and he (Masuddi) had also put in an explanation in writing. Mr. Lea, he said, never asked him anything. He wrote something to Shamsul Zoha. At

that time he said: "I did not knew that Shamsul Zoha was anxious to get Mr. Rolt's appointment. Why should I hear?" In his explanation to Shamsul Zoha he was asked about the note register. He (Masuddi) did not put that in writing. There was an explanation by him about a note register. Mr. Lea did not ask him about a note register at Purnea before this in May or June He asked him as to where Mr. Rolt used to get the notes from, and he (Masuddi) said he got some from outsiders, nothing else. He never asked him about any entries in his handwriting in the note register. On the day (the day the appeal was decided) Mr. Lea never asked him a single question. He heard from the amla he was reinstated. He did not hear the order given in the cutcherry. Mr. Lea did not call him, but he did not know if he told him about being reinstated. He could not say if in disposing of the appeal he acted simply on what he was told by Shamsul Zoha.

If this evidence be correct, I can only say it was very unfortunate that Maulvi Shamsul Zoha should, as it would appear, have decided the appeal or made the enquiry upon which it was decided. Having regard to the result of the appeal, it might be inevitable that Masuddi should be reinstated, but his reinstatement would, I think, be likely to prejudice Mr. Rolt in the district.

I find I have omitted a portion of Mr Lea's evidence given on the last day, which may, though not necessarily, show a want of consideration towards Mr. Rolt.

He said that in September 1904, after the case had been committed to the Sessions Court, he called upon Mr. Rolt to answer certain matters in a departmental enquiry. These were, he said, in respect of statements made by Asaf Ali Khan and statements made by other people and other matters. He (Mr. Rolt) wanted to see the books of Asaf Ali Khan. He wanted a few days. He (Mr. Lea) did not think it was 15 days. He sent for the books at his request, but never showed them to him. He had called upon him to answer in 10 days. He sent in his answer after about 12 or 14 days. He (Mr. Lea) was unwilling to accept it because he (Mr. Rolt) had asked him to produce certain books for his perusal, and he had sent for them and they had not arrived. He wanted him to wait till the books came. His explanation was given without having any opportunity of seeing Asaf Ali Khan's book. He would not wait for them. He said he wanted to get away for a holiday.

From the beginning he complained it was unfair to deal with the departmental enquiry while this case was pending The statements of the witnesses examined by him (Mr. Lea) were in the record.

Here again if it could have been avoided, I cannot but think it would have been more expedient to have deferred any further departmental enquiry until after the trial of the present case.

Before the case was concluded, but after all the material witnesses had been examined, the Jury handed up to me a statement which had been handed round amongst themselves and signed or initialled by all of them, in which it was said: "The prosecution witnesses have one after the other entered the box, contradicted themselves over and over again, and left it utterly discredited.

"It is surely completely proved that the case against the accused has been concocted by the hangers-on of the Khagra Estate and assisted by the culpable weakness of Mr. Lea in giving credence to their stories, and in appointing to try the case a man who was himself an applicant for Rolt's billet.

"If this is the opinion of the Jury, it is a waste of the time of the Court and of the money of the accused to allow the case to go on. We should intimate to the Clerk of the Crown that 'the Jury do not desire to hear further evidence.'" This statement I handed to the Standing Counsel, who stated that having regard to that expression of opinion by the Jury it would be useless to call further evidence or in fact to address the Jury.

Thereupon without summing up the evidence, which under the circumstances would have been unnecessary, I asked the Jury to return a verdict upon the evidence before them, and they returned a unanimous verdict of "Not guilty," appending thereto a rider to the following effect:—"We consider that a grave injustice has been done to Mr Rolt, and that the present prosecution should never have been undertaken, and we recommend Mr Rolt's case to the most favourable consideration of the Government."

In acquitting Mr. Rolt in accordance with the verdict I made certain observations as to the manner in which the case had been got up and conducted; and, as these observations reflected upon the conduct of the officers concerned, I considered it my duty to make this representation to the Government of Bengal.

I have given practically *verbatim* from my notes of Mr. Lea's evidence all that he said with reference to the matters in connection with which I have animadverted upon his conduct and that of Mr. Heard and Maulvi Shamsul Zoha, and I venture to think that there is nothing which I have said which was not fully justified by the circumstances of the case.

I cannot help feeling that if Mr. Lea had displayed a little more tact and been a little less prone to take for granted what was told him by the dismissed treasurer and other persons who were alleged, if not also admitted, to be hostile to Mr. Rolt, and if he had allowed Mr. Rolt to give an explanation or had himself made enquiries as to matters which Mr. Rolt had put before him, this unfortunate trial would never have taken place.

FINAL FORECAST OF THE OILSEED CROPS OF BENGAL, 1904-1905.

The following note is published for general information.

R. W. CARLYLE,
Offg. Chief Secy. to the Govt. of Bengal.

The 15th May 1905.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

Final Forecast of the Oilseed Crops of Bengal, 1904-05.

Explanatory.—This forecast furnishes the final estimates of the area and outturn of the different kinds of oilseeds, both *bhadoi* and *rabi*, grown in these provinces. The chief oilseed crops are mustard (white and brown) and rape, *sesamum* (*til*), linseed, castor, Niger oilseed (*sirguja*), and *eruca sativa* (*taramani*). Mustard and rape occupy about 54 per cent. of the total area under oilseeds, and linseed occupies about 22 per cent. The bulk of the mustard and rape is cultivated in the districts of the Rajshahi Division, in Dacca, Mymensingh, Purnea, and the Sonthal Parganas. Linseed is chiefly grown in Darbhanga, Saran, Champaran, Gaya, and Nadia. *Til* or *ginjelly* is grown chiefly in Midnapore, Jessore, Bogra, Pabna, Dacca, Mymensingh, Backergunge, Tippera, Noakhali, Angul, and Hazaribagh.

2. *Character of the Season.*—The rainfall in October was, for the most part, deficient, except in Bihar where the rainfall was above normal Drought prevailed since then until January when rainfall was again general. In February the oilseed crops were seriously damaged by hail, frost, and rain. The damage occurred chiefly in the Bihar district, and in the Rajshahi Division where the bulk of the oilseed crops are grown. Injury done by insect pest is reported only from the Monghyr district. The excessive rainfall of March and April has hampered the progress of harvesting operations. On the whole the season was an unfavourable one for the growth of oilseed crops.

3. *Area sown.*—The total normal area under different oilseed crops is now estimated at 3,982,100 acres. The area actually sown this year is 3,673,500 acres against 3,832,200 acres of last year.

4. *Character of the crop.*—It will be seen from Appendix I that only one district, viz., Dacca, has reported a normal crop; five districts, 90 to 99 per cent.; 12 other districts, 80 to 89 per cent.; 7 districts, 70 to 79 per cent; 10 districts, 60 to 69 per cent.; the remaining 10 districts have reported 50 per cent. and less. According to the district estimates, the outturn of the different kinds of oilseed crops for the province as a whole amounts to 76 per cent. of an average crop against 87 per cent., which was the District Officers' estimate in the preliminary forecast. Considering the excessive damage caused by frost in February and excessive rainfall at the harvesting period, the reduction made by the District Officers is probably more than justified.

5. *Gross outturn.*—Taking 6 maunds per acre to be the normal rate of outturn for linseed, rape, and mustard, and 4¼ maunds per acre for other oilseeds, the gross yield of all the oilseed crops for these provinces during 1904-05 amounts to 573,900 tons against 664,300 tons produced in the preceding year.

FINAL FORECAST OF THE WHEAT CROP OF BENGAL, 1904-1905.

THE following note is published for general information.

R. W. CARLYLE,
Offg. Chief Secy. to the Govt. of Bengal.

The 15th May 1905.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

Final forecast of the Wheat crop of Bengal, 1904-1905.

Preliminary.—Wheat is grown chiefly in the Bihar districts; also in Murshidabad, Nadia, Rajshahi, Rangpur, Pabna, Hazaribagh and Palamau.

2. *Character of the season.*—The conditions most favourable for the wheat crop are a moist condition of the soil in October and occasional light showers during the next three months. Dry cold is helpful, and the deltaic area of the Province is therefore unsuitable for this crop. The rainfall of October throughout the wheat districts was very favourable. Drought prevailed since then until January, when rainfall was again general. Nadia and Murshidabad received very little rainfall in October and scarcely any since then until February and March, when frost, hail and rain did considerable damage to the crop. The damage occurred chiefly in the Bihar districts where the bulk of the wheat crop is grown. On the whole the season was unfavourable to the wheat crop of the Province.

3. *Area sown.*—The normal area under wheat in these Provinces is at present estimated at 1,504,500 acres, while the area sown this year is returned at 1,455,500 acres, against 1,508,600 acres sown last year.

4. *Character of the crop.*—From Appendix I, in which the district returns have been summarised, it will be seen that only two districts, viz., 24-Parganas and Mymensingh, expect a 100 per cent. crop. In five districts, viz., Darjeeling, Pabna, Monghyr, Purnea and the Sonthal Parganas, the estimates vary from 90 to 99 per cent.; in seven between 80 to 89 per cent.; in 12 between 70 to 79 and in three others between 60 to 69 per cent. Four districts anticipate a crop between 50 to 59 per cent., while Bankura, Nadia and Ranchi have each reported 48, 44 and 37 per cent. respectively. Since the publication of the preliminary forecast in February last prospects improved in two districts, remained

stationary in ten, and deteriorated in 24. The provincial outturn according to the present estimate of the District Officers amounts to 76 per cent. of a normal crop, against 90 which was their estimate in the preliminary forecast. The reduction is probably more than justified.

5. *Gross outturn.*—According to the estimates of the District Officers, the gross yield of wheat in the province will, this year, amounts to 144,100 tons, as compared with 527,800 tons of the past year.

6. *Food-stocks and the prices of food-grains.*—The harvests of the year are generally reported to be much below the normal and the prices of food-grains consequently ruled a little higher than usual. The estimated outturn of the three harvests, viz., *bhadoi*, winter rice and *rabi* crops, was 75, 86 and 75 per cent. respectively. The stock in hand, though not plentiful, is sufficient for the requirements of the province.

7. *Imports of wheat into Calcutta.*—From the statistics of the wheat trade quoted on the margin, it will be seen that there was during the year under report a considerable increase of imports of wheat into Calcutta from Bengal and Bihar.

Imports of wheat into Calcutta for the calender year 1891 to 1904.

RECOMMENDATION TO BE MADE BY THE DISTRICT BOARDS OF THE BHAGALPUR DIVISION FOR THE NOMINATION OF A MEMBER TO THE BENGAL LEGISLATIVE COUNCIL.

No. 880A.—D.

RESOLUTION.

APPOINTMENT DEPARTMENT.

Dated Darjeeling, the 15th May 1905.

THE seat in the Bengal Legislative Council of the Hon'ble Babu Kali Pada Ghose, who was nominated as the representative of the District Boards of the Chota Nagpur Division, will be vacant on the 31st July 1905. In accordance with the rotation prescribed in this Government's Resolution No. 1553J., dated the 25th March 1893, it is the turn of the District Boards of the Bhagalpur Division to recommend a person for nomination to the Council in order to fill the vacancy. The necessary notification will now be published in the *Calcutta Gazette*, specifying the District Boards of the Bhagalpur Division as the group of Boards on whose recommendation the Lieutenant-Governor will make a nomination to the seat. Each District Board will elect one representative only, and he will be entitled to exercise all the votes of the body which he represents.

2. The following statement shows the District Boards which will send delegates to vote for a person to be recommended for the vacant seat, and the number of votes assigned to them according to the scale shown in paragraph 5 of the Resolution of this Government No. 2307A., dated the 31st March 1897. The ordinary income taken is that for 1903-04:—

Division	District Board	Ordinary income.	Number of votes to be recorded by the representatives.
		Rs.	
Bhagalpur	Monghyr ...	2,50,245	5
	Bhagalpur ...	2,00,539	4
	Purnea ...	1,89,853	4
	Malda ...	74,374	1

3. Under Rule IV of the Regulations framed by the Governor-General in Council with the approval of the Secretary of State under section 1 (4) of the Indian Councils Act, 1892, for Bengal, the Lieutenant-Governor now desires that the Commissioner of the Bhagalpur Division will at once address the Chairmen of the District Boards enumerated in the above list, requesting them to convene a special meeting of their Board at which one member of the Board should be selected to represent them for the purpose of making the recommendation for the seat in Council. The name of the representative so selected must be reported at once by the Chairman to the Commissioner of the Division.

4. The period of three months laid down in Rule VII of the Regulations as that within which a recommendation shall be made to the Lieutenant-Governor will run from the date on which the Commissioner of the Division issues his request to the Chairmen of the District Boards.

5. As soon as the representatives have been selected, they will be called upon by the Commissioner of the Division to meet together on an early and convenient date, with special reference to the limit of time imposed by Rule VII of the Regulations, and at such convenient place as he may specify, for the purpose of electing, by a majority of votes, a person whom they will recommend to the Lieutenant-Governor to be nominated as a Member of the Council. The names of all candidates put forward at such meeting shall be duly proposed by one of the representatives present. The person elected must obtain a majority of the votes of the representatives present. If on the occasion of the first vote an absolute majority is not obtained, the name of the candidate who obtains the least number of votes shall be withdrawn from the election, and another vote shall then be held for the remaining candidates, and so on, until an absolute majority is obtained.

6. The electoral representatives present at this meeting shall elect one of themselves to be Chairman, and he shall preside and be responsible for the fair and proper conduct of the voting.

7. The Chairman of the meeting shall without delay report to the Commissioner of the Division the name of the person elected, with the number of votes obtained, and any other information which it may appear desirable to communicate, and on behalf of the meeting shall recommend to the Lieutenant-Governor the nomination to the Council of the person so elected. The Commissioner shall submit the report from the Chairman of the meeting, with any observations he may wish to add, to the Chief Secretary to Government; by whom the recommendation will be submitted to the Lieutenant-Governor.

8. Attention is drawn to the following Rule VI of the Regulations which have been framed by the Governor-General in Council with the approval of the Secretary of State:—

"VI.—It shall be a condition in the case of any person to be recommended by a Municipal Corporation, or group of Municipal Corporations, that he shall be a person resident within the Municipality or the district in which it is situated, or in some one of the Municipalities constituting the group or of the districts in which they are situated. A similar condition shall also apply to persons to be recommended by District Boards.

"*Explanation.*—A person is not 'resident' within the meaning of this rule unless he has a place of residence in the locality concerned, and such practical connection with that locality as qualifies him to represent the inhabitants thereof.

"If at any time the question is raised whether a person proposed for election is 'resident' within the meaning of this rule, the question shall be referred to, and decided by, the Local Government, whose decision shall be final."

Under this rule it is not necessary that the person recommended should be a member of any District Board concerned, but he must be resident within the Division from which the recommendation is made. Subject to this condition, the rules declare no limit of qualification, and it is left to the representatives to recommend a person under Rule V (*c*) according to the majority of their votes.

9. It is desirable that the subsidiary arrangements now sanctioned shall, as far as possible, be given effect to by the District Boards concerned with the minimum of official interference. The Divisional Commissioner and the District Magistrates will, of course, afford any assistance which may be required, and will do their utmost to facilitate the smooth working of the elections; but Government officers are forbidden to take part, directly or indirectly, in the election by canvassing, influencing votes, or otherwise interfering with the free choice of the District Boards. No indication should be given by any official member of any of the District Boards concerned as to the manner in which he himself intends to vote.

ORDERED that a copy of this Resolution be furnished to the Commissioner of the Bhagalpur Division for information and guidance, and for communication to the District Boards in his Division.

Ordered also that a copy be published in the *Calcutta Gazette.*

By order of the Lieutenant-Governor of Bengal,

R. W. CARLYLE,

Offg. Chief Secy. to the Govt. of Bengal.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

⌒, dew.

HIGH COURT NOTICES.

NOTIFICATION.

THE following order of His Majesty in Council of the 20th March 1905, amending the procedure to be followed in England in appeals to His Majesty in Council where a Respondent fails to enter an appearance, is published for general information.

HIGH COURT, ENGLISH DEPARTMENT (CIVIL), *The 26th May 1905*

By order of the High Court,
A P MUDDIMAN,
Registrar

AT THE COURT AT BUCKINGHAM PALACE

The 20th day of March 1905

PRESENT

THE KING'S MOST EXCELLENT MAJESTY

ARCHBISHOP OF CANTERBURY | LORD STEWARD
LORD PRESIDENT. | SIR WILLIAM WALROND

WHEREAS there was this day read at the Board a representation from the Judicial Committee of the Privy Council, dated the 15th day of March 1905, and in the words following, viz:—

"The Lords of the Judicial Committee having taken into consideration the practice under which an Appeal to Your Majesty in Council cannot, in the absence of a special Order

in that behalf made by their Lordships, be set down for hearing *ex parte* as against a Respondent to the Appeal who has failed to enter an Appearance thereto in the Registry of the Privy Council unless the Appellant shall have previously obtained from their Lordships two successive Orders commonly known as 'Appearance Orders' requiring the said Respondent to enter an Appearance to the Appeal within the periods by the said Orders respectively limited, and shall have duly published the said Orders by affixing the same on the Royal Exchange and elsewhere in the usual manner and unless the said periods so limited by the said Orders as aforesaid shall have expired. And being of opinion that the said practice is inconvenient and ought in certain cases and subject to certain conditions to be dispensed with. Their Lordships do this day agree humbly to recommend to Your Majesty to order as follows, that is to say :—

"1. That where a Respondent to an Appeal to Your Majesty in Council whose name has been entered on the Record of the Appeal by the Court admitting the Appeal fails to enter an Appearance to the Appeal in the Registry of the Privy Council, and it appears from the Transcript Record in the Appeal or from a Certificate of the Officer of the Court transmitting the said Transcript Record to the Registrar of the Privy Council that the said Respondent has received notice of the Order admitting the Appeal to Your Majesty in Council or of the Order of Your Majesty in Council giving the Appellant special leave to appeal to Your Majesty in Council (as the case may be) and has also received notice of the dispatch of the said Transcript Record to the Registrar of the Privy Council the Appellant shall not, subject to any direction by their Lordships to the contrary, be required to take out Appearance Orders calling upon the said Respondent to enter an Appearance in the Appeal, and the Appeal may, subject as aforesaid, be set down for hearing *ex parte* as against the said Respondent at any time after the expiration of three calendar months from the date of the lodging of the Appellant's Petition of Appeal in like manner as if the said Appearance Orders had been taken out by the Appellant and the times thereby respectively limited for the said Respondent to enter an Appearance had expired.

"2. That where a Respondent to an Appeal to Your Majesty in Council whose name has been brought on the Record of the Appeal by an Order of Your Majesty in Council fails to enter an Appearance to the Appeal in the Registry of the Privy Council and it appears from the Transcript Record or from a Supplementary Record in the Appeal or from a Certificate of the Officer of the Court transmitting the said Transcript Record or Supplementary Record to the Registrar of the Privy Council that the said Respondent has received due notice of any intended application to Your Majesty in Council to bring him on the Record as a Respondent to the Appeal, the Appellant shall not, subject to any direction by their Lordships to the contrary, be required to take out Appearance Orders calling upon the said Respondent to enter an Appearance in the Appeal, and the Appeal may, subject as aforesaid, be set down for hearing *ex parte* as against the said Respondent at any time after the expiration of three calendar months from the date on which the said Respondent shall have been served with a copy of Your Majesty's Order in Council bringing him on the Record of the Appeal in like manner as if the said Appearance Orders had been taken out by the Appellant and the times thereby respectively limited for the said Respondent to enter an Appearance had expired.

"3. That nothing herein contained shall be deemed to affect the power of their Lordships to order the Appellant in an Appeal referred by Your Majesty to their Lordships to take out Appearance Orders or to be excused from taking out Appearance Orders in any case in which their Lordships shall think fit so to order and generally to give such directions as to the time at which and the conditions on which an Appeal so referred as aforesaid shall be set down as in the opinion of their Lordships the circumstances of the case may require.

"4. That this Order shall apply to all Appeals in which the Petition of Appeal shall be lodged after the date hereof."

HIS MAJESTY having taken the said representation into consideration was pleased, by and with the advice of HIS PRIVY COUNCIL, to approve thereof and of what is therein recommended, whereof all persons whom it may concern are to take notice and govern themselves accordingly.

A. W. FITZROY.

Sheriff's Office, the 31st May 1905

NOTICE is hereby given that the Third Criminal Sessions of the year 1905 of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William, and the places subordinate thereto, will be held at the Court-house, in the Town of Calcutta, on Monday, the third day of July next, at 11 o'clock in the forenoon, and thenceforward from day to day until the said Sessions be over. EDUCATION DEPARTMENT, BENGAL.

Subordinate Educational Service.

The 27th May 1905.—Babu Durga Prasad Tewari, Deputy Inspector of Schools, Hazaribagh, under orders of transfer to Bhagalpur (Class IV), having returned to duty on the forenoon of the 9th May 1905, the unexpired portion of the leave granted to him under the orders of the 3rd May 1905 is cancelled.

Babu Ram Gopal Mukerjea, Sub-Inspector of Schools, Midnapore (Class V), is appointed, subject to the consent of the District Board of Midnapore, to act as Additional Deputy Inspector of Schools, Sonthal Parganas, during the absence, on deputation, of Babu Krishna Lal Sadhu, M.A., or until further orders.

V. H. JACKSON,
Asst. Director of Public Instruction, in charge.

RULES OF THE GOVERNMENT CUTTACK SURVEY SCHOOL.

I.—The school is under the general supervision of the Principal of the Ravenshaw College.

II.—The number of admissions to the first year class of each year is limited to 50, of whom only 20 can be other than Uriyas or Bengalis domiciled in Orissa; but should the number of eligible Uriya (or domiciled Bengali) candidates fall below 30, the vacancies thus occurring can be given to non-Uriya candidates.

III.—The session usually begins in the last week of June. All applications for admission should be made to the Principal of the Ravenshaw College on or before the 15th June previous to the commencement of the session, and should furnish the following particulars:—

(*a*) Name, address and occupation of father and guardian.

(*b*) Race and religion.

(*c*) Age of the candidate (which must not exceed 20 years).

IV.—Candidates for admission must submit satisfactory evidence that they have read up to the first class of a High English School or, in the case of Uriya (or domiciled Bengali) candidates, have at least passed the Middle English Examination or have passed the annual examination of the 5th class of a High School.

V.—Each candidate must produce at the time of admission a certificate showing good moral character, and also a medical certificate of good and sound health from an Assistant Surgeon.

VI.—No student who fails to pass the final examination of a Survey School or does not bring a transfer certificate under the ordinary transfer rules will be permitted to join the second year class after the 31st July.

VII.—The admission fee is rupee one and the monthly fee rupee one, but Government scholars receive free tuition.

VIII.—There are six Government scholarships, which are awarded each year to the best Uriya students and domiciled Bengalis permanently settled in Orissa only on the results of the annual examination of the first year class.

IX.—The course of study in the school extends over two years, and the students are required to attend at least 75 per cent. of the working days.*

X.—The successful students at the annual examination of the first year class are usually promoted to the second year class; but those who wish may, at their option, leave the school with an amin certificate from the Head-master of the school. The successful students of the final survey standard examination receive certificates from the Director of Public Instruction, Bengal.

The curriculum of each year is detailed below:—

PRESY. COLLEGE, CALCUTTA, *the 15th May 1905.*

BIHAR SCHOOL OF ENGINEERING.

Prospectus for Admission.

THIS School is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Royal Highness the Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The School was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60, of whom only 15 can be other than Biharis by race (viz., natives of the United Provinces, Central Provinces or Bengalis); but should the number of suitable applicants who are Biharis by race be insufficient to fill up the 45 vacancies, then the vacancies thus occurring can be given to those applicants who are natives of the United Provinces, Central Provinces, or Bengalis domiciled in Bihar or non-domiciled Bengalis.

As far as accommodation is available, students who have passed the final *B* class examination will be admitted to the second-year class, provided they are not over 21 years of age preference, again, being given to Biharis and domiciled Bengalis.

3. The School, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

(1) A sound study of Elementary Mathematics.
(2) Careful training in Survey work.
(3) Drawing, both Free-hand and Engineering.
(4) Elements of road-making and the construction of simple buildings.
(5) Workshop practice, with hand tools and with machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this School, who must be a Bihari by race.

4. The next session will commence on 3rd July 1905.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Shibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable for one year, are awarded each year on the results of the annual examinations, *eight* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the School, 75 per cent. of them are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

(1) The Entrance examination of an Indian University in English and Mathematics.
(2) Standard VII of the Code of European Schools.
(3) Students who have not passed either of these tests, and who are otherwise eligible will have to pass an examination in English and Mathematics (of about the same standard as the Entrance examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 5th and 6th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

(*a*) Name, address, and occupation of father or guardian.
(*b*) Race and religion, and *evidence to show that he is either a Bihari or a native of the United Provinces or Central Provinces or a domiciled Bengali or a non-domiciled Bengali.*
(*c*) A certificate of good moral character.
(*d*) An attested certificate of age (showing that he is under 20 years of age).
(*e*) A medical certificate showing him to be fit for employment in the public service
(*f*) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8 There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin student is taught Elementary Surveying with a corresponding amount of Mathematics and of Geometrical Drawing. He will not be admitted to the Workshop. A student in the first-year class of the Overseer Department who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of Elementary Surveying and the other subjects taught in the Amin class may, at his option, leave the School with an Amin certificate.

Candidates for Amin class who have not passed the Middle English or Middle Vernacular examination will be examined at the School on the 7th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 3rd July 1905, unless application for admission is made before 30th June 1905.

10. Every candidate for admission to the School must bring a certificate of good character from the Head of the institution from which he has come

11. All candidates for admission to the School should present themselves personally at the School on the 3rd July.

BANKIPORE.
The 14th February 1905.

H. R. JAMES,
Offg. Principal, Patna College.

NOTE.—There is a hostel in connection with the School which will be opened in July 1905.

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 3rd and 4th July 1905, at 10-30 A.M., both days :—

SUBJECTS.		Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity)	...	100	50
Dictation (spelling, punctuation, etc.) ...	...	100	50
Arithmetic (the whole)	...	240	160
Mensuration (*a*) the whole	...	60	30
Book-keeping (*b*) mercantile	...	100	50
Total	...	600	

Minimum required in all papers collectively, 400.

(*a*) Todhunter's Mensuration for Beginners.
(*b*) "Book-keeping," by Ball and Hamilton.
"Book-keeping," by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned :—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior, under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination; and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examination body in reference to admission to the fourth grade of Accountants, Public Works Department.

9. Candidates for the fourth grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of Rs. 10.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, to the undermentioned estate, situate in the district of Hooghly, will be sold by public auction subject to the conditions specified below, at the Hooghly Collectorate on 5th June 1905, corresponding to 22nd Jaishtha 1312 B.S.

Conditions of Sale.

1st.—The estate is to be sold to the highest bidder above the upset price, viz., Rs. 49-2. The purchaser of this estate will be registered as the proprietor of the estate, and the entire proprietary right of Government will be transferred to him subject to the payment of a revenue fixed in perpetuity of Rs. 24-9, as per schedule given below.

2nd.—The sale is to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers are to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount is to be paid down at once.

4th.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount of bid is to be immediately deposited. If the balance be not paid by the noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by the noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate is to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

NOTICES TO MARINERS.

THE following Notices are published for general information.

W. A. INGLIS,
CALCUTTA, *the 29th May 1905.* *Secretary, Marine Department.*

AUSTRALIA, SOUTH—GULF ST. VINCENT.

Port Adelaide river—Two Warping Beacons placed.

No. 171 (first publication).—The President of the Marine Board, Port Adelaide, has given notice (No. 9 of 1905) that two Warping Beacons have been placed on the south side of the Jervois Bridge on the west bank of the river—one opposite the entrance to the Canal and the other near the Oyster Beds.

These Beacons are not for vessels to moor to, but for warping purposes only.

This affects Admiralty Chart No. 1760.

AUSTRALIA, SOUTH—GREAT AUSTRALIAN BIGHT.

Fowler's bay—An ordinary Jetty light exhibited.

No. 172 (first publication).—The President of the Marine Board, Port Adelaide, has given notice (No. 11 of 1905) that on and after April 22nd, 1905, an ordinary Jetty light will be exhibited from the end of Fowler's Bay Jetty.

This affects Admiralty Chart No. 1061.

AUSTRALIA.—QUEENSLAND

Port Douglas—Directions to enter the New Channel.

No. 173 (first publication).—With reference to Notice to Mariners No. 93, dated 24th March 1905, issued by this office, the Port Master, Brisbane, has given further notice (No. 8 of 1905) that the directions to enter the New Channel into Port Douglas state that the marks and lights bear in line N. E. by N. ½ N. and N. ½ E., respectively. These bearings from seaward should read S.W. by S. ½ S. and S. ½ W., respectively.

Australia Directory, vol. 2; Admiralty Chart No. 2924 (old).

INDIA, WEST—MALABAR COAST.

Talayi—Small spherical buoy removed for overhaul.

No. 174 (first publication).—The Presidency Port Officer, Madras, has given notice (No. 19 of 1905) that the small spherical buoy marking the pinnacle rock off the Sub-Port of Talayi will be removed on the 25th May 1905 for overhaul, and will be replaced about the 1st October 1905, when the working season again commences.

BAY OF BENGAL—CHITTAGONG COAST.

Kurnafuli river—Depth of water in the channels.

No. 175 (first publication).—The Port Officer, Chittagong, has given notice that the following depth of water was found in the river channels by soundings taken on the 24th May and reduced to zero:—

	FT.	IN.
Track No. 1—Outer bar—		
Disc on diamond	14	0
Track No. 2—Inner bar—		
Disc on diamond	11	
Batten beacon on pillar	12	
Track No. 3—		
Triangle on cross and ball	16	6
Track No. 4—Guptakhally crossing—		
Tripod on diamond	18	0
New mark—		
Cross and ball on with diamond passing close to Gupta point ...	21	6

N.B.—There is no doubt that Gupta point is being washed away and that the shoal on the opposite bank is extending.

KOREA, WEST COAST—PING YANG INLET.

Chogon dogu—Extension of shoal.

No. 162 (second publication).—The British Admiralty has given notice (No. 325 of 1905). that the Master of the S.S. *Tatsu Maru* reports that the 2-fathom shoal to the south-westward of Chogon dogu, above Chel tau anchorage, Ping yang inlet, and shown on the Chart at a distance of $1\frac{4}{10}$ miles N. 27° E. from Gai gan misaki, has extended in a S. 22° E. direction for about 4 cables, the depths over the extension being from $1\frac{1}{2}$ to 2 fathoms.

Approximate position on Chart 1656, lat. 38° 40′ N., long 125° 36′ E.

(Variation 4° Westerly in 1905.)

This Notice affects the following Admiralty Charts:—Approaches to Ping Yang inlet, No. 1257; Ping Yang inlet, No. 1656: Also, Sailing Directions for Korea, &c.; 1904, page 43.

CHINA SEA—SINGAPORE.

Fort Canning and Mount Faber—Instructions with regard to Time Balls.

No. 168 (second publication).—With reference to Notice to Mariners No. 152, dated 8th August 1896, issued by this Office, the Master Attendant, Straits Settlements, has given notice,* dated 28th April 1905, that the Time Balls on Fort Canning and Mount Faber are dropped daily at 1 P.M., mean-time of the 105th Meridian: being hoisted five minutes previously. The observatory at Mount Faber from which the Balls are dropped automatically by electricity is in latitude 1° 16′ 08″.33N. and longitude 103° 49′ 23″.86 E. When the Time Balls drop at 1 P.M., the corresponding Greenwich mean-time is 6 hours A.M. Should either of the Time Balls fail to drop correctly, through any cause, the ball in fault will be kept up about five minutes, and then lowered by hand; but it will be again hoisted about five minutes before 2 o'clock. When the Time Ball fails to act, or is under repair, the flag W will be hoisted.

An electric time-bell for the use of Shipping has been fitted in the Wharf Superintendent's Office, Tanjong Pagar. This time-signal is in connection with the Observatory Standard Clock and rings automatically at every hour of Greenwich mean-time. Chronometer comparisons may be obtained by applying at the said office.

*N.B.—This Notice replaces Notice of 1st June 1896.

BAY OF BENGAL.

Caution—Passing a black flat-topped buoy.

No. 169 (second publication).—The Master of the S.S. *Surada* reports that when in latitude 10° 50′ N. and longitude 83° 32′ E. he passed a black flat-topped buoy with an eye-bolt or ring on the top Mariners are hereby warned.

RED SEA.

Caution—Position of water-logged wreck of native dhow.

No. 170 (second publication).—The Master of the S.S. *Gaekwar* reports that on 29th April 1905, he passed water-logged wreck of a native dhow, about 80 feet long, 6 feet out of water aft, and 3 feet forward; right in track of vessels in Red Sea; lat. 27° 02′ N., long. 34° 25′ E., Shadwan light-house bearing N. 38° W. true, 32 miles distance.

Mariners are accordingly warned.

CEYLON, EAST COAST—TRINCOMALI HARBOUR.

Minden and Grommet Rocks—Buoys marking, at the entrance, withdrawn.

No. 154 (third publication).—The Bombay Government has given Notice (No. 37 of 1905) that the two buoys marking Minden and Grommet Rocks at the entrance of Trincomali Harbour have been withdrawn and will not be replaced.

This Notice affects the following Admiralty Charts:—Trincomali Harbour, No. 816; Trincomali Harbour and Bays No. 815: Also, Bay of Bengal Pilot, 1901, page 113."

ARABIA, NORTH-EAST COAST—PERSIAN GULF.

Bushire—Regarding certain buoys and beacons in the inner anchorage.

No. 155 (third publication).—With reference to Notice to Mariners No. 428, dated 16th December 1904, issued by this office, the Bombay Government has given further notice (No. 38 of 1905) that the black spar buoy therein mentioned from which single tree bore N. 64° 20′ E. and the red spar buoy from which single tree bore N. 73° E. have both disappeared.

All the remainder of the spar buoys except that from which the single tree bears N. 76° 28′ E. have lost their tops, and are now only plain spars very difficult to pick up.

The red iron pile beacon is leaning considerably to one side, and is liable to be washed away, as also are all the spar buoys.

This Notice affects the following Admiralty Chart:—Abu Shahr or Bushire No. 27, and Sailing Directions, Persian Gulf Pilot, Fourth edition, 1898, page 270.

ARABIA, NORTH COAST—Persian Gulf.

Shatt-al-Arab—Alterations and corrections in the position of buoys at the entrance.

No. 156 (third publication).—In continuation of Notice to Mariners No. 124, dated 20th April 1905, the Bombay Government has given notice (No. 39 of 1905, that the three inner buoys at the entrance to the Shatt-al-Arab river have been moved from the positions in which they were found by R. I. M. S. 'Investigator' as follows:—

No. 1 Buoy N. 65° E. 5¾ cables to Western edge of deep water channel.
No. 2 „ N. 71° E. 7¾ „ „ „ „ „ „ „ „
Bar Buoy N. 85° E. 11½ „ „ „ „ „ „ „ „

The positions of all the buoys shown on Admiralty Chart No. 1235 'Mouths of the Euphrates' were found to be incorrect, they now lie in the following positions and depths of water at low water spring tides:—

Outer buoy ...	in 16 feet bearing	S. 52° E. dist.	15·2 miles from Fao Light.
R. W. V. S. buoy known locally as Lawrence buoy ...	in 11 „ „	S. 53° E.	11·5 „ „
No. 1 buoy ...	in 10 „ „	S. 60° E.	9·35 „ „ „
No. 2 „	in 9 „ „	S. 65° E.	7·7 „ „
Bar „	in 10 „ „	S. 68° E	6·3 „ „

There is a depth of 10 feet immediately outside No. 2 buoy. In addition to the above there are three small red spar buoys which mark the eastern side of the channel, but they are very difficult to pick up, they lie in the following positions:—

Outer spar buoy A in 10 feet S. 81° E. dist. 8 cables from new position of No. 2 buoy.
Middle „ B in 11 „ N. 8° E. „ 5 „ „ „ „
Inner „ C in 11 „ N. 26° W. „ 7½ „ „ „ „ of Bar buoy.

Directions for entering the Shatt-al-Arab river.—Pass a convenient distance westward of the outer buoy and steer N. 60° W. until Lawrence buoy bears N.-N.-W. when shape course to pass close to the westward of it (remembering a depth of 7 feet exists 3 cables from the buoy), when abreast of Lawrence buoy steer to pass one cable eastward of No. 1, No. 2 and the Bar buoys, on reaching the latter shape course for Fao light, situated at the telegraph station easily recognized on account of the size of the buildings, which are the largest on the Turkish side of the river.

The above directions if followed will carry 9 feet least water up to the Lawrence buoy, after that is passed the general depth to the gut off No. 1 is 9 feet, but there are several small lumps of 7 feet, all of which it is impossible to avoid. Abreast of No. 1 the depth is from 17 to 18 feet in mid-channel, the water shoals very rapidly towards the spar buoys where the bottom is fairly hard, but gradually towards the iron buoys where the bottom is very soft. Between No. 2 and the bar buoy there is a small bar of 12 feet, after which good water will be carried up to the deep water off Fao.

All bearings are true.

Approximate position, lat. 29° 50′ N., long. 48° 30′ E.

This Notice affects the following Admiralty Chart:—Mouth of the Euphrates No. 1235; also Persian Gulf Pilot, fourth edition, 1898, page 286."

CHINA SEA—Cochin China.

Lon (Tre) island and Fanthit—Lights exhibited experimentally.

No. 157 (third publication).—With reference to Notice to Mariners No. 253, dated 25th July 1903, issued by this Office, the British Admiralty has given further notice (No. 301 of 1905) that on 15th April 1905, a *white group flashing* light showing groups of *three flashes every fifteen seconds*, will be exhibited experimentally from a grey conical tower, 48 feet high, erected on the south-eastern point of Lon island; the duration of each flash will be under one-tenth of a second and the eclipse between each flash in the group three seconds. The light will be elevated 336 feet above high water, and visible in clear weather from a distance of 24 miles from the bearing of N. 26° E., through north and west, to S. 11° E.

Approximate position, lat. 12° 11¾′ N., long. 109° 19′ E.

Also, that on 1st April 1905, a *white fixed* light, elevated 38 feet above high water, and visible in clear weather from a distance of 8 miles, would be exhibited experimentally

from an iron trellis-work structure placed on the north-east wall of the Custom house at Fanthit, on the east side of the entrance to the river.

Approximate position on Chart No. 1261, lat. 10° 54½' N., long. 108° 6½' E.

(Variation 2° Easterly in 1905.)

This Notice affects the following Admiralty Charts:—China sea, Nos. 2661a, 2660a, and 1263; Saigon river to Kam ranh bay, No. 1261; Fan rang bay to Tong king gulf No. 1342; Kam ranh bay to Vung-ro bay, No. 1008: Also List of Lights, part VI, 1905, Nos. 672, 669a; China Sea Directory, Vol. II, 1898, pages 399, 293.

JAPAN—Naikai (Inland) sea.

Simonoseki strait—Shoals in Moji ko.

No. 158 (third publication).—The British Admiralty has given notice (No. 303 of 1905) that a recent survey shows that the undermentioned shoals exist in Moji ko in the eastern part of Simonoseki strait:—

a. A shoal head composed of sand and shells, with a depth of 2¾ fathoms over it situated in a position from which Kajiga hana bears N. 57° E., distant 380 yards, and Dan no ura rear light N. 32° W.

b. A shoal head composed of sand and shells, with a depth of 3 fathoms over it, situated in a position from which Kajiga hana bears N. 71° E., distant 420 yards and Dan no ura rear light N. 31° W.

Approximate position, Kajiga hana lat. 33° 57½' N., long. 130° 57½' E.

(Variation 4° Westerly in 1905.)

This Notice affects the following Admiralty Charts.—Simonoseki strait, Nos. 532, 1578; Moji ko, No. 3114: Also, Sailing Directions for Japan, &c., 1904, page 502.

JAPAN—Honshu north-west coast—Sado island.

Futami bay—Buoys established.

No. 159 (third publication).—The British Admiralty has given notice (No. 304 of 1905) that buoys have been established to mark the undermentioned shoals in Futami bay, Sado island, in the following positions:—

a. An iron conical buoy, painted in red and black horizontal bands, and surmounted by a spherical topmark, has been moored in a depth of 2¼ fathoms, at a distance of 2½ miles N. 41° E. from Daiga hana, to mark Daijoji se in approximately lat. 37° 59' 50" N., long. 138° 16' 45" E.

An iron conical buoy, painted black, and surmounted by a cylindrical topmark, has been moored in a depth of 3¼ fathoms at low water, in a position from which Gakeno hana bears S. 88° W., distant 6¾ cables, and Daiga hana S. 46° W., to mark the shoal named Nakano se.

c. A similar buoy has been moored in a depth of 3½ fathoms at low water in a position from which Gakeno hana bears N. 58° W., distant 6¾ cables and Daiga hana S. 53° W., to mark Taka se.

Approximate position, Daiga hana, lat. 37° 58' N., long. 138° 15' E.

RESOLUTION ON THE ANNUAL REPORT ON THE POLICE ADMINISTRATION OF THE TOWN OF CALCUTTA AND ITS SUBURBS FOR THE YEAR 1904.

No. 1489J.—D.

POLICE

Dated Darjeeling, the 25th May 1905.

RESOLUTION.

READ—

The Annual Report on the Police Administration of the Town of Calcutta and its Suburbs for the year 1904.

Read also—

The Reports for the two previous years and the orders of Government recorded thereon.

The office of Commissioner of Police was filled by Mr. R. A. D'O. Bignell, the permanent incumbent, for seven months, and by Mr. F. L. Halliday, for five months, during the year under review. Mr. Bignell has unfortunately been compelled by the state of his health to avail himself of further leave, and the present report has been submitted by Mr. Halliday as Officiating Commissioner. The force had for seven months the advantage of

the services of Mr. F. C. T. Halliday, as Additional Commissioner; and its strength was increased by the appointment of two Inspectors to assist in prosecutions in the Presidency Magistrates' Courts and the addition of five constables to the staff attached to the Suburban Courts. It is noted with satisfaction that the Chief Presidency and the other Stipendiary Magistrates have reported favourably upon the work done by the Inspectors above referred to.

2. There were fewer departmental punishments by way of dismissal or otherwise during the year, and the number of members of the force convicted for offences by the Courts was 18 (1 officer and 17 men) as against 21 in 1903; but the convictions for extortion, causing grievous hurt and giving false information, although few, are unsatisfactory incidents, and compare unfavourably with the facts reported in the preceding year. The heading of columns 15 and 16 in Statement F appended to the report, the figures in which are intended to relate to judicial punishments for offences against discipline, is scarcely intelligible as it stands, and ought in future to be altered so as to refer to the Calcutta and the Suburban Police Acts of 1866. The number of persons resigning rose from 302 to 321; but it is stated that the promulgation of the recent orders of the Government of India sanctioning an enhancement in the pay of constables has already had an appreciable effect in checking the submission of resignations. The percentage of sick in hospital *per diem* is returned at 2·6, as against 4·5 in 1903; but this is attributed to a tendency, deprecated by the Commissioner, to treat more cases as "out-patients," and the attention of the Medical Department will be drawn to the matter.

3. The total number of cognizable cases reported shows an increase of 4,039 cases, which, however, is less unsatisfactory than would appear at first sight. Nearly half of it is due to the addition of 1,935 cases of cruelty to animals, while 234 more cases under the Calcutta Port Act, 1880, 163 more cases under the Excise Law (principally in connection with the illicit sale of cocaine), and 162 more cases of vagrancy and loitering were dealt with. On the other hand, there was a decrease under the head of murder and graver offences against the person, and the only really unsatisfactory increase apparent is in respect of burglaries, which rose from 486 to 568, the increase occurring almost entirely in the suburbs. This clearly demands the special attention of the Commissioner.

4. The number of non-cognizable cases instituted shows practically no fluctuation, being 13,859 as compared with 13,669 in the preceding year. Nine thousand five hundred and fifteen of these ended in conviction, and only 187 were pending at the close of the year, as against 352 at the close of 1903 and 1,550 at the close of 1902, a remarkable improvement which may, no doubt, fairly be attributed to the efficiency of the recent rearrangement of work in the Presidency Police Courts.

5. The results before the Courts were good, the percentage of cases ending in conviction to the total number tried being 90, as compared with 80·22 in 1903. In the High Court there were 68 trials, and in 57 of these the prosecution was successful. As regards false cases, the report undoubtedly indicates some improvement; for, while there were fewer cases (113 compared with 167), there were more frequent prosecutions (36 against 20) and the number of convictions rose from 4 to 18. The conviction of four separate gangs of criminals engaged in dacoity and other heinous crime is a matter on which both the Bengal Police and the Calcutta Police, who worked successfully in combination, are to be congratulated; while the successful prosecution of 97 receivers of stolen property, and the proceedings taken against 253 bad characters and 57 vagrants connote a distinct advance on the preceding year, and indicate that more attention is being paid to professional crime. The number of old offenders reconvicted rose from 749 to 855; but the number convicted at sessions (79) is still far too low, regard being had to the circumstance that, of the total mentioned above, 362 persons had been previously convicted more than thrice and 130 more than six times.

6. The figures given regarding missing children are interesting. It appears that 2,113 were lost during the year, and that of these 2,082 were

recovered and restored to their parents or guardians by the police, while 8 were sent to the Foundling Hospital and 23 could not be traced. Among the last mentioned one was reported to have been wearing ornaments when last seen.

7. Only 14 juvenile offenders were sent to the Alipore Reformatory School during the year, as against 32 in 1903. A salutary increase from 16 to 38 is, however, reported in the number of persons dealt with under the provisions of section 562 of the Criminal Procedure Code, which were enacted in 1898 with the object of enabling a Court, if it thinks that, in view of the youth, character and antecedents of an offender, the trivial nature of the offence, and any extenuating circumstances connected with the case, it is expedient to release him on probation, to do so on proper security being given and avoid sentencing him to any punishment.

8. The system of recording finger impressions for the purposes of identification is said to have continued to show excellent results, 917 criminals having been recognised by this agency, as against 897 in 1903.

9. The Motor Car and Cycle Act of 1903 was brought into force during the year, and it is reported that the statutory rules under it have worked smoothly and that a large number of licenses has already been issued.

10. The Lieutenant-Governor desires to thank the Commissioner of Police, his colleagues and his subordinates for the good work done by them in the course of the year. The names of those officers who have been specially mentioned have been noted.

ORDER.—Ordered that a copy of this Resolution be forwarded to the Commissioner of Police, Calcutta, for information and guidance.

Ordered also that a copy of the Resolution be forwarded to the Chief Presidency Magistrate, Calcutta, the Commissioner of the Presidency Division, the Chairman of the Corporation of Calcutta, and the Municipal (Medical) Department of this Government for information.

Ordered also that a copy of the Resolution be published in the *Calcutta Gazette*.

By order of the Lieutenant-Governor of Bengal,

H. W. C. CARNDUFF,

Offg. Secretary to the Govt. of Bengal.

REPORT ON THE STATE OF THE SALT MARKET FOR THE FOURTH QUARTER OF 1904-1905.

No. 3491B., dated Calcutta, the 19th May 1905.

From—H. F. SAMMAN, ESQ., Offg. Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Financial Department.

Member in charge:
THE HON'BLE MR. K. G. GUPTA, I.C.S.

I AM directed to submit the following report on the state of the salt market for the fourth quarter of the year 1904-1905, comprising the months of January, February and March 1905.

2. The quantity of salt of every description cleared during the quarter amounted to 29,58,842 maunds, as compared with 28,34,107* maunds in the previous quarter, and 27,85,757 maunds in the corresponding quarter of the previous year. The net amount of duty levied thereon was Rs. 52,70,595, as against Rs. 53,86,349* in the previous quarter and Rs. 52,87,047 in the corresponding quarter of the previous year.

* Revised figures.

3. The subjoined Table (I) shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter, as compared with the figures of the corresponding quarters of the two previous years:—

6. The quantity of salt despatched during the quarter by the East Indian Railway to stations beyond Buxar amounted to 810 maunds, as against the same quantity in the previous quarter and *nil* in the corresponding quarter of the previous year.

7. The quantity of saltpetre salt excised in the refineries of the Lower Provinces during the quarter amounted to 5,269 maunds, as compared with 1,395 maunds in the previous quarter and 8,250 maunds in the corresponding quarter of the previous year.

8. The shipments of Liverpool salt during the quarter for the port of Calcutta, according to the published market reports, amounted to 36,022 tons. It is reported that the vessels noted in the margin* are afloat for Calcutta with cargoes of salt from Hamburg. The quantity given against each ship is approximate only.

ANNUAL REPORT OF THE ROYAL BOTANIC GARDEN, CALCUTTA, FOR THE YEAR 1904-1905.

No. 733T.—M., dated Darjeeling, the 25th May 1905.

From—E. A. GAIT, Esq., Offg. Secretary to the Govt. of Bengal, Municipal Dept.,
To—The Secretary to the Government of India, Revenue and Agriculture Dept.

I AM directed to submit, for the information of the Government of India, a copy of the 118th Annual Report of the Royal Botanic Garden, Calcutta, for the year 1904-1905.

2. The Lieutenant-Governor considers that Lieutenant-Colonel Prain, I.M.S., Captain Gage, I.M.S., and their subordinates deserve credit for the good work which has been done during the year, and an expression of his acknowledgements has been conveyed to them.

No. 1831—10G., dated Sureil, Sonada, the 10th May 1905.

From—CAPTAIN A. T. GAGE, M.B., I.M.S., Offg. Superintendent, Royal Botanic Garden, Calcutta,
To—The Secretary to the Government of Bengal, Financial Department.

I HAVE the honour to submit herewith the 118th Annual Report of the Royal Botanic Garden, Calcutta, for the year 1904-1905.

ANNUAL REPORT OF THE ROYAL BOTANIC GARDEN, CALCUTTA, FOR THE YEAR 1904-1905.

AMONGST the chief out-door works of the year were, the deepening of several of the tanks, the raising of a mound near the flower-garden with the soil left over after filling up the office tank, and the reconstruction of the Palmyra avenue. The nursery has been laid out on an improved plan and several of the plant-houses in the nursery have been reconstructed. The weather during the greater part of the year was normal. An abnormally low temperature existed during part of January and February 1905, but appears to have left no permanent ill-effects on the garden. A severe storm on the 9th April 1904 overthrew about forty trees.

2. *Economic work.*—The investigations into the species of *Agaves* found in India, referred to in last year's report, have been continued and concluded during the year by Lieutenant-Colonel Prain and Mr. J. R. Drummond, I.C.S. Their results, which promise to be of great value, are in the press. In connection with this investigation, a complete set of the *Agaves* grown in the Calcutta Garden has been sent to the Director of the Missouri Botanic Garden, who is an authority on *Agaves*. The experiments with 'sunn' hemp (*Crotalaria juncea*) are being continued. It appears that the time of sowing is not the same in all parts of the country. It appears to take place considerably earlier in the year at such places as Cawnpore, and Coconada than in Bengal. This accounts for the fact that whereas the fibre from Cawnpore, Coconada, and some other localities comes into the market in October-November, the best kind of 'sunn' hemp—the Bengal or Belgachia brand—does not come into the market until about February. Considerable attention was given to the growing of the different species and varieties of cotton—supplied by the Agricultural Department and the Reporter on Economic Products—cultivated or attempted to be cultivated in India. The plots furnished material for botanical identification, but in other respects the experiment was practically a repetition of the one made in 1870-71, as detailed in the garden report for that year, and with the same unsatisfactory results. The economic work of growing seeds, tubers and plants and identifying them for the Reporter on Economic Products to the Government of India has been carried on as usual during the year.

3. *Herbarium.*—The past year has been a notable one in the history of the Herbarium. In the annual report for 1889-90 Dr. (now Sir George) King writes that when the mounted collection was removed from the old

building into the present one, it was contained in 93 cabinets. In 1890 the collection filled 186 cabinets and the number of specimens was estimated at over half a million. Since 1890 the collection has increased so prodigiously that until this year the cabinets were overflowing and many thousands of specimens had to be piled on tables and on the floor. The special grant allotted to the garden during the year under review has enabled the general Herbarium in the gallery of the building to be entirely reorganised. All the old cabinets which were arranged in groups of nine have been replaced by large handsome double-sided cabinets, built in four sections so as to allow of easy handling, each new cabinet occupying no more floor space than nine old ones, but having a capacity half as great again as the nine old ones. There are now thirty-two cabinets in the general Herbarium with a total capacity of about a million specimens. It is hoped to replace the old cabinets still remaining on the ground floor and containing the local herbaria and unclassified collections during the coming year. When this will have been done the capacity of the present building will be utilised to the fullest extent. It would be rash to prophesy how long the present improved accommodation will suffice, but in the natural course of development of the institution, congestion is bound to recur, and when it does so it will have to be relieved by enlarging the building itself. It is very satisfactory to be able to chronicle such a great improvement as the liberality of Government has enabled the officers responsible for the Royal Botanic Garden to effect. It would, however, have been still more satisfactory to be able to state that the scientific staff had increased *pari passu* or approximately so, with the development of the Herbarium. During the last forty years the Herbarium and Library have increased at least five-fold. The scientific staff of the Herbarium still consists of only one man, exactly as it did half a century ago. In the annual report for 1889-90 already quoted, Sir George King, referring to the work of the Herbarium, states that then the work was getting very heavy and that it might be necessary before long to apply for the services of yet another botanist. If fifteen years ago the work of the Herbarium justified Sir George King's remarks, still more does the great increase in the collection which has gone on steadily during those years render imperative a re-statement of them. The re-arrangement of nearly a million specimens in the new cabinets entailed a great amount of extra work during the year, and this, coupled with the absence of the Curator of the Herbarium for six months, made it impossible to depute any European officer to collect specimens. Native collectors, however, were sent to Tenasserim and to Sylhet; and towards the end of the year, by the kindness of Mr. Merk, Chief Commissioner for the Andamans, a collector was sent to the Nicobar islands. Collections have also been made by Lepcha collectors in the Chumbi valley, working under the supervision of Mr. G. L. Searight, the officer in charge of the road survey there. The number of specimens received in the Herbarium amounted to almost 7,000. The specimens distributed are considerably less than the usual number owing to the interruption caused by the re-arranging of the general Herbarium. They number about 4,000 sheets.

4. *Laboratory and Museum.*—In the year 1876, Sir Richard Temple, Lieutenant-Governor of Bengal, wrote two Minutes bearing on the science of Botany. One, dated 9th September 1876, had for its subject the Herbarium at the Botanic Garden, Calcutta; the other, dated 14th September 1876, is entitled "Inquiries and Experiments in the Physiological Branch of Botany." The recommendations in the first Minute concerned with the Herbarium have to a certain extent been carried out or are being carried out. The recommendations in the second Minute have remained unacted upon for practically thirty years. It is true that in 1901 the newly appointed Cryptogamic Botanist to the Government of India was stationed in the Royal Botanic Garden. He, however, was soon afterwards transferred to another department, and the Garden relapsed into its former condition of being without a laboratory and without an officer, who had both the time and the knowledge to study physiological and histological problems. During the year, however, a beginning has been made to provide at least the tools for carrying out the physiological and histological investigations referred to in Sir Richard

Temple's second Minute. A room above the Cinchona Office with accommodation for four workers has been fairly well equipped with the most recent appliances, such as are used in the foremost English laboratories, which the Curator of the Herbarium visited, while on leave, for the purpose of selecting the best equipment. A dark room with all the appliances for ordinary photographic and photo-micrographic work has also been erected. The laboratory, although small, should be of great use to any botanist desiring to study tropical vegetation from a physiological or histological stand-point. Until, however, a permanent additional appointment is created for such investigations, the amount of work turned out from the Laboratory will depend to a large extent on volunteer workers. Until such an appointment has been created as well as an additional one for the Herbarium, the scientific staff of the Calcutta Garden can be described only as very inadequate for the amount of work that waits to be done. Although a fairly good beginning has been made, it must not be supposed that the Laboratory is complete in every detail. A supply of electricity—so necessary for certain physiological investigations—is lacking. In connection with the Laboratory a part of the south verandah of the seed-house has been transformed into a small museum, which has been fitted up with excellent show-cases. As a beginning for a larger and better museum in the future it should promise well.

5. *Library*.—During the year the Library has undergone as complete a reorganisation as the Herbarium. The old clumsy book-cases have been replaced by twelve fine new double-faced cases with sliding doors, each new case giving nearly twice as much space as four of the old ones, and in addition providing ample room for the thousands of valuable drawings executed in the Garden during the last hundred years. The work of transferring the books from the old to the new cases naturally put a temporary stoppage to work on the card-catalogue, which should now, however, go on with greater rapidity. During the year a large number of books were added and several portraits of illustrious botanists were presented to the Library.

6. *Publications*.—During the year there were issued the following numbers of the Records of the Botanical Survey of India:—

Volume III, No. 1.—*The Vegetation of the district of Minbu*, by Captain A. T. Gage, Curator of the Herbarium.

Volume III, No. 2.—*The Vegetation of the districts of Hughli-Howrah and the 24-Parganas*, by Lieutenant-Colonel D. Prain, Superintendent of the Garden.

Volume IV, No. 1.—*An Epitome of the British Indian Species of Impatiens, Part I*, by Sir J. D. Hooker.

Colonel Prain also published a paper "On the Morphology, Teratology, and Diclinism of the flowers of Cannabis," forming No. 12 of the Scientific Memoirs by Officers of the Medical and Sanitary Departments of the Government of India, as well as *Noviciæ Indicæ*, Nos. XXIV and XXV, contributed to the Journal of the Asiatic Society of Bengal, Volume LXXIII, Part II, 1904.

During the year also Sir George King and Mr. Gamble have published Part XV of their *Materials for a Flora of the Malayan Peninsula*.

7. *Interchange of Seeds and Plants*.—During the year 3,368 packets of seeds were distributed and 1,674 packets were received. The latter included collections from the Botanic Garden, Sydney; the Botanic Garden, Sapporo, Japan; the Bureau of Forestry, Manila; Messrs. Reasoner Brothers, Florida; M. Buysmann, Middleburg, Holland; Sir Thomas Hanbury, M. Herb and M. Sprenger, Italy; and Mr. J. C. Harvey, Mexico, as well as gifts from the chief Botanical Gardens in England and the Continent. Large collections were contributed by the Reporter on Economic Products, by Mr. G. H. Cave while officiating as Curator of the Garden at Ootacamund, and by the Lepcha collectors in the Chumbi valley under Mr. Searight. The number of plants distributed was 40,898. These included a collection of Pomeloes sent to the Bureau of Plant Industry, Washington, a large collection of Rhea roots to Uganda and several thousands of Sisal Hemp plants to various parts of India. The number of plants received was 4,584. These included several

hundreds of *Agaves* contributed by Mr. C. A. Barber of Madras; Dr. E. J. Butler; Mr. Cameron of Bangalore, and several others, primarily to aid the investigation into *Agaves* by Colonel Prain and Mr. Drummond. Mr. T. J. Spooner of Dharwar presented over 300 plants. For the Reporter on Economic Products over 500 plants and tubers were cultivated.

8. *Lloyd Botanic Garden.*—This Garden suffered somewhat from the severe cold in January and February. Plants representing about twenty different indigenous species and as many exotic species were killed. Otherwise the condition of this Garden was normal throughout the year. The usual collections of Himalayan seeds were made for distribution.

9. *Financial.*—The allotment for contingencies for the Royal Botanic Garden, as well as the special grant for the reorganisation of the Herbarium and Library and establishment of a Laboratory and Museum were spent in full. There was a saving of Rs. 2,839-4-1 under establishment charges and of Rs. 781-3 under travelling allowance. All the allotments for the Lloyd Botanic Garden were spent. The revenues for the Royal Botanic Garden of Rs. 1,415-0-6 and for the Lloyd Botanic Garden of Rs. 331-4 were paid into the Calcutta and Darjeeling treasuries, respectively.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

d, drizzling rain; t, thunder; <, lightning; ⌓, dew.

(a) Decrease mainly under foreign outward due to special trains run for the Tibet mission in the corresponding period last year.
(b) The traffic of the week shewed a large decrease in foreign outward bookings, due to dull markets and bad crops, but this was partly compensated for by increased local movements and foreign inward traffic.
(c) Decrease chiefly under steam-boats due to reduced foreign outward traffic referred to above.
(d) Includes 5,718 miles of ballast trains.

DECLARATION—By the Government of Bengal, Revenue Department.

Manbhum.

No. 970T.R.—The 29th May 1905.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for siding No. 1 of the Bengal-Nagpur Railway Company in Jherria, mauza Jamadoba, district Manbhum, and whereas coal-mines are situate under the said land, and whereas the Indian Collieries Syndicate, Limited, through their agents, Messrs. Kilburn and Company, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the mines in question, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Indian Collieries Syndicate, Limited, have agreed not to work and get minerals underlying the land acquired for their siding or underlying the land acquired for the branch or other lines with which the siding is connected, or underlying the land of the branch or branches

connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare under section 5, sub-section (2), clause (*b*) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Indian Collieries Syndicate, Limited, in the manner and subject to the restrictions below specified, viz.—

That no coal be worked north of the line F. H. K. L. Between the lines F. G. and H. M. the galleries be driven not more than 10 feet wide with centres not less than 60 feet apart, forming pillars not less than 50 feet square. North of the line K. M. N. P. the galleries be driven not more than 8 feet wide, with centres not less than 80 feet apart, forming pillars not less than 72 feet square. The galleries may be driven the full height of the seam, provided that the main haulage level marked Y. Z. may be driven under the acquired land at a width not exceeding 9 feet; and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 30, signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India.

HIGH COURT NOTICES.

NOTIFCATION.

THE following rule having been framed by the High Court of Judicature at Fort William in Bengal, in the exercise of the powers vested in it by the Statute 24 and 25 Vic. Chapter 104, section 15, and sanctioned by the Governor-General in Council are published for general information.

HIGH COURT;
ENGLISH DEPARTMENT
(CRIMINAL),
The 30th May 1905.

By order of the High Court,
A. P. MUDDIMAN,
Registrar
(CRIMINAL).

Rule No. of 1905.

The following amendments should be made in the rules regarding copies and the cancellation of Court-fee stamps, reproduced in Chapters IV, VI, VII and X of Volume I, and in the "*Register of Applications for Copies,*" reproduced in Volume II of the High Court's General Rules and Circular Orders, Criminal, viz.:—

1. In the fourth line of Rules 17 at page 109, *insert* the words "or typists" after the word "copyists;" and in the third line of the NOTE to that Rule, insert the words "and typists" after the word "copyists."

2. In the sixth line of Rule 18 at page 109, *add* the words "or typist" wherever the word "section-writer" appears in that line.

3. *Cancel* the form of "Copyist's report" in the "FORM OF APPLICATION FOR COPIES" reproduced at page 112 and *substitute* therefor the following:—

Copyist's or Typist's report
The copy applied for will amount to folios
and will require the following:—

	Rs.	A.
stamped sheets each of the value of 3 annas, total		
stamped sheets each of the value of 6 annas, total		
stamped sheets each of the value of 9 annas, total		
Also Court-fee stamps for certified copy		
Also extra Court-fee stamps for urgency		
Also 4 annas Court-fee stamps for searching fee		
TOTAL ...		

Signature of Copyist or Typist
Dated 19

4. In the second line of Rule 4 at page 126, *insert* the word "manuscript" between the words "of" and "copies."

5. After the first paragraph of Rule 5 at page 127, *insert* the following :—

In the case of type-written copies, certified or uncertified, the following uniform charges shall be made, viz.:—

(1) The impressed stamped paper of 3 annas referred to in the preceding paragraph, for copies of documents containing 150 type-written words or less;

(2) The same impressed stamped paper of 3 annas with an adhesive stamp of 3 annas affixed thereto, for copies of documents containing from 151 to 300 type-written words; and

(3) The same impressed stamped paper of 3 annas with an adhesive stamp of 6 annas affixed thereto, for copies of documents containing from 301 to 450 type-written words. These sheets should be used for copies of lengthy documents. For the concluding portion of such documents, the stamped paper (1), (2) or (3) should be used, according to the number of words remaining to be typed.

These charges, it will be seen, correspond exactly with the charges for manuscript copies, viz., 3 annas for a folio of 150 English words. The sheets will be divided into three equal parts by blue lines, each part being intended for 150 type-written words. In the case of the charges (2) and (3) above, the adhesive stamps will be affixed across the perforated line on the top of the sheet of the impressed stamped paper.

6. *Cancel* the second paragraph of Rule 5 at page 127.

7. In the third line of Rule 7 at page 132, *insert* the words "the Court-fee stamps affixed to the folios, together with" after the word "punch."

8. In the first line of Rule 1 at page 229, after the words "copyists" *insert* the words "and typists" and in the sixth line, *insert* the words "or licensed typist" after the words "licensed copyist." At the end of the Rule, *insert* the words—Typists providing their own type-writing machines should be given the preference over copyists when fresh appointments are made.

9. In the first line of Rule 2 at page 220, *insert* the words "and typists" after the word "copyists;" in the third line, *cancel* the word "and;" and in the fourth line, *insert* the words "and of each typist, who provides his own typewriting machine, at least Rs. 50 per month" after the words "per month."

10. In the second line of Rule 4 at page 230, *insert* the words "and adhesive" between the words "impressed" and "stamp"; in the sixth line, *insert* the words "or typists" after the words "licensed copyists;" and in the eleventh line, *insert* the words "or typists" between the words "copyists" and "name." In the first line of NOTE 1 to this Rule, *insert* the words "or typists" after the word "copyist."

11. In the second and sixth lines of Rule 5 at page 230, *insert* the words "or typist's" after the words "copyist's."

12. In the fourth line of Rule 6 at pages 230 and 231, *insert* the words "or typed" after the word "written;" in the seventh line, *insert* the words "or typists" after the word "copyists;" in the eighth line, *insert* the words "or typing" after the word "writing;" and in the tenth line, *insert* the words "or space" after the word "sheet."

13. In the first line of Rule 7 (*a*) at page 231, *insert* the words "and typist" after the words "a copyist" and the words "and typists" after the words "Copyists" appearing in the third and fifth lines.

14. In the first line of Rule 7 (*b*) at page 231, *insert* the words "typist or" between the words "No" and "copyist."

15. *Cancel* columns 7 to 10 of the "*Register of Applications for Copies*" reproduced at page 59 of Volume II, and *substitute* therefor the following :—

No. 871T.M.—The 29th May 1905.—It is hereby notified for general information that, in exercise of the powers conferred on him by section 138 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor is pleased to make the following rule in modification of rule 57 of the rules made under clauses (*g*), (*l*) and (*m*) of that section and published with Notification No. 3334L S-G, dated the 20th December 1901, at pages 293—305 of Part IB of the *Calcutta Gazette* of the 25th idem:—

"57. In the case of the following classes of estimates or projects, the sanction of the District or Local Boards shall be subject to the confirmation and approval of the authority indicated:—

Class	Authority
(*a*) All projects for new works the estimated cost of which amounts to Rs 25,000 or more (*b*) All projects for works which may affect or alter the course of any river which is navigable at any time of the year or on either bank of which there is any public embankment. (*c*) All projects for embanked roads passing through country subject to floods or irrigated from canals.	Approval of the Local Government in the Public Works Department to be obtained through the Inspector of Local Works and Commissioner of the Division.
(*d*) Plans and estimates for new works for providing or improving drainage. (*e*) Plans and estimates for new works or for repairs of existing works for the improvement of the supply of drinking-water, the cost of which exceeds Rs. 1,200. (*f*) Plans and estimates for new works and tools and plant, including live-stock and office furniture— In the case of a district in class III if the cost exceeds Rs. 500. In the case of a district in class II if the cost exceeds Rs. 1,000. In the case of a district in class I if the cost exceeds Rs. 2,500. (*g*) Plans and estimates for repairs— In the case of a district in class III if the cost exceeds Rs. 1,000. In the case of a district in class II if the cost exceeds Rs 2,000. In the case of a district in class I if the cost exceeds Rs. 5,000.	Approval of the Commissioner of the Division to be obtained through the Inspector of Local Works.

The sanction of the District or Local Board to an estimate for an original work which forms part of a contemplated scheme, although such estimate may in itself be within the limit up to which the Board can sanction, shall be subject to the confirmation and approval of the same authority as the estimate for the whole scheme would be, and no such estimate for a part of a scheme shall be sanctioned unless the nature and approximate cost of the entire scheme is fully set forth in the report of the estimate.

When the approval of the authority indicated is received, the execution of the work may be proceeded with in accordance with any provision that may be made for it in the budget of the year. If the plans have been materially altered or if the estimate has been raised by the controlling authority, they must be resubmitted to and approved by a formal resolution of the District or Local Board before the work is begun.

BERHAMPORE, the 5th June 1905.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

RESOLUTION RECORDED ON THE ANNUAL RETURNS OF THE LUNATIC ASYLUMS IN BENGAL FOR THE YEAR 1904

MUNICIPAL DEPARTMENT—MEDICAL

Darjeeling, the 24th May 1905

RESOLUTION—No 789T—M.

READ—

The annual returns of the Lunatic Asylums in Bengal for the year 1904.

Read also—

The annual returns of the Lunatic Asylums in Bengal for the year 1903 and the Resolution recorded by Government thereon.

The returns of the Lunatic Asylums in Bengal for 1904 were received by Government on the 6th May, or only five days after the due date.

2. The daily average population of the asylums in 1904 was higher than in any year since 1891, while the admissions during the year and the number under detention at its close were the highest on record. The total number of lunatics in the asylums is less than 5 per cent. of the persons returned as of unsound mind at the last Census, and there are often marked differences in the number of admissions from adjoining districts. In 1904, for instance, 53 lunatics were sent to an asylum from Calcutta and 37 from the 24-Parganas, but only two from Nadia and one from Jessore; 19 were sent from Dacca and 10 from Backergunge, but only two from Mymensingh and none at all from Tippera. Such variations must, to some extent at least, be due to the idiosyncracies of the officers having authority to order detention in an asylum. The number of admissions fell suddenly about 1891, when it was

laid down that, apart from criminal lunatics, only those persons should be confined in asylums who are regarded as dangerous or who are in such a state of destitution that their admission is demanded by common humanity; but during the last four years it has again risen steadily. This may be due to the fact that the standing orders on the subject have in some districts been overlooked, and attention will again be drawn to them.

3. The number of lunatics in asylums is affected not only by the number of admissions but also by the time for which they are detained, and the Inspector-General of Civil Hospitals expresses a doubt whether, in the case of criminal lunatics, the orders of Government enjoining the release of harmless lunatics convicted of trivial offences have been strictly observed. He has already drawn the attention of Superintendents to this matter.

4. The mean death-rate was 92 per mille in 1904, against 100 in the previous year. There are great differences in the figures for the different institutions; and whereas in the Dacca and Berhampore Asylums the death-rate was 67 per mille, at Dullunda it was no less than 128. In considering these figures it must be remembered that the inmates of an asylum are comparable with patients in a hospital rather than with prisoners in a jail. Most of them suffer from some form or another of organic disease, such as tubercle or dysentery; and their condition is often serious before they reach the asylum. This was especially the case during the year under review at the Dullunda Asylum, where no less than nine of the new admissions were found to be suffering from phthisis. The death-rate of the asylums in England in 1903 was 104 per mille, or 12 more than the rate now reported for Bengal.

5. Some progress has been made during the year in the scheme for a Central Aslyum for native lunatics, where they may be under the continuous care of a highly-trained specialist. The Lieutenant-Governor's proposals for a similar reform in the case of European lunatics are now before the Government of India. The urgent necessity for this reform was pointed out in the Resolution on the returns for 1903. Meanwhile Sir Andrew Fraser notices with satisfaction the Inspector-General's opinion that the asylums have been managed by the Superintendents with judgment and care, and that, so far as is possible under existing conditions, every effort is made to render the lives of their unfortunate inmates comfortable and healthy.

By order of the Lieutenant-Governor of Bengal,

E. A. GAIT,

Offg. Secretary to the Govt. of Bengal.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; p, passing temporary showers.

No. 1120T.R.—The 7th June 1905.—Under section 3 of the Bengal Survey Act, V (B.C.) of 1875, the Lieutenant-Governor is pleased to order that a survey shall be made of all lands lying in village Ajitpur of estate Kismat Pargana Fatehsing, tauzi No. 253, of the Murshidabad Collectorate, and that the boundaries of estates, tenures, mauzas and fields be demarcated on the said lands so to be surveyed.

Murshidabad.

No. 1121T.R.—The 7th June 1905.—Whereas an application has been made by the Nawab Bahadur of Murshidabad, the proprietor of 13-anna share and patnidar of the remaining 3-anna share of estate Fatehsing, bearing tauzi No 253 of the Murshidabad Collectorate, for a survey and the preparation of a record-of-rights in respect of all lands situated in village Ajitpur of that estate, and whereas the estimated cost of the operations has been deposited by the Nawab Bahadur:

Murshidabad.

In exercise of the powers conferred upon him by section 101 (2) (*a*) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B C) of 1898, the Lieutenant-Governor is pleased to order that a survey shall be made and a record-of-rights prepared in respect of all lands included within the boundaries of village Ajitpur, in the district of Murshidabad, appertaining to the said estate.

The particulars to be recorded in the survey and record-of-rights shall be the following.—

(*a*) the name of each tenant or occupant;

(*b*) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat, or under-raiyat, and, if he is a tenure-holder, whether he is a permanent tenure holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;

(c) the situation, quantity and one or more of the boundaries of the land held by each tenant or occupier;
(d) the name of each tenant's landlord;
(e) the money-rent payable at the time the record-of-rights is being prepared; or if a produce-rent, the fact that a produce-rent is paid, and the customary terms according to which such rent is paid;
(f) the mode in which that rent has been fixed—whether by contract, by order of a Court, or otherwise;
(g) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;
(h) the special conditions and incidents, if any, of the tenancy;
(i) if the land is claimed to be held rent-free,—whether or not rent is actually paid, and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;
(j) the name of each proprietor, including rent-free owner, with the character and extent of his interest, and the situation, quantity, and one or more of the boundaries of each proprietor's private lands, as defined in Chapter XI of the Act;
(k) the custom of the village regulating the methods of irrigation, and the duties and rights of both landlords and tenants with respect to the use and maintenance of the means of irrigation.

No. 1136T.R.—The 8th June 1905.—Whereas an application has been made by Babu Jogendra Nath Ghose for the survey and preparation of a record of rights in respect of all lands in his tenure in village Kamalapur, including Kalipur, in estate Mamudabad (six annas), bearing tauzi No. 154 on the revenue-roll of the Khulna Collectorate; and whereas he has agreed to deposit the estimated cost of the operations:—

Khulna.

In exercise of the powers conferred upon him by section 101 (2) (a) of the Bengal Tenancy Act, VIII of 1885, as amended by Act, III (B.C.) of 1898, the Lieutenant-Governor of Bengal is pleased to direct that a survey shall be made and a record of rights prepared in respect of all lands included in the said tenure.

The particulars to be recorded in the survey and record of rights shall be the following:—

(a) the name of each tenant or occupant;
(b) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat or under-raiyat; and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;
(c) the situation and quantity and one or more of the boundaries of the land held by each tenant or occupier;
(d) the name of each tenant's landlord;
(e) the money-rent payable at the time the record of rights is being prepared; or if a produce-rent, the fact that a produce-rent is paid, and the customary terms according to which such rent is paid;
(f) the mode in which that rent has been fixed,—whether by contract, by order of a Court, or otherwise;
(g) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;
(h) the special conditions and incidents, if any, of the tenancy;
(i) if the land is claimed to be held rent-free,—whether or not rent is actually paid, and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;
(j) the name of each proprietor, (including rent-free owner), with the character and extent of his interest, and the situation, quantity, and one or more of the boundaries of each proprietor's private lands, as defined in Chapter XI of the Act.
(k) the customs of the villages regulating the methods of irrigation, and the duties and rights of both landlords and tenants with respect to the use and maintenance of the means of irrigation.

(*8*) "Veterinary Practitioner" means a Veterinary Practitioner appointed under the Act.

N. B.—By virtue of section 20 of General Clauses Act, 1897 (X of 1897), expressions used in these rules have the same meaning as in the Glanders and Farcy Act, 1899; consequently, the expression "diseased" has the meaning stated in section 2 (*1*) of the latter Act, and the word "horses" includes asses and mules—see section 2 (*2*) of that Act.

Control by Superintendent.

2. (*1*) The operations under the Act in the Port shall be under the direction of the Superintendent.

(*2*) All Inspectors and Veterinary Practitioners, and all members of the Veterinary Preventive Force appointed to assist Inspectors and Veterinary Practitioners in carrying out the purposes and objects of the Act, shall be under the control of the Superintendent.

Duties of Master and signaller on arrival of vessel off Saugor Island.

3. Whenever a vessel with one or more horses on board arrives off Saugor Island,—

(*1*) the Master shall—

(*a*) report to the Pilot in charge of the vessel the fact of a horse or horses being on board; and

(*b*) hoist at the main or mizen mast, for the information of the Inspector on duty in the Port (if any horse is from Queensland) Flag H, or (if none of the horses are from Queensland) Flag N; and

(*c*) keep the said flag flying until he is informed by the inspector at Diamond Harbour that none of the horses are diseased; and

(*2*) the signaller at Saugor shall telegraph at once to the Inspector at Diamond Harbour and to the Superintendent the arrival of the vessel.

Delivery of copy of sections of Act

4. The said Pilot shall deliver to the said Master a printed copy of sections 2, 10 and 11 of the Act, and the Master shall give such copy to the owner or person in charge of the said horse or horses.

Report of disease by Pilot or Police or Customs Officer.

5. If the said Pilot, or any officer of Police or of the Customs Department who goes on board the said vessel, has reason to believe that any horse on board is diseased, he shall at once give information thereof to—

(*a*) the Master of the vessel,

(*b*) the Superintendent of the Water Police, and

(*c*) the Inspector on duty in the Port.

Suspension of disembarkation of horses.

6. If the Master of the said vessel has reason to believe that any horse on board is diseased, or if information that any such horse is diseased is given to him under rule 5, he shall prevent any horse from being disembarked until an Inspector has inspected all the horses on board.

Report by Police when services of the Inspector on duty in the Port are not available

7. If the services of the Inspector on duty in the Port should not be immediately available, when required for the purposes of any of the foregoing rules, the Police on duty in the Port must at once inform the nearest Inspector and the Head Office of the fact.

Duty of Superintendent of Water Police on receiving information under rule 5.

8. Whenever any information is given to the Superintendent of the Water Police under rule 5, he shall cause the same to be taken down in writing, and shall at once forward the writing to an Inspector and to the Head Office.

Procedure where any officer of the Government suspects disease on landing.

9. (*1*) If any officer of the Government has reason to believe that any horse which is being landed or has just been landed at any wharf, dock, bander or other place is diseased, the person in charge of such horse shall, upon the requisition of such officer, keep the said horse, and all other horses (if any) landed with it, separate, at or near the spot where it has been landed, until an Inspector has inspected all the horses.

(2) The officer making such requisition shall forthwith give information to the nearest superior officer of police, who shall cause the same to be taken down in writing, and shall at once forward the writing to an Inspector and to the Head Office.

Entry of vessel by Inspector

10. (1) Whenever an Inspector has reason to believe that a diseased horse is to be found on board any vessel in or about to enter the Port, he shall enter such vessel and search for and inspect such horse and all other horses (if any) on board such vessel.

(2) Every entry upon and search of a vessel, and every inspection of horses, made by an Inspector under this rule or under section 5 of the Act, must be made in the presence of the Master or some other officer of the vessel, and of the owner or person in charge of the horses if he desires to attend.

(3) Before making any such entry the Inspector shall, if so required, produce his certificate of appointment.

(4) Every such certificate shall be in the form contained in Schedule I.

(5) When making any such entry, search and inspection, the Inspector may be accompanied by any other Inspector or Inspectors or any Veterinary Practitioner or any member or members of the Veterinary Preventive Force whom he may consider it necessary to take with him.

(6) The Master and every officer of such vessel, and the owner or person in charge of the horses on board, shall give free access to the Inspector and the persons (if any) accompanying him, and shall in every way facilitate his search and inspection.

Procedure when Inspector believes horse to be diseased

11. (1) Whenever an Inspector has reason to believe that any horse on board a vessel in the port is diseased, he shall seize such horse and deliver it to a member of the Veterinary Preventive Force, to be taken to a Veterinary Practitioner

(2) If such Veterinary Practitioner certifies under section 8 of the Act that the horse is suffering from any disease other than glanders or farcy, he shall, as soon as possible, order it either—

(a) to be destroyed, or

(b) to be sent, with all due care for the prevention of contagion to other horses and to human beings, to the hospital, where it shall be dealt with under the Act and these rules; or

(c) to be otherwise treated or dealt with,

as he may deem necessary.

(3) Any horse so sent to the hospital may be detained therein for such time as the officer in charge may consider necessary, and may be submitted to any recognised test.

Presentation of documents after seizure of horse.

12. (1) When an Inspector seizes a horse under section 6 of the Act, he shall present to the Master of the vessel, or to the owner or person in charge of the horse, a printed copy of these rules.

(2) If the Inspector is a Veterinary Practitioner, and if the horse is found on examination to be diseased, he shall also present to such owner or person a certificate in the form set forth in Schedule II.

(3) If the Inspector is not a Veterinary Practitioner, and if the horse is found on examination by a Veterinary Practitioner to be diseased, the Inspector shall, as soon as practicable, procure from such practitioner a certificate in the said form and shall serve a copy of it on the said Master, owner or person.

(4) If the said Master, owner or person is absent at the time of the seizure, the Inspector shall nail on to a prominent place on the vessel the documents hereinbefore mentioned.

Procedure when, after examination, a horse is not certified to be diseased.

13. (1) If, after completing the examination of a horse, the Veterinary Practitioner does not certify that the horse is diseased, the expenses incurred shall be debited to the Government.

(2) If the person entitled to the possession of the horse is not present to receive it under section 8 (2) of the Act, the Inspector shall forthwith serve upon him a notice, in the form contained in Schedule III, requesting him to remove the horse within a period of seven days from the date of the notice.

(3) The said notice may be served either personally or by leaving it at the last known residence or place of business of the person believed to be entitled to the possession of the horse; and in the latter case a copy of the notice shall be posted at the police-station within the local limits of which the horse was seized.

(4) If the horse is not removed within the aforesaid period of seven days, it may be—

(a) sold to defray expenses, in which case any balance that may remain after meeting all charges may be kept at the owner's disposal for two months, after which time it shall be the property of the Government; or

(b) sent to the Pinjrapole; or

(c) destroyed

14. If a Veterinary Practitioner certifies under section 8 of the Act that a horse is suffering from glanders or farcy, or orders, under rule 11, that a horse certified to be suffering from any other disease be destroyed, or if the destruction of a horse is ordered under rule 13, it shall be destroyed humanely in the presence of an Inspector, and the carcass shall be disposed of in the presence of a member of the Veterinary Preventive Force.

Destruction of horses.

15. (*1*) Licenses under section 11 of the Act for the removal of horses which have been with a diseased horse shall be granted by the Inspector in the form contained in Schedule IV.

Licenses for removal of horses.

(*2*) The place to which horses shall be removed under any such license for isolation shall ordinarily be the hospital.

16. When a horse or carcass which is diseased or believed to be diseased is about to be removed to another place for examination, slaughter, cremation, burial or any other lawful purpose, the owner or person in charge of the horse or carcass shall attach a suitable covering over the nostrils and to any part of the body or carcass from which contagious or infectious matter may escape, so as to minimise danger from contact during removal.

Precautions during transit of horse or carcass.

17. (*1*) If a diseased horse dies, the owner or the person in charge of it shall, as soon as possible, and with all due care for the prevention of contagion to other horses and to human beings, cause the carcass to be taken to a suitable place, to be there burnt or buried or otherwise disposed of in the safest and most efficacious manner practicable

Disposal of carcasses of diseased horses.

(*2*) The means of disposal to be adopted shall be decided in each case by an Inspector, and shall be recorded in writing; and the work shall be carried out under the supervision of a member of the Veterinary Preventive Force.

18. (*1*) Whenever an Inspector issues a notice under section 9 of the Act to the Master or the officer in charge of a vessel, to have the same disinfected, such disinfection shall be regulated as follows, namely:—

Methods of disinfection of vessel under section 9 of the Act.

(*a*) all refuse derived from cleansing, and all dung, litter, straw, grass or hay, shall be taken to a suitable place and burnt; and any material left after burning shall be buried according to orders issued by an Inspector;

(*b*) every piece of stable gear connected in any way with a diseased horse, including feeding-troughs, pails and battens, shall be destroyed by fire, except iron-work, and that shall be made red hot;

(*c*) every part of the vessel which has been within reach of a diseased or suspected horse shall be thoroughly scraped.

(*d*) in the case of a steam vessel,—

(*i*) the steam hose superheated shall be turned on and carefully applied to every part of the deck, hold or other place which has been occupied by any horse;

(*ii*) the deck, hold or other place shall then be washed with soft soap and hot water, mixed with crude carbolic acid or phenyle in the proportion of one part of acid to twenty parts of water; and

(*iii*) the said place shall then be freely ventilated;

(*e*) in the case of a sailing ship, or of a steam-ship unprovided with a steam hose, the procedure prescribed in clause (*d*) shall be adopted, except that scrubbing with hot water may be substituted for the use of a steam hose.

(*2*) Notwithstanding anything in clause (*1*), the Inspector may, for reasons recorded in writing, prescribe any method of disinfection which the special circumstances of a particular case may seem to him to require.

19. (*1*) Every vessel which has been disinfected under rule 18 shall, after disinfection, be examined by an Inspector.

Examination of vessel by Inspector after disinfection

(*2*) The Master or officer in charge of any such vessel shall give such Inspector all reasonable facilities for such examination.

(3) If the Inspector is not satisfied that the work of disinfecting any vessel has been thoroughly done, he may pass such orders as he may consider necessary to secure the proper disinfection of the vessel, and the Master or officer in charge of the vessel shall be bound forthwith to carry out such orders.

20. The expense of detaining, isolating and testing, under the Act or these rules, any horse which a Veterinary Practitioner has certified to be diseased shall be recovered from the owner or the person who was in charge of such horse, according to the following scale, namely:—

Recovery of expenses in dealing with diseased horse.

(*a*) a fee of one rupee for admission to the hospital;

(*b*) four annas a day for food; and

(*c*) in the event of slaughter or death, a fee of two rupees for disposing of the carcass:

Provided that the whole or any part of such expense may be remitted and debited to the Government by the Superintendent, if it is proved to his satisfaction that the debtor has

executed promptly and thoroughly all the duties laid upon him by or under the Act or these rules:

Provided also that no charge shall be made for admission or for food if the owner or the person who was in charge of the horse himself provides food and an attendant.

Form of account.

21. Every account rendered under rule 20 to an owner or to a person who was in charge of a horse shall be prepared in the form contained in Schedule V, so far as it is applicable.

Recovery of sums due

22. All sums due from any person under rule 20 shall be recoverable, on application to a Magistrate, as if they were fines.

Assistance by police.

23. In the event of obstruction, the Police shall be bound, on the written application of an Inspector, a Veterinary Practitioner, or a member of the Veterinary Preventive Force, to render such officers such assistance as may be necessary to enable them duly to perform their duties under the Act and these rules.

Uniforms.

24. Every Inspector, and every member of the Veterinary Preventive Force, who is not a gazetted or commissioned officer, shall, when on duty, wear a distinctive uniform prescribed for his department:

Provided that the Superintendent may, by written order, exempt any officer from compliance with this rule.

Penalty for breach of rule.

25. Whoever commits a breach of any of these rules shall be punishable with imprisonment for a term which may extend to one month, or with fine which may extend to fifty rupees, or with both.

CIVIL ENGINEERING COLLEGE, SIBPUR.

AGRICULTURAL DEPARTMENT.

HIGHER AGRICULTURAL CLASS.

[Session 1905-1906.]

Rules for admission.

FOR admission to the Higher Agricultural Class, an applicant must have one of the following qualifications:—

(i) He must have passed the F.E. Examination of the Calcutta University, and be under 23 years of age, but no student will be allowed to join the Agricultural class after the expiration of five years from admission into the Engineering College.

(ii) He must have passed the B A. Examination of the Calcutta University by the B. course, or possess other sufficient educational qualifications; be under 23 years of age, and, in addition, have received a nomination from the Bengal Government.

(iii) He must have had a general education qualifying him to follow the instruction in the Higher Agricultural Class, and must also receive a nomination from Government for admission as a special student. To be eligible for a nomination under this rule, a candidate must either have landed property of his own, or be recommended by some influential landholder who desires to train him to take part in the management of his estate, or he must otherwise satisfy Government that he intends to make practical use of his agricultural training. Students entering under this rule will be termed Special Agricultural students. They will not be subject to any maximum limit of age, but will not be entitled to the privileges conferred on passed students under rules 12 and 13, even though they should obtain fully-signed diplomas in due course after passing the necessary examinations.

Every candidate for admission to this Department must apply in writing to the Principal not later than the 14th July. The form of application for a nomination, which must be addressed to the Principal, is given in Appendix B. In the event of the form not being properly filled up and accompanied by the necessary certificates, no notice will be taken of the application.

The number to be nominated each year will depend on the accommodation available.

Every applicant, not already a student of the College, must undergo a medical examination by the College Surgeon before admission to this Department. If this officer's report is unsatisfactory, the applicant will not be admitted.

The session begins on the first Monday in November. All students are required to join the College on that day. Any student prevented by sickness from attending on the opening day must produce a certificate to that effect from a Civil or Assistant Surgeon, failing which he will be liable to a fine not exceeding Rs. 10. No student will be admitted or re-admitted to the College after the month of November, except by special orders of the Director of Public Instruction. This permission will only be given under exceptional circumstances.

COURSE OF INSTRUCTION.

The course of instruction in the Higher Agricultural Class will extend over two academic years.

SCHOLARSHIPS.

Senior scholarships awarded in the Engineer Department are tenable in the Agricultural Department.

One graduate scholarship of Rs. 30 a month, tenable for one year, will be awarded on the result of the examination held at the end of the first academic year.

APPOINTMENTS.

Two appointments annually are assigned to students holding a fully-signed diploma: one in the Provincial Executive Service and one in the Subordinate Executive Service. The right of selection for these appointments will rest with Government, and the students who gained the highest marks at the examination for diplomas will not necessarily be selected.

ENTRANCE AND TUITION FEES.

Each student in the Higher Agricultural Department will be required to pay an *admission fee* of Rs. 10.

F.E.'s who elect to join the Agricultural Department immediately after passing the F.E Examination are exempted from the payment of this fee, as their names are already borne on the College books.

For the present no tuition fees will be charged to students in the Agricultural Department, except in the case of those joining as special students under rule 3 (iii). The tuition fees for these students will be Rs. 8 a month.

Further particulars may be obtained free on application to the Principal.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

WEDNESDAY, JUNE 14, 1905.

NOTICES TO MARINERS.

The following Notices are published for general information.

W. A. Inglis,
Secretary, Marine Department.

Calcutta, *the 10th June 1905.*

AUSTRALIA.

Regulations regarding Target practice

No. 189 (first publication).—The British Admiralty has given notice (No. 372 of 1905) that information has been received from the Government of the State of Victoria that The Commonwealth Defence Act, 1903, part 6, contains the following sections:—

71. The officer in charge of any artillery or rifle range may stop all traffic during artillery or rifle practice on any road or waterway crossing the line of fire, or in dangerous proximity thereto.

72 No ships, boats, or persons shall come, or remain within the prescribed distance of any ship, battery, gun, or person engaged in artillery or rifle practice, or shall remain in any position so as to obstruct such practice.

The Defence Authorities have also given Notice that all forts from which practice is carried on will fly a red flag from the masthead of the flagstaff. All ships and boats should be kept at a distance of at least 800 yards to the left and one mile to the right of the line of fire from a distance of 6,000 yards from the battery in accordance with part 6, No. 20, of the above Act.

This Notice affects the following Admiralty Chart.—Australia Directory, vols I, II, and III, chapter I.

AUSTRALIA, SOUTH—Port Adelaide River.

Decreased depths in approach.

No. 190 (first publication).—The British Admiralty has given notice (No. 373 of 1905) that recent soundings show that the depths in the vicinity of the soundings of 4 fathoms shown on the Chart at a distance of 13 cables N. 33° W. from Wonga shoal light-house have decreased by about 6 inches. A note to this effect has been placed on the Charts. Vessels of deep draught should give it a wide berth when near low water.

Approximate position, lat. 34° 49′S., long. 138° 26′ E

(Variation 5° Easterly in 1905.)

This Notice affects the following Admiralty Chart:—Port Adelaide, No. 1752: Also Australia Directory, Vol. I, 1897, page 326.

BRITISH EMPIRE

Caution when approaching British ports

No 194 (first publication).—The British Admiralty has given notice (No 381 of 1905) that The Lords Commissioners of the Admiralty having taken into consideration the fact that circumstances may arise in which it might be necessary on account of periodical exercises, manœuvres, or otherwise, to forbid all entrance to the naval ports at night, this is to give Notice that on approaching the shores of Great Britain, or any British dependency, if search-lights are observed to be in constant operation, the naval harbours should be approached with great caution, as it may be apprehended that obstructions may exist outside the port, or that the entrances may altogether be closed, and the examination service may be in force.

To signify that an entrance is closed, three *red* vertical lights will be exhibited in some conspicuous position in or near the approach to a port, and as far as possible Notice of the act will be given by "look-out" vessels in the offing.

RESOLUTION ON THE TRIENNIAL REPORT ON THE ADMINISTRATION OF THE REGISTRATION DEPARTMENT IN BENGAL FOR THE YEARS 1902, 1903, AND 1904.

No. 442P.—D.

RESOLUTION.

REGISTRATION.

Dated Darjeeling, the 8th June 1905.

The Triennial Report on the Administration of the Registration Department for the years 1902, 1903, and 1904.

The Triennial Report on the Administration of the Registration Department for the years 1899-1900, 1900-1901, and 1901-1902 and the Resolution of Government recorded thereon.

The Statistical Returns for the years 1902 and 1903.

The present report, which reached Government on the prescribed date, has been prepared by Mr. Tarini Kumar Ghose, who was in charge of the Department throughout the triennial period. Since the publication of the last triennial report for the period ending the 31st March 1902, the number of statistical tables to be appended to the Registration Report has been reduced

from 8 to 4 under the orders contained in Home Department Resolution No. 2283—95, dated the 10th June 1903. The orders conveyed in Home Department letter No. 275, dated the 31st January 1905, further revising the forms on account of changes in the law introduced by Act VI of 1904 (an Act further to amend the Transfer of Property Act, 1882) could not be given effect to in the statements appended to the present report. The Inspector-General explains that the provisions of the Act are not yet generally known in the Province, that the Act received the assent of the Governor-General in Council after nearly two and-a-half months of the year had expired, that it has not yet had much effect on registrations, and that the orders were received too late to be given effect to without unduly delaying the report. The Lieutenant-Governor considers the reasons advanced by the Inspector-General sufficient to warrant the preparation of the statements appended to the present report in the old forms.

2. Since the receipt of the report, the sanction of the Secretary of State has been received in Home Department letter No. 1067, dated the 9th May 1905, to a scheme, originally submitted by the Inspector-General and slightly modified by the Government of India, for the complete reorganization of the Registration Department. There is every reason to hope that this scheme, which provides for the payment of salaries instead of commissions to Sub-Registrars and the grant of an increase of pay to their clerks (who will in future be paid entirely by Government), and under which service becomes pensionable, will result in increased efficiency at a moderate increase of cost, well justified by the growing profits of the Department. The other important changes that have taken place during the period under review are that (1) the Registration Report is for the calendar instead of the financial year, and (2) the whole of the registration receipts and expenditure has been made Provincial under the recent Provincial Contract: they were formerly divided between the Imperial and Provincial Governments in equal shares.

3. The progress in the operations of the Registration Department noticed in the last triennial Resolution was steadily maintained during the past triennium. In 1901-1902 442 offices were open for the registration of documents: the number has now risen to 457. Three new buildings were erected during the triennium for the registration offices at Chittagong, Suri, and Mymensingh. The yearly statements of receipts and expenditure have not shown much change from year to year during the triennium; but the total receipts for the period, and also the total expenditure, show a steady advance while the surplus is higher than it has ever been before. The Inspector-General has again omitted to include the receipts and expenses of his own office and that of the Registrar of Companies, Calcutta. It would be convenient for purposes of comparison if those figures were included in future reports.

4. The total number of compulsory and optional registrations affecting immoveable property, moveable property, wills and authorities to adopt, was larger than in any of the preceding triennial periods. Though there have been various local causes, *e.g.*, bad harvests, a good marriage year, the desire of landlords to forestall or discount the results of settlements by procuring the execution of documents binding their raiyats, etc., to account for this increase in some areas, yet it seems that in the main it is to be explained by growing familiarity with the law and the desire to take advantage of its benefits. The increase is most marked in the case of deeds the registration of which is compulsory. This class of documents will in consequence of the provisions of Act VI of 1904 show a still further increase in future years. On the other hand, owing to the provisions of Act V of 1903 (Chota Nagpur Tenancy Act) the number of registrations in Chota Nagpur decreased in a marked degree. The number of searches and applications for copies has steadily increased during the triennium, a fact which further illustrates the growing knowledge on the part of the people of the benefits of registration.

5. The increase noticed in the last triennial Resolution in the number of deeds of sale or exchange affecting property of the value of Rs. 100 and upwards, the registration of which is compulsory, was well maintained during the period under review, the number during the last year of the triennium being 136,947, the highest figure yet reached. The present figures support the interpretation put upon the increase noticed in 1902, that the value of land

having risen has brought into this category a number of petty holdings the value of which in former years would have been under Rs. 100. There is a very marked falling off during the triennium in the number of revenue-paying estates, shares in revenue-paying estates, revenue-free estates, and intermediate tenures transferred by registered deeds; but the purchase-money of these estates and tenures has risen considerably; furnishing further evidence of the rise in the price of landed property. The increase is common to nearly all districts, but is most marked in Calcutta; the rise in Dacca appears to be due to the greater importance of Dacca should Bengal be partitioned. The number of mahajan purchasers of the above classes of estates and tenures has remained fairly constant, showing that the landholders of the Province continue to hold their own.

6. In the Government Resolution of 1902 the large increase in the number of transactions relating to raiyati holdings with rights of occupancy was noticed. The period under review shows a still further increase, the total number of such transactions being 781,926, the highest figure on record, as compared with 658,943 in the preceding triennium. The number of mahajan purchasers has slightly decreased, while that of raiyats has increased considerably. The large increase in the number of raiyat purchasers calls for comment: in 1894-1895 the number of such purchasers was 109,806, in 1901-1902 it rose to 179,418, while at the end of 1904 it was 195,318, the proportion of raiyats to that of other purchasers being 73·79 against 72·89 in the preceding triennium. The fact that the percentage of raiyat purchasers has slightly increased seems to show that the general body of raiyats are at all events holding their own.

7. The increase in mortgages of property whether over or under Rs. 100 continued even before the passing of Act VI of 1904, and shows that mahajans are more and more requiring some tangible security instead of a mere note of hand. The number of perpetual leases registered under section 17, clause (*d*) of the Tenancy Act shows an increase: the figures are 272,519 in 1896—1899, 277,424 in 1899—1902, and 287,197 in the last triennium. The number of such leases is largest in Chittagong, Jessore, the 24 Parganas, Backergunge, Faridpur and Khulna. The fact that the stamp duty on this class of documents has been enhanced has not interfered with their execution.

8. The total number of registrations under sections 12 and 18 of the Tenancy Act and the amount of the landlords' fees realized have not varied much during the triennial period under review. The system of levying landlords' fees under these sections of the Act continues to be unpopular and a change in the system is under contemplation. The remaining operations of the Department do not call for special remark.

9. The Lieutenant-Governor is pleased to see that greater activity has been shown generally in the work of inspection by the officers of the Department. The total number of inspections made during 1904 by the Inspector General and the Inspectors of the Department was 35? against 311 during the last year of the preceding triennium. In addition District Registrars and Sub-Registrars made 967 inspections in 1904. The Inspector-General has overlooked the instructions in paragraph 7 of the last triennial Resolution on the subject, and he is again requested to show in future reports the number of inspections made by each class of inspecting officers and how many of them were second inspections of the same office by the Inspectors. The Lieutenant-Governor attaches much importance to the regular and periodical inspection by the Inspector-General and the Inspectors of as many different offices as possible.

ORDER.—Ordered that a copy of this Resolution be forwarded to the Inspector-General of Registration for information and guidance.

Ordered also that a copy of the Resolution, together with a copy of the Report, be submitted to the Government of India in the Home Department for information.

Ordered also that the Resolution be published in the *Calcutta Gazette*.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard. Newman's No. 80, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed i the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; [dew symbol], dew; t, thunder; <, lightning; p, passing temporary showers; [strong wind symbol], strong wind.
